Mr. L. L. Parry

Mrs. L. L. Parry

PREFACE

About six years ago, or in September, 1912, there came to Pittsburgh, Pa., a man from Mansfield, Ohio, with a great knowledge which he had obtained either through inspiration or study, and with a medicine he had prepared from vegetable compound, which had cured him of blindness, cancer of the liver, and what is called heart trouble.

This man's fame, and the great knowledge he had acquired, reached the great steel center long before he had arrived, many persons having seen wonderful cures he had produced in and around his home city in the State of Ohio, where he had restored to health hundreds who had what were pronounced incurable diseases.

On the invitation of many hard-working men, employed in the great steel mills in Pittsburgh and surrounding towns, Mr. Leonard L. Parry was finally induced to open an office in Pittsburgh to accommodate these men. Mr. Parry opened a small establishment on Penn Avenue, near Eleventh Street, where he began to treat people pronounced incurable and continued from time to time until December 5, 1917, when he was finally put into prison. Mr. Parry had been arrested before this on the same grounds, but always continued to treat the sick, on a suspended sentence, after a short time. Thousands of people prayed and begged for his medicine and appealed to the authorities of Allegheny County and the State to be allowed to continue their treatment, as they could find no other relief.

About the first of May, 1916, when Mr. Parry was forbidden to give his treatment to the thousands seeking it, arrangements by his patients were made and a large mass meeting was held at 1125 Penn Avenue.

The purpose of this meeting was to defend Mr. Parry and appeal for justice for the wonderful good work he had accomplished for the sick and suffering.

This meeting resulted in the organization of the Investigation and Publication Committee for Suffering Humanity to investigate the facts, publish the truth, appeal for justice, and show to the world the great cures, results, and facts obtained by the people who had taken Mr. Parry's treatment.

The laws of the Commonwealth now existing on the statute books in the State of Pennsylvania further prohibit Mr. Parry from treating thousands of people who seek his medicine.

The work of this committee has been independent, self-sustaining, not affiliated with any organization. More than 18,000 cases have been investigated, 7,000 homes visited, 10,000 testimonials and thousands of affidavits secured; thousands of cancers were found to have been removed from people, together with their roots; the blind had been made to see, the lame to walk; glasses had been discarded, as well as crutches and wheel chairs.

Patients range from babies to men and women more than sixty years old, living in many different States and even European countries. Investigations show that Mr. Parry never asked for one penny for his services or treatment at his Penn Avenue establishment in Pittsburgh, and did not discriminate against any man, woman, or child, regardless of birth, creed, color, or religious belief.

The patients included men and women in all classes of life and professions, from the college professor to the laborer—ministers, preachers, priests, lawyers, doctors, business men and women in all walks of life.

Thousands of people cured, their friends and former patients have appealed to this committee to publish its investigations, and after careful consideration it has been decided to do so, that the truth with facts be published to the world, that suffering humanity may read what good work this man has accomplished.

With a firm stand for justice to all and malice toward none this committee prepares this book, which is true, for publication, and can furnish the facts therein stated, and believes the knowledge contained in this book will make more happiness and better men and women of those who read and study its contents.

The following officers were elected: W. F. Craig, Jr., Journalist, Chairman, of 808 Glenn Ave., Wilkinsburg, Pa.; Edward Biber, Engineer, Secretary, 1302 Kelton Avenue, Pittsburgh, Pa.; W. W. Wiegeman, Undertaker, Avella, Pa.; Louis Goaziou, Publisher, Charleroi, Pa.; Rev. C. C. Payne, Cuddy, Pa.; Miss Bettie Sherbon, 300 West 5th St., East Liverpool, Ohio; Rev. K. Geesse, Ryan and Yetta Streets, N. S., Pittsburgh, Pa.; J. F. Baum, Engineer, 43 Grove Ave., Oil City, Pa.; Mrs. J. S. Webber, 228 W. 4th St., East Liverpool, Ohio; J. F. Charlton, Engraver, 106 Solar St., N. S., Pittsburgh, Pa.; J. C. McCreery, Contractor, 5407 Broad St., Pittsburgh, Pa.; and J. W. Ashbaugh, Railroad Conductor, 888 North Grant Ave., Kittanning, Pa.

Pittsburgh, Pa., March 25, 1918.

Mr. L. L. Parry,
213 East Second St.,
Mansfield, O.

Dear Sir:—Thousands of people have asked this committee that its investigations, also your knowledge of the cause of disease, together with a history of your life and work, be published if possible.

If agreeable and convenient to you, we will send three members of this committee to Mansfield, Ohio, to discuss the matter with you.

Believing it will be a great blessing to suffering humanity if the above can be published in book form, we remain

Yours very respectfully for suffering humanity.

W. F. Craig, Jr., Chairman.
Edward Beiber, Secretary.

Mansfield, Ohio, April 10, 1918.

Mr. Edward Biber, Secretary,
The Investigation and Publication Committee for Suffering Humanity,
1302 Kelton Ave.,
Pittsburgh, Pa.

Dear Sir:—Your letter of March 25th received. Please pardon my delay in answering, as I have been resting and working on my farm.

After careful consideration with my family, friends, and advisers, I will be glad to see your committee on April 22d.

If I can help the sick, the suffering, and diseased in any way, I willingly will do so, but my work in Pittsburgh is done.

Please advise if committee will arrive on the above date, so that I can arrange my other business accordingly.

Yours truly,
L. L. Parry.

THE CAUSE OF DISEASE

INTRODUCTION

THE LIFE OF L. L. PARRY

Mr. Leonard L. Parry was born November 7, 1856, in a log house located about two miles southeast of Lucas, Richland County, Ohio, on a farm of 160 acres known as the Chew farm, his parents being Welsh and Holland Dutch. When he was one year old Mr. Parry's parents moved to West Union, Marshall County, Iowa, but they returned about a year later and settled on the Schrack farm, located near Newville, Richland County, Ohio.

When he was five years old his parents returned to Lucas, Ohio, and settled there. Mr. Parry entered the Lucas, Ohio, public school at the age of six, and remained there until he was thirteen years old, being an overgrown boy, strong, rugged, and healthy, and known for his happy disposition and cheerful manner, to all. He attended the Lutheran church.

At the age of thirteen Mr. Parry went to work for the Fort Wayne Railroad, building and repairing fences, and later working on the Lucas section, doing all kinds of jobs, until he reached the age of twenty years.

Mr. Parry married Miss Melvina Jones, of Lucas, Ohio, on October 17th, 1876. Shortly afterward Mr. and Mrs. Parry moved to Great Bend, Kansas, where Mr. Parry took up a Government claim, and lived on this claim for nearly three years. At this time Mrs. Parry's health failed, then Mr. Parry moved to Abeline, Dickinson County, Kansas, where he entered the contracting business, building stone foundations and cellars for numerous kinds of buildings. About 1881 Mr. Parry moved to Kansas City, Mo., and continued following the stone contracting business. In the fall of 1882 Mr. Parry moved to Mansfield, Ohio, and resided on South Diamond Street. In 1884 Mr. Parry built a home at 213 East Second Street and moved into this home on May 1st, where he has resided ever since.

Mr. and Mrs. Parry have two children, Hugh, born in 1879, and Mrs. Ethel Motter, born in 1886, both living in the vicinity of Mansfield, Ohio.

Mr. Parry followed the stone contracting business for two years, or until 1886, and then entered the house raising, moving, and contracting and building business, which he followed until 1907, when he entered the cement business, manufacturing cement blocks, and patented a cement vault, which business was very extensive through several States.

About 1909 Mr. Parry's health began to fail, and his condition became serious. He then sold out almost all of his interests, and entered the coal business in 1912, which business was carried on for several months, when

his eyesight failed; then he discontinued all active work and sold out his coal business.

For over a year Mr. Parry had received a knowledge through inspiration and prepared his vegetable compound. During the fall of 1912 he lost his sight, was broken down in health and in great pain continually from liver trouble. After taking his vegetable compound for two weeks his eyesight became somewhat improved, and after taking the medicine for four months he gained in health and strength and passed through the bowels large pieces of cancer, as well as vomiting large pieces.

After the cancer had left the liver the heart trouble was cured, and it has never bothered him since January 8, 1913. The eyesight gradually improved, and after taking his medicine for two months he discarded his glasses altogether. At the age of 62 Mr. Parry's health is excellent, he weighing 225, with very good eyesight, and being strong and active.

Mr. Parry opened a small office in November, 1912, and started treating people in his home town with his vegetable compound. The results and cures obtained were soon discovered by hundreds of people who had known Mr. Parry for many years. His fame flew like wild fire, spreading all over Richland County and the State of Ohio, soon spreading to Pennsylvania and several other States; and by December, 1917, Mr. Parry had treated and cured thousands of people from many parts of the civilized world.

In the latter part of 1912 Mr. Parry was called to Mount Pleasant, Westmoreland County, Pa., to the home of Mr. Robert Riley, who had suffered with cancer of the abdomen for five years, being given up by twenty-one of the best specialists in Pennsylvania. The day previous to Mr. Parry's arrival at Mr. Riley's home three specialists told Mrs. Riley her husband would not live thirty-six hours. Mr. Parry administered his medicine soon after seeing Mr. Riley; nineteen hours later Mr. Riley had passed enough cancer through his system to fill a gondola hat.

This great and marvelous result and the gradual improvement of Mr. Riley, who in two weeks after taking Mr. Parry's medicine was working in his garden, spread all over Westmoreland and surrounding counties. Soon after this, Mr. Parry was compelled to open up an office of two rooms located at 1141 Penn Avenue, Pittsburgh, Pa., to accommodate the many people seeking his treatment. Mr. Parry also opened an office at East Pittsburgh to accommodate the many hundreds of working men in the Turtle Creek valley, spending one day a week there, and one day a week at Washington, Pa., where he treated 450 people a day.

In January, 1913, Mr. Parry was treating 33 people a day in Pittsburgh. The number increased from time to time until May 15, when he treated 450 people a day. By this time hundreds of people had been cured of cancers, and brought these to Mr. Parry's office with their own signatures written on labels on the bottles containing them. Other wonderful cures were being effected, including numerous kinds of ills and bodily diseases, and many whose eyesight had been bad, and even several blind patients gradually improved and saw slightly.

On May 15, 1913, Mr. Parry was arrested by the authorities of Allegheny County, and was unable to continue treating the many hundreds seeking his medicine for three weeks.

During the early part of June Mr. Parry opened an office at 1117 Penn

MR. PARRY'S ESTABLISHMENT IN ARNHELD BUILDING, PENN AVE. NEAR ELEVENTH STREET, PITTSBURGH, PA., SHOWING A FEW OF THE PATIENTS. MR. PARRY STANDING NEAR THE POLE.

Avenue, in the Arnfeld Building, and he continued treating people there until September, when he moved across Penn Avenue to larger quarters in the old St. James Hotel building, his patients having increased from 450 to 650 a day up to March, 1914; when he moved to 1125 Penn Avenue, where larger quarters were obtained.

The increase gradually grew from March, 1914, to December 5, 1917, when Mr. Parry was treating on an average 1,150 people daily. From the latter part of 1912 to December, 1917, Mr. Parry had treated about 40,000 people, having given to his patients some 900,000 glasses of his vegetable compound, which resulted in thousands of people, men, women, and children, being cured of blindness, epilepsy, cancer, goitre, insanity, tuberculosis of different parts, including bone, Bright's disease, diabetes, deafness, aphasia, asthma, colitis, infantile paralysis, varicose veins, hemorrhoids, eczema, adenoids, enlarged tonsils, catarrh, various stomach, liver, and intestinal troubles, and hundreds of minor troubles of the body, appendicitis, also leprosy, gleet, and all manner of pulmonary diseases, numerous blood diseases, gall stones, rupture, tumors of various kinds, birthmarks, idiotic children born deformed, crippled, white swelling, nervousness, insomnia, cancer worms, various worms that infest the human body, blood clots from the brain, pneumonia, numerous diseases of the eye, ear, nose and throat, curvature of the spine, hunchback, deformed feet and limbs, frost bite, snake poisons, hydrophobia, weakness, numerous kinds of female troubles and diseases. Barren women have born children; all manners of complications of diseases have been cured. All of which have been accomplished without the use of the knife or operations, having saved thousands of dollars to the cities, counties, and States where the many thousands of Mr. Perry's patients resided, that otherwise would have become a burden and cared for by charity.

This wonderful work has been stopped by the State of Pennsylvania simply because Mr. Leonard L. Parry was not licensed to practice medicine in the State of Pennsylvania by the Bureau of Medical Education and Licensure of the Commonwealth of the Keystone State.

Mr. Parry, better known as "Dad Parry, the Healer," is of a cheerful disposition, lovable and sympathetic, generous, honest, and a great student of the Bible, being firm, steadfast, and sincere in the great work of preaching the Gospel of God and healing the sick, which he has done for the last seven years, thousands of men, women, and children have been cured and thousands of people have received benefits in health and others financially from Mr. Parry and are now back in their homes and following their daily occupations in life, that never contributed one cent toward this great work of Mr. Parry's in following the Golden Rule.

Mr. Parry has made a great sacrifice in giving to suffering humanity his advice, knowledge of disease, his vegetable compound, and assistance; he has been humiliated, harassed, abused, suffered and imprisoned, for following the dictates of his conscience to assist mankind.

Mr. L. L. Parry has proved without a doubt his marvelous results by evidence and facts obtained from his patients and sworn to as required by the laws and the various officials and representatives throughout the United States and other countries, when taking an oath to the truth and their conditions. Which indisputable evidence is hereby presented to the people as a whole, by this committee.

THE CAUSE OF DISEASE AS EXPOUNDED BY L. L. PARRY

In the first creation, God created man and woman in the image of himself, they being pure and without disease and with pure blood; then God gave them the vegetation of the earth and fruit-bearing trees for their food, which was for their meat. Thus the human race should be vegetarians.

For thousands of years people lived on this food, and lived according to the laws laid down by God, and they were living happy and lived in Eden. This was the first creation; they were created on the sixth day in the image of God.

Thus it came to pass that the people of the first creation began to multiply, and had fair daughters and sons. Of this people of the first creation, living in that time on the face of the earth, chose these fair daughters as their wives and did multiply. Contrary to the laws of God, some were not content with one woman as a wife and helpmate; thus sin had entered the first human race as man in lust of the flesh did commingle with these women during their period of purification, thus contaminating the blood of both man and woman in the first creation.

And then these men, who were and had been the sons of God, prior to commingling with women of that period of time, because of their purification period, became sons of the earth in sin. Having mixed the blood they both were not then of the same creation; as sons and daughters of God in the first creation.

This fall from Godly men and women of the first creation was the first sin, and the real cause of disease was contaminating the blood.

Genesis 6:3: And the Lord said, "My spirit shall not always strive with man, for that he also is flesh; yet his days shall be an hundred and twenty years."

This great sin much displeased God: "There were giants on the earth in those days and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown."

Genesis 6:5-7: And God saw that the wickedness of man was great in the earth, and that every imagination of the thoughts of his heart was only evil continually. And it repented the Lord that he had made man on the earth, and it grieved him at his heart.

And the Lord said: "I will destroy man that I have created from the face of the earth, both man, and beast, and the creeping thing, and the fowls of the air; for it repenteth me that I have made them."

Thus God's wrath was upon the people. And after this great sin these people of the first creation were no longer in the Garden of Eden; they were earthly subjects and sinful people. They were the fallen Angels.

Therefore, sin being rampant on the face of the earth, God being much displeased, he created Adam, not of the same material of the first creation, which had become diseased and sinful, but from the clay of the earth, and breathed the breath of life into his nostrils, which is the spirit from God, and put the good and pure blood into his (Adam's) veins, which is the soul.

Thus Adam became the first man of the second creation and was made

MR. PARRY AND EMPLOYEES

1. A. L. KLAUS, Bookkeeper; 2. JOHN JOYCE, Doorkeeper; 3. GEORGE HULLINGER, Assistant to Mr. Parry; 4. MRS. MADDISON, Registered Nurse; 5. DR. G. B. KLINE, M.D. Manager; 6. MRS. G. B. KLINE, Assistant Doorkeeper; 7. DAISY BOYD, Nurse; 8. MRS. NOON, Nurse; 9. ANNA RAMSEY, Nurse; 10. L. L. PARRY; 11. MRS. SHEIDY, Nurse; 12. MARY SMITH, Nurse; 13. HAZEL OBRIEN, Nurse.

from the earth without sin. Then God saw it was not well for Adam to be alone, and he created a woman out of Adam's rib, which made Eve, the third creation without sin.

The first creation was in the image of God; the second was made from the earth; Eve, the third creation, was not born, but was made from a rib. Therefore Adam and Eve, being our first earthly parents, were pure and without sin.

Our parents, who were mortals, being made and created from the earth, did not live in the Garden of Eden, as only the sons and daughters of God could live in Eden. God made Adam and created Eve to repeople the earth, thus to prove His creation, as the first creation had fallen from the heavenly condition to that of the earthly condition.

Therefore, Adam and Eve, who are generally supposed to have lived in Eden, did not, as Eden is a heavenly condition, and God, when He made Adam and created Eve, put before them the right and wrong, the good and bad, the garden, which is woman, and the tree of life, because woman brings life into the world.

Eve was beguiled by the devil, who was a man of the first creation, a fallen Angel, through lust of the flesh committed sin, and contaminated Eve's blood, and Eve conceived and brought forth a child of the devil, the serpent, Cain's father, who was one of the sons of the first creation.

Eve being beguiled by the devil during her purification, when conception took place, then she had the knowledge of the Gods, which was the devil's promise. Eve, to hide her guilt, went to Adam, and did offer him the fruit from the tree, and he too did eat during her purification.

The birth of our parents' first child, Cain, was not of the Lord, but of the devil. This was to take place, to prove God's creation. God did not tell our parents to replenish the earth, but He did tell the sons and daughters of God of the first creation to create and multiply.

This, therefore, was and is the cause of disease. It continued so from the time of the fall of Eve, and up to the time of Noah, when sin became so great that God cleaned all the wickedness from the earth by the flood; the eight souls that were left were the purest blooded people of that time; they peopled the earth again with a better class of people, and that continued until the time of Christ.

But at the time of Christ the people of the different nations were of such a mixture, and the blood was so bad, that they, instead of listening to the truth that Christ told them, crucified him because he was the only pure blooded person living, and the only one who understood the true laws of God.

After the crucifixion of Christ the holy wars broke out and lasted thirty years. At that time two-thirds of the people of the earth were exterminated, the best-blooded people were left.

Then the mixture of nations caused the increase in the bad blood in the people which put them in the same condition as they were at the time of Christ.

War in Europe is now raging, and famine is over the whole earth, thus pestilence exists in the land, and it is hard to find many persons with natural red cheeks, with health and pure minds in the whole earth to-day.

CONSIDERING THE POPULATION AT WAR

Many of our young people of to-day are the color of wax; our middle-aged people have dark rings around their eyes; our old people are the color of clay. Their blood has turned to water, their bodies are diseased, and so are their minds.

The bad blood that settles in the body, that makes disease, also settles on the mind in the same degree that it is in the body.

Never in the history of the world were there as many glasses worn by the people as there are to-day. Never were there as many blind people, and so many children born blind, and so many children born deformed as there are at the present time.

The cause of disease is this: The mother gives the child its body; that body is in the same health when it comes into the world as that of its mother's. A mother having any disease at the birth of her offspring, the child will also be diseased to a certain extent. The body of the child is built with blood. The mother cannot give her child better blood than she has herself.

WHERE DISEASE STARTS IN THE BODY

The Liver.—The liver is the filter of the human system. The blood that is taken from the food as eaten is thrown into the heart, which distributes this blood through the body, through its pumping condition; then it passes through the liver, which filters the blood. The corruption is thrown through the proper ducts and carried to the gall bladder; from the gall bladder there are four gall ducts, two passing down the back by the kidneys, emptying into the bladder, one going to the intestine that goes out from the stomach, the other passing direct into the stomach; the duct that passes into the intestines at the outlet of the stomach is the one that God intended to be used. At the fall of Eve God put the curse upon the world, and closed up the duct that runs into the intestines, which duct lies on the right side of the human system, just back of the lung on the right side, which from the time of Eve to to-day has mystified the human race as to why this duct, or pipe as it is generally called, has been closed in the human system.

The gall duct that runs direct into the stomach throws the gall, or the bitterness that has been separated from the blood, into the stomach. When this is in the stomach the gastric juices will not flow to digest the food. It is very strong, so strong that it will take the hide from one's hand. When the gastric juice does not flow, the food that is taken will sour, which causes sickness of the stomach, and a dizziness in the brain, from the fact that the nerve from the stomach reaches the brain. The effect is vomiting sour and bitter gall from the stomach; the gall is so strong that it burns the stomach and causes millions of stomach cancers.

The impurities of the blood thrown from the liver, or the human screen, are thrown into the gall bladder, thus forming what is better known as gall stones, a greenish substance that is the consistency of putty. At times these gall stones will pass from the gall bladder, and down into the gall duct that runs into the bladder, causing great pain as they pass

through the gall duct, which is only about the size of a goose quill; some of these which pass through this gall duct are as large as a good-sized bean.

This causes what is commonly known as pleurisy, on the left side, but if passing down on the right side it is generally called appendicitis.

If these stones lodge in these gall ducts, it gives the patient a great deal of pain, until the flesh becomes used to it; then there is no more pain, until another gall stone, passing through the duct, lodges against the one that has already lodged there.

It is known that these gall stones will lodge in the ducts, until they become like one solid mass, four inches long, three-fourths of an inch thick, and over an inch wide.

When this happens a patient has no power in that side, the side becoming very weak and losing the proper use of the limb on that side, and causes a great deal of nervousness. This is the cause of appendicitis.

WHAT ARE FUNCTIONS OF THE APPENDIX

The appendix is on the end of the colon bowel, which is a complicated bowel, that needs lubricating to perform its work. The appendix is filled with a yellowish substance, which is oil that has been distilled in the body.

At times the oil is thrown from the appendix into the bowel, to give its proper lubricating so that it can perform its function. If there is no oil in the appendix, the bowels will not work properly, and it requires a physic to flush the bowels.

A person who has had the appendix removed by operation will have to take from one to three cathartics a day to keep the body in a natural condition.

The average life of a person who has had the appendix removed is ten years. God at the creation never intended that any person should have his appendix removed. The appendix is the lubricator to the bowels. It is as essential to the human body as any other particular organ to one's anatomy.

WHAT IS THE CAUSE OF CONSUMPTION, KNOWN AS THE WHITE PLAGUE?

This great ravaging disease, which is nothing more than tuberculosis of the lungs, is caused by an enlarged liver. If the liver cannot throw off the impurities from the blood, the waste matter remains in the liver and causes the liver to enlarge and get hard. And it presses against the lungs, which are very soft and fluffy, causing the lungs to become irritated, which produces a cough; as the cough becomes stronger, the lungs become sore, and in time this causes considerable soreness and corruption.

The longer this stands, the cough becomes more severe, and more soreness is the result, producing in time a poisonous matter, which eats through the tubes of the lungs, after which there is absolutely no remedy or help to one suffering from such a disease. This prevents the air from passing in a natural way to the bottom of the lung, as all corruption from the lungs must be thrown out of them by air power. Science and investigation prove that after the death of one who suffered from consumption or tuberculosis the liver will have enlarged to such an extent that it takes

the place of both the liver and the lungs. Thus the liver will be of a yellowish color and hard, which in a healthy condition is brown and soft.

WHAT CAUSES PNEUMONIA

Pneumonia is caused by a weak condition of the blood, and it settles in the lungs, and is usually brought on or contracted by exposure or catching cold in the change of the weather. This great disease, which has caused death to millions, can be cured if taken in time, by using proper methods.

WHAT CAUSES CANCERS

Isaiah 10:23; Isaiah 28:22: *Consumption*—The act of consuming by use, waste, dissipation, and so forth, decay, destruction—or better known as Cancer. There are fifty-two different kinds of cancers that exist in the human body. This condition exists in all humans bodies, in their blood. A bruise, injury, or weakness in one's body is liable to cause cancer in that part of the human system, as the bad blood settles at that particular point, and must be cleansed from one's system to regain the former health.

In time, as this condition continues, the roots reach for more bad blood, and will spread throughout the entire system, the roots perforating the bowels, which causes death. As these roots eat through the vital organ, no remedy is known or can be found that will retain life thereafter.

It is absolutely impossible to remove cancer roots from human bodies by an operation or by the use of a knife. Cancers taken in their early stages, before the roots have penetrated the vital organs, can be cured both root and branch, without the use of a knife, going to a hospital or undergoing an operation; cancers can be permanently cured and will never return, if the proper methods provided by Almighty God are used in their proper manner.

LIVER CANCER CAUSES THE FOLLOWING THIRTEEN RAVISHING DISEASES

1. Tuberculosis. 2. Cancer of the bowels. 3. Bright's disease. 4. Stomach troubles. 5. Inflammation of the bowels. 6. Eczema. 7. Varicose veins. 8. Sugar diabetes. 9. Goitre. 10. Heart trouble. 11. Numerous bowel troubles. 12. Numerous skin diseases. 13. All tumors.

SYMPTOMS OF LIVER CANCER

At times persons become feverish and the face very much flushed. These become subject to quick chills, and at times are very sick, little knowing the cause of their sickness; they are very irritable, at times very weak, the back is very sore, the person having but very little ambition; at times a mucous matter will pass through the bowels, being of a yellowish color, at other times being a dark brown, after which the person will become more active and have more ambition, and feel much better for a short time.

CATARRH, AND WHAT CAUSES IT

Catarrh is caused by impure blood settling on the brain above the right or left eye, which is nothing more than cancer.

THE FOLLOWING DISEASES ARE CAUSED BY CATARRH

1. Blindness. 2. Insanity. 3. Paralysis. 4. Spinal meningitis. 5. Adenoids of the nose. 6. Enlarged tonsils. 7. Throat troubles. 8. Bronchitis. 9. Deafness. 10. Nervousness. 11. Sleeplessness. 12. Epilepsy. 13. Idiocy. 14. Curvature of the spine. 15. Diphtheria. 16. Scarlet fever. 17. Hunchback. 18. Deformity. 19. Stomach trouble. 20. Bowel trouble. 21. Piles. 22. Drunkenness. 23. Immorality. 24. Dishonesty. 25. Murder. 26. Weak eyes. 27. Baldness.

WHAT THE BRAIN IS

The brain is the controlling element of the entire body, consisting of about 3,000,000 brain cells; each cell controls certain things in the human body. If the roots from catarrh press a brain cell it affects that brain cell, and causes the person to become insane on the subject which that brain cell controls. For instance, when a certain brain cell controlling a part of a person's body is affected by pressure of the roots from catarrh, the part of the body that is controlled by that certain brain cell will become paralyzed.

SHOULD SICK PEOPLE BE PUT UPON A FOOD DIET?

Genesis 1:29: Absolutely NO. The sick need food to give them strength. They should be given the kind of food they desire, so that the blood which builds the body may receive the nourishment required to build that certain part of the body which demands it, as the blood creates the desire for the certain thing that is lacking and which is essential to keep up the body.

WHAT FOOD THE HUMAN SYSTEM REQUIRES

The brain requires certain foods, nuts, and oils to perform its functions. The lungs require gelatine matter, such as the jelly in pigs' feet, oysters, or other gelatine matter. The liver requires bitter, such as lettuce, dandelion, or anything of a vegetable growth that contains bitterness. The flesh calls for sweets, such as sugars, molasses, candies, syrups, etc. The stomach calls for sour, such as pickles, fruits, berries, oranges, apples, and plums.

WHAT SHALL TAKE PLACE IN THE LAST DAYS

Isaiah 29:18; Isaiah, 32:4; Isaiah, 35:5, 6; Joel 3:21; Daniel 11:35; Daniel 12:4; Daniel 12:10; Peter 2:21, 22, 23; Peter 4:1.

Are the people living in the days of sin, disease, and prophecies being fulfilled? Do you believe we are? Esdras 12:13.

Six hundred and twenty-three years before the birth of Christ, or two thousand five hundred and forty-one years ago, Esdras through vision and inspiration prophesied and wrote: A great kingdom will rise with mighty power, and feared by all nations of the earth.

Do we realize we are living in a land of sin and disease, whereby, through knowledge and inspiration, these very words of Esdras have been proved to the people, that the sick and suffering may find relief and follow the footsteps of the Nazarene? Esdras 12:14.

Does mankind stop to realize that the whole world to-day is in a preparatory state for the second coming of Christ? Wars, pestilence, and famine exist in these days in all lands. Esdras 13:31, 32, 33, 34, 35, 36, 37, 38.

At the time of the first coming of Christ the world was simply a hothouse of sin; the sin was not purged from the earth until after the crucifixion of Christ, during the holy wars, which lasted thirty years.

At the second coming of Christ the sin will be purged from the earth before He comes; when He comes He will find His chosen people with pure blood and without sin.

Does mankind in general, with reasoning powers realize, according to prophecies, sacred literature, history, nature, and natural conditions, that the world in these great times is facing these truths? Nahum 2: 2, 3, 4.

Does the contamination of blood, or blood clot on the brain, make men think and believe that they are greater than God, that they are fit and powerful enough to rule the whole world, and ignore the teachings of Christ to love thy neighbor as thyself?

IMMORALITY IS THE GREATEST SIN OF ALL

The first and greatest sin in the world was the fall of Eve. It was the first planting of the first seed of sin, being the root of all evil. From the fact that her blood was contaminated by the blood of the devil, the tree grew slowly at first, and the small branches were the small sins, and the tree has spread until it covers the whole earth.

It is the cause of murder, licentiousness, theft, lying, false swearing, deceit, and the filling of our public institutions, hospitals and sanitariums, with insane, blind, epileptics, murderers, liars, thieves, thugs, drunkards and deformed people.

HOW TO LIVE CLEAN LIVES, BE HAPPY AND CONTENTED

The greatest wisdom ever given to mankind to live by, and die by, was in rules that have never been equaled or written by any other man or set of men. They were written by Moses the prophet on Mount Sinai, three thousand four hundred and eight years ago, being the greatest wisdom and knowledge ever given to mortal man. Exodus 20:3-18.

CAN THE UNHEALTHY LIVE CLEAN LIVES?

St. Luke 9:2. Jesus so instructed His disciples that God is no respecter of persons. Our Creator loves all souls following the footsteps and teachings of Christ.

WHO HAS THE RIGHT TO HEAL THE SICK?

Scriptural references.—And the leaves of the trees shall heal the nations. Is this the gift of God to one class of people, or is it for the general use of all the people? Even animals, who are not as intelligent as the human race, have a knowledge when sick that certain vegetation will cure them, and they seek and find it. While mortal beings seem to ignore the wisdom and knowledge of Almighty God as set before them, in sacred literature and natural conditions throughout the world.

Isaiah told Hezekiah seven hundred and thirteen years before the birth of Christ to lay a lump of figs as a plaster on the boil and he should recover. Isaiah 38:21.

If this were true then, why not to-day? Timothy, who was sick, sought the advice of Paul, who advised him to take a little wine for his stomach's sake. Is this not also true to-day? Even the good Samaritan poured wine and oil in the wounds of a traveler to Jericho who had been waylaid, robbed and left for dead; the traveler regained his health. Why is oil poured on a burn to soothe pain?

Daniel 11:35: And some of them of understanding shall fall, to try them, and to purge, and to make them white, even to the time of the end; because it is yet for a time appointed.

Is this not gospel truth to-day? Many people through lack of good blood and not receiving the proper seeds and herbs and vegetations to cleanse their blood, are filling untimely graves.

WHAT HAS CAUSED THE BLIND TO SEE AND UNCLEAN TO BE MADE WHOLE?

For seven years people have received treatment or a medicine made as a vegetable compound, containing thirteen different ingredients, as the Bible speaks of, that grow abundantly all over the earth. People should read and inquire from persons whose names are mentioned in this publication. God's wisdom for health and cleanliness is supreme. More people die from what is known as the thirteen ravishing diseases than any other, which start in the liver. Yet God's word tells us how to be healthy and names these thirteen vegetations abundantly.

2 Timothy 3:1: This know also, that in the last days perilous times shall come. Are we not in perilous times? is not the human race in more disease than was ever known in history?

Does any man do wrong by healing the sick?

Matthew 4:23; 6:3, 5, 11, 14, 15, 16.

Matthew 8:28 and 32.

Matthew 9:2, 20, 21, 22 to 35.

Matthew 10:1 to 8; 11th chapter, 10th to 15th verse, 22d verse.

Matthew 15:30, 31; 18th chapter, 15, 16, 17, 18; 19th chapter, 2d verse.

Mark, 2d chapter, 3, 4, 5 and 11. Mark, 3d chapter, 1 to 15.

Mark, entire 5th chapter.

Mark, 6th chapter, 5th and 7th verses. Chapter 8th, entire chapter.

Mark, 9th chapter, 17th verse to end.

Mark, 10th chapter, 4th verse to end of chapter.

Luke, 4th chapter, 18th verse to end of chapter.

Luke, 5th chapter, 12th verse to end of chapter.
Luke, 6th chapter, 17th, -8th and 19th verses.
Luke, 7th chapter, 10th to 23rd verses.
Luke, 8th, whole chapter.
Luke, entire ninth chapter.
Luke, 10th chapter, 9th verse.
Luke, 11th chapter, 14th verse.
Luke, 14th chapter, 2d and 4th verses.
Luke, 16th chapter, 11th to 20th verse.
John, 5th chapter, 3d to 8th verse.
John, 9th chapter, 1st to 8th verses.
John, 11th chapter, 1st to 46th verses.
Acts, 3d chapter, 3d to 10th verse.
Acts, 4th chapter, 14th verse.
Acts, 9th chapter, 18th verse.
Isaiah, 17th chapter, 7th verse.
Isaiah, 38th chapter, 21st verse.
Isaiah, 61st, whole chapter.
Timothy, 2d chapter, 26th verse.
Isaiah, 25th chapter, 5th and 6th verses.
Isaiah, 32d chapter, 3d verse.
Isaiah, 29th chapter, 18th verse.
Isaiah, 35th chapter, 5th, 6th, and 7th verses.
Revelation, 22nd chapter, 2d verse.

First Timothy, 6th chapter and 20th verse:—Oh Timothy, keep that which is committed to thy trust, avoid profane and vain babblings and oppositions of science, falsely so called.

By his works shall ye know him.

These great truths as furnished by mortal beings, many of whom have been restored to health and happiness by Mr. L. L. Parry, through his treatment for their ills, is hereby published and submitted to the people of the world, as gathered by the Investigation and Publication Committee for Suffering Humanity.

IS PARRY'S MEDICINE PURE?

The United States Government, through the Department of Agriculture, by Secretary Houston, on June 21, 1913, issued a certificate to Mr. L. L. Parry, residing at 213 East Second Street, Mansfield, Ohio, that his vegetable compound complied with the pure food law of the Federal Government, and the compound received a serial number 51780, and was registered and entered as such on the books of that department.

Mr. Parry, in an interview for publication by a committee, was asked the following questions:

Mr. Parry, doctors claim that cancer is incurable. What is your opinion?

A.—My opinion is that all cancers can be cured if taken in time.

Q.—About how many cancers have you removed from people's bodies with your treatment?

A.—More than twelve thousand.

Q.—What kind of cancers have you cured?

A.—We have cured all kinds of cancers that people were afflicted with as they came to us.

Q.—Can inward cancers of the body be cured?

A.—Yes, if taken in time and treated properly.

Q.—Why do people suffer so terribly with cancer?

A.—Cancer grows like a tree. The roots reach through the body, to get the bad blood; that is what a cancer is composed of. Each root has to make its way through the flesh, and as each individual root forces its way through the flesh, it causes soreness in the flesh which is very painful to the patient.

Q.—Are there many different kinds of cancers?

A.—There are fifty-two different kinds of cancers that grow in the human body.

Q.—Does cancer develop fast?

A.—In some cases they develop very fast.

Q.—Have you ever known a cancer to exist and remain dormant?

A.—I have known cancers to exist in a lump form, and not develop into an eating or active sore cancer for thirty years.

Q.—Does cancer exist in children to any extent?

A.—Yes, I have treated hundreds of children that had cancer, from the age of seven weeks and upward.

Q.—What do you think is the cause of cancer in babies and children?

A.—The child inherits the blood from its mother.

Q.—Why does cancer develop on the external parts of the human body?

A.—It comes from the bruise of the flesh; the bruise puts the flesh in such a condition that the bad blood can settle at that particular spot.

Q.—Is there any certain food which is eaten, that would cause cancer?

A.—Most decidedly No.

Q.—Is cancer a germ disease?

A.—Absolutely No.

Q.—Is there any danger of infection by one nursing a cancer patient?

A.—There is no danger. As cancer develops from the blood from the patient's own body.

Q.—Can cancer be cured by an operation?

A.—Can a watch be fixed by taking out a wheel?

Q.—Can the blind be restored to sight?

A.—Yes, in certain cases. Where no operation has been performed.

Q.—Persons losing their sight, naturally, can they be cured?

A.—In nearly every case.

Q.—Can rheumatism be cured?

A.—Yes, but much sooner in the young.

Q.—Can the insane be cured, and restored to their reason?

A.—Without any shadow of a doubt.

Q.—Is paralysis curable?

A.—Yes.

Q.—Is there any difference between infantile paralysis and paralysis in an adult?

A.—They are all the same.
Q.—Can children born deformed be treated to grow normal?
A.—Yes, in a majority of cases.

HAS MR. PARRY DONE ANYTHING WRONG IN THE EYES OF GOD?

Are the above questions by the Committee, and Mr. Parry's answers to them substantiated by absolute facts, from people treated by Mr. Parry? After carefully reading the affidavits, the question is left to the reader to form his own judgment, after writing to the patients cured or assisted when they could find no other relief than through the Parry treatment.

Copy Parole Issued to L. L. Parry By Commonwealth of Pennsylvania.
Copy. Clerk of courts No. 73.

IN THE COURT OF QUARTER SESSIONS, ALLEGHENY COUNTY, PENNSYLVANIA

COMMONWEALTH	823	September	Sessions	1916
vs.	824	"	"	1916
L. L. Parry.	No. 324	"	"	1913

Charge MISDEMEANOR

ORDER OF PAROLE

And now, this 16th day of March, A. D. 1918, the above matter came on to be heard, and it appearing to the Court that on the 5th day of December, 1917, the defendant was committed to the Allegheny County Jail ..... to undergo an imprisonment of Six Months that since his commitment he has observed all the rules and regulations of said institution and had endeavored to make amends for his wrong-doing, the Court, being satisfied that he will be benefited by receiving his liberty, hereby releases him on parole for the unexpired portion of his sentence, and places him in charge of Lawrence M. Fagan, Probation Officer, subject to the following terms and conditions:

First: That he will immediately seek and obtain reputable employment; that he will not depart from the territorial limits of the jurisdiction of this Court without leave of the said Probation Officer. And that he will pay the costs of prosecution in each case and pay a fine of $500 to the Commonwealth.

Second: That he will abstain from the use of intoxicating liquors during the period of his parole; that he will keep good company and indulge in no bad habits.

Third: That he will report to the said Probation Officer at least once each month, advising him fully as to his whereabouts, employment and manner of living.

Fourth: That he will obey such other orders during the period of his parole as the said Probation Officer may deem meet for his proper care and government in order to carry out the purpose of this parole. That he will not practice Medicine or Surgery or engage in the sale of Medicines nor will he be interested in the practice of medicine or in the sale of Medicine, either as a principal or as a partner or a stockholder or otherwise howsoever.

If, at the expiration of his parole, the Court, after investigation and having a report of his conduct from the said Probation Officer, shall find that he has complied with all the terms and conditions of his parole he will be entitled to an honorable discharge and allowed to go free in this case made against him. If, however, the terms and conditions of this parole be violated the Court may recommit said defendant to the Allegheny County Jail, on cause shown by the Probation Officer that he has violated his parole.

"Court Seal." By the Court "M."

From the record, defendant having represented and based his prayer for Parole that he will leave the State of Pennsylvania and reside in Ohio, permission given defendant to go and reside in the State of Ohio. From the record.

Wm. R. Bailey, Clerk of Courts.

To be filled in by the Probation Officer.

MAN'S BENEFACTOR GOES BACK HOME

Matthew 9:7: "And he arose, and departed to his house."

Matthew 9:8: "But when the multitudes saw it, they marveled, and Glorified God, which had given such power unto men."

People will say: "Surely Mr. Parry cannot be classed as was the Nazarene." No, no, indeed. The last two words speak for themselves: "Unto men."

Almighty God rules the heaven and earth. If God in His infinite wisdom and mercy gave Christ and other men power on earth or knowledge whereby they were to preach His gospel and heal the sick thousands of years ago, what is to prevent Him from inspiring men of the present time to do likewise?

Great men, mighty and wise, live on the earth to-day, just the same as did men of learning in Greece and Persia centuries ago. God is no respecter of persons; He loves all souls and mortal beings who live according to the laws of God, and do His will.

If Mr. Parry has not been inspired from unseen sources to heal the sick and restore the blind, where does he get this great knowledge, which is indisputable? The same results have not been produced by any men or set of men, society or organization, during many generations.

Edison is a great inventor; Morse was laughed at when he invented the telegraph; Ford was looked upon as a foolish boy years ago. To-day these and thousands of other men, through inspiration or knowledge acquired from some source, are a great blessing to mankind.

Take, for instance, the great "Jenney coupler" used on all railroads to-day; what a great inspiration and benefit came to the man who invented and patented the iron hook that made this possible, and saved thousands of lives, arms and hands from being crushed, and brought cheer into many homes.

God inspires men in some manner to invent and make articles for the betterment of mankind when certain articles are needed for the progress, happiness, and convenience of the human race on this earth. The cities were becoming overcrowded with people; man invented the electric car that human beings could live in the suburbs and have quick transportation to and from the congested centers and live in sunshine and pure air; it relieved the great burden from the horse.

The automobile was invented and has been a great blessing to humanity, as the railroads and electric lines could not furnish the necessary transportation to the thousands who travel far and near and live in remote places where no railroad or electric transportation is available.

Civilization has outgrown the old methods. The people to-day are better educated than their ancestors have been for thousands of years, and no man can advance in education, science, or art without God's help in some manner.

Tennyson, the great poet, wrote: "The man who can make a better article than his neighbor, write a better book, do something better than another, although he live in a forest the people will beat a path to his door." How about Mr. Parry with over 40,000 people seeking him, and singling him out as a doctor to cure them among hundreds of thousands

of men of education, learning, and letters who have failed to restore these people to health?

Can a man lead the life of a Christian, and be a free citizen of this great country of liberty and freedom, the United States, wherein he was born and raised and looked upon as a blessing to suffering humanity, a good citizen, a home builder, a father, a husband, a true son and a successful business man, who has worked day and night for seven years to cure the sick and suffering, as he saw his duty toward his brother?

During this time Mr. Parry has spent $47,000 in costs, fees, and other charges to courts and lawyers simply to prove what he has done—cure the sick in the State of Pennsylvania. Yet the Constitution of the United States plainly reads in Amendments to the Constitution Article one, as follows: "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech; or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances."

SUFFERING HUMANITY APPEALS FOR JUSTICE AND RELIEF

On May 8, 1916, several hundred of Mr. Parry's patients who were positive a great injustice was being done, not only to them, but to Mr. Parry as well, as this man was curing them of ills of their bodies as no other man could do to give them relief, appointed a committee consisting of Mr. William Kroegher, aged 82, a highly respected citizen of Pittsburgh, a great inventor and a man known all over the United States for his wonderful inventions, together with Rev. W. C. Stockton of Pittsburgh, and W. F. Craig, Jr., all residents, property owners, and citizens of Pittsburgh and Allegheny County, taxpayers selected to secure a permit from the city of Pittsburgh. They called upon Mr. Hubbard, Director of Public Safety, and after explaining their mission to hold a mass meeting as hundreds of citizens duly and lawfully had a great grievance and desired peacefully to assemble and petition the government for a redress of grievances. They were promised the permit, and these men signed an application for it, and were told to return three hours later, when the permit would be granted by the Department of Public Safety.

Upon returning these men were unable either to secure the permit or even to find out any reason why it was not granted after going to several departments.

On the advice of two prominent jurists of the city these men were instructed to hold the meeting anyway, which was done, when the authorities realized that thousands of people were not to be set aside by influence or politicians when on a peaceful mission, police protection was furnished, and 1,000 men and women with uplifted hands before God, as their judge, did affirm Mr. Parry had cured many of them and benefited hundreds who were unable to find any other relief.

Great indignation was aroused, as hundreds of men and women who had furnished Mr. Parry with personal gifts, as an appreciation of his kindness and help to them, and thousands of diseases of numerous kinds which had been removed from their bodies were set up as evidence of the wonderful results of his medicine, placed in sanitary bottles and labeled,

were removed without a warrant by officers from Mr. Parry's establishment in their presence.

Article IV of the Constitution of the United States as amended reads: "The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized."

Should the people suffer, when humanity in distress asks for justice when a law unjustly works to their detriment?

THE SICK AND SUFFERING IGNORED

A law on the statute book of Pennsylvania, approved by Governor Tener on July 25, 1913, as number 743, authorizes the Commonwealth of Pennsylvania, through the Bureau of Medical Education and Licensure, to grant a special license to a person with a special knowledge of medicine, whereby it can be proved it would be a blessing to humanity. All requirements of this law were complied with and a request was presented in writing to the Bureau of Medical Education and Licensure by a committee of three men on May 24, 1916, consisting of Mr. W. W. Weigemann, an undertaker of Avella, Washington County; Mr. Edward Beiber, an engineer of Pittsburgh; and Mr. W. F. Craig, Jr., a journalist of Wilkinsburg, Allegheny County, who, representing thousands of men, women, and children, citizens of Pennsylvania, were sent to Harrisburg with a petition signed by 1,800 people, and an abundance of facts, that Mr. Parry was their benefactor, and asked for a hearing for Mr. Parry to secure a special license that he might continue treating these citizens of Pennsylvania. This application was presented to the department. However, all the pleadings of these citizens of Pennsylvania were ignored. Thus the people have to suffer on account of a law, classed by some of the best lawyers and judges in Allegheny County as unreasonable, unjust, and some of the wording as ridiculous.

For instance, if a mother in this State gives her child Brown's mixture for a cold, she is breaking the law, and is subject to a fine and imprisonment.

The committee was granted a hearing of one hour and fifteen minutes by Mr. James C. Deininger, executive clerk of the Governor, who informed the committee he represented the Governor and would submit the application for a special license, with the petition and facts, to the Hon. Martin G. Brumbaugh just as soon as the Governor returned, he being then absent from Harrisburg, and would have the matter thoroughly looked into, investigated, and advise the committee within a short time. The committee officially never heard from the department, the Governor, or Mr. Deininger. Thus the people had to suffer, because Mr. Parry was not a licensed doctor, and did not have a diploma, although he was curing the people and was a blessing to suffering humanity.

Following is a copy of the letter presented to the Bureau of Medical Education and Licensure at Harrisburg by the committee.

"Copy." Pittsburgh, Pa., May 24, 1916.

To the Pennsylvania :
BUREAU OF MEDICAL EDUCATION : Harrisburg.
AND LICENSURE, :

Gentlemen:—

We hereby make application, and ask for a SPECIAL LICENSE for Mr. Leonard L. Parry, a resident of Ohio, age 59, residing at 213 East Second St., Mansfield, Ohio, to give his medicine, as is registered with a serial number 51780, which was issued June 21st, 1913, by the United States Government, under the Department of Agriculture, the same being signed by Secretary D. F. Houston, to the people asking for this medicine at 1125 Penn Ave., Pittsburgh, Pa., where Mr. Leonard L. Parry has administered to suffering humanity for nearly four years.

We firmly believe, and have been advised that the Bureau, according to Law 743, approved by Governor Tener July 25th, 1913, has the authority to grant a special license, in a special case such as this, whereby it is proven by facts and evidence, to a person qualified, worthy, and deserving, further, who has been, and is, relieving suffering humanity.

In seeking for this special license, we assert all medicine given to the people asking for it, is handed to them in a glass, from the hands of Mr. Leonard L. Parry personally.

This medicine, for which we ask a special license, for Mr. Leonard L. Parry to administer to the sick, contains roots, herbs, nuts, seeds, and oils all of which are pure and non-poisonous, is for the purification of the blood, and is given gratis, no fee whatsoever is charged.

Evidence and facts herewith submitted prove thousands of people all over this commonwealth have been absolutely cured, others greatly benefited in health, while many to-day who have taken this medicine for some time, and their systems now making vast changes, will die if not permitted to continue receiving this medicine until they are cured.

We further desire to say, in reference to asking for this special Medical license for Mr. Leonard L. Parry, to give his medicine to the people asking for it, that Mr. Parry is saving this State, Allegheny County, and the city of Pittsburgh many thousands of dollars every year, as many of the people receiving this medicine would otherwise become objects of charity.

Yours for suffering Humanity,

W. F. Craig, Jr., 902 Ramsey Ave., Wilkinsburg, Pa.
Edward Beiber, 1302 Kelton Ave., Pittsburgh, Pa.
W. W. Wiegemann, Avella, Pa.
Committee.

Note: Evidence consisted of 63 sheets, signatures 1,800 names, 56 affidavits, numerous pictures and 5,000 letters of testimonial. "Latter not accepted," as only sworn testimony be considered, was informed by Mr. Deininger, Chief Clerk to Governor M. G. Brumbaugh.

WHAT IS THE MEANING OF THE WORD "DOCTOR"?

In Webster's dictionary one will find these words:

"A teacher, one skilled in a profession, or branch of knowledge, a learned man. By medicine, life may be prolonged, yet death will seize the doctor too."

Is Mr. Parry a teacher of God's Gospel?

Has he proved he is skilled in the profession of medicine?

"Or branch of knowledge." "His vegetable compound." "By curing Cancer, and restoring the blind." Is he a learned man?

Is Mr. Parry a lawbreaker in the sight of God? Mr. Parry holds a certificate to manufacture a pure medicine by the United States Government, which is a blessing to suffering humanity, and this committee stands ready to prove it. Why then does not selfish interest stand aside?

L. L. PARRY'S PHILANTHROPIC PURPOSE

Three years ago, in August, 1916, Mr. and Mrs. Parry bought a farm consisting of 250 acres of fine farm land, located seven miles east of Mansfield, Ohio, on the Southwestern Electric Railway Co. line, running from Mansfield to Cleveland, known as the old Mathews farm, upon which Mr. and Mrs. Parry made many improvements, erecting two modern houses on the land, with a firm purpose and intention of establishing a home for industrial and worthy women of Pennsylvania and Ohio who would be given a home, until they became well and strong.

Several large buildings consisting of barns, poultry houses, workshops, pig pens, and other modern buildings were built, ample room and quarters were provided for at least fifty women, fruit trees were planted, over 70 acres of land cleared, modern machinery installed, and quarters were erected, large dining and sewing rooms, porches, and rest rooms set aside. Miles of modern fence was erected, wells were dug and piped to furnish running pure water and all modern conveniences were arranged for the comfort of the women.

Mr. Parry being forbidden by the laws of Pennsylvania to continue treating women of Pennsylvania and having spent nearly 50,000 to prove his knowledge and philanthropic purpose, has for a time upset plans for this industrial home for women.

To-day the above mentioned ground is being used to raise fruit, vegetables, grain, poultry, and food for our country.

The beautiful lawns as laid out and fields are covered with timothy hay and other farm crops. Mr. Parry's son has charge of the farm and the other buildings are being used by the different farm hands.

What a shame such good intentions have all been upset, and these worthy women unable to make their way in this world, when through generosity this man's great offer was not thoroughly investigated and accepted. Therefore humanity suffers to-day, all because Mr. Parry was following the Golden Rule, and healing the sick.

AN OPEN LETTER TO SUFFERING HUMANITY

The Investigation and Publication Committee for Suffering Humanity, which was organized on May 8, 1916, at a mass meeting held in Pittsburgh, to investigate and publish the truth regarding Mr. Leonard L. Parry's work among the sick and suffering, has completed its investigations, and hereby submits its findings to the public, with justice to all and malice to none.

We actually find wonderful results from this man's treatment, and the use of his medicine, and invite a thorough investigation by any person, organization, or society; above all, by the United States Government.

We are willing at any time to furnish hundreds of affidavits, testimonials, letters and personal testimony of people who have been cured of blindness, cancer, and numerous other diseases, including tuberculosis, spinal meningitis, and insanity.

Space will not permit the publication of all of the affidavits, but we herewith submit a few, that suffering humanity may know what great work this man has done, in curing and relieving the sick and distressed.

The original affidavits and all investigations are in the hands of the committee and can be seen at any time.

We desire to thank all who have assisted in the gathering of these truths, that facts could be published, showing to the world what marvelous cures Mr. Leonard L. Parry, of Mansfield, Ohio, has to his credit as a God fearing man.

W. F. Craig, Jr., Chairman.

Pittsburgh, Pa., Aug. 13, 1917.

Before me, the subscriber, a Notary Public, in and for the said County and State, personally appeared George B. Kline, M. D., of 1125 Penn Avenue, Pittsburgh, Pa., who, being duly sworn according to law, doth depose and say, that I am a regular graduate of the College of Physicians and Surgeons, Baltimore, Md., class of 1887, and am registered in Pennsylvania.

I have had charge of 1125 Penn Avenue, Pittsburgh, Pa., since June 19, 1916. Since this date I have had over 7,500 patients for whom I have prescribed what is called the Parry medicines, and these people have come without advertisement, other than what the patients said and did.

I have refused to treat none on account of funds.

The variety of cases treated is as wide as the diseases met in this climate, of a chronic nature.

The cures include blindness, epilepsy, cancer, goitre, insanity, tuberculosis of different parts, including bone, Bright's, diabetes, deafness, aphasia, asthma, colitis, infantile paralysis, varicose veins, hemorrhoids, eczema, adenoids, enlarged tonsils, catarrh, various stomach, liver, and intestinal troubles, and hundreds of minor troubles, and this too after perhaps 75 per cent have tried and found no relief elsewhere, yet in spite of this, relief and cures are had in about 90 per cent of the patients. True, there have been a few deaths where the patients did not come soon enough or the treatment had been interrupted, but even the friends of such with scarcely an exception have said the medicines had prolonged life and greatly lessened the suffering.

To realize in a measure what the Parry medicines have done and are doing it is necessary to see and talk with a few of the thousands of patients, and to know that the vast majority of them had been invalids without hope from any other treatment, condemned to death or a lingering illness with its aches and pains. Only then one begins to have a faint conception of what has been done and is being done.

When the truth is known, it can be seen that almost innumerable breadwinners and mothers have been restored to their families, and crippled children with life ahead have been cured that society has been saved hundreds of lives and thousands of dollars.

To deny the continued use of the Parry medicines, and the patients

Mr. Parry's encouragement, is to condemn thousands to a life without hope and hundreds to an untimely grave. Who would take such a responsibility, when it can be avoided?

We ask investigation.

Geo. B. Kline,
340 Amber St. E., E. Pittsburgh, Pa.

Sworn and subscribed before me, this 13th day of August, 1917.

W. W. Wiegmann,
Notary Public.

My commission expires Feb. 21, 1919.

Verona, Allegheny Co., Pa., Aug. 16, 1917.

The undersigned was afflicted with cystitis and phyarea for about 15 years. I sought the assistance of doctors while in Philadelphia six years ago, I also doctored here in Pittsburgh and in Verona without apparent relief. After taking Mr. Parry's medicine for about nine months I have already experienced great relief. It is my intention to continue with his medicine until a perfect cure is obtained. The reason that it is a slow cure may be due to my advanced age of 61 years.

A. M. Dahl.

P. O. Box 425, Verona, Pa.

R. L. Kent,
Justice of the Peace.

My commission expires the first Monday of January, 1920.

Pittsburgh, Pa., Aug. 13, 1917.

Personally appeared before me J. C. Carter, 433 Bedford Ave., who, being duly sworn according to law, does depose and say: Have been taking treatment since January, 1917, of Mr. Leonard L. Parry, and feel that his treatment is indispensable. My general health is greatly improved; after trying many specialists, found no relief prior to taking Mr. Parry's medicine. Was gradually losing my sight, but feel that I am beginning a general improvement.

J. C. Carter,
933 Bedford Ave.

Sworn and subscribed before me, this 13th day of August, 1917.

W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

Pittsburgh, Pa., Aug. 16, 1917.

I first took medicine of Mr. Parry September 20, 1915; at that time, I was a very poor man. I was operated on about one year before that time. I got a bit of steel in my right eye, I lost that eye, after suffering fourteen months the left eye was operated on. I was very near blind. This steel in my right eye, it seems, poisoned my whole system. I was operated on for appendicitis and stomach trouble; my stomach was pumped out two or three times. After the doctor told me there was nothing in my stomach to digest food, I said "Doctor, it is a bad lookout

for me." He said yes. Before Mr. Parry treated me, I could hardly use any kind of nourishment, but now: Oh my, I can eat anything. I can digest any kind of food, after six months' treatment.

Mr. Parry took pity on me, and gave me medicine. I went to work, and I am working ever since. I want to inform you that Mr. Parry is my best friend. I told Mr. Parry how poor I was, with six small children. For three years I did not earn one dollar. His answer was: "Come, come trust in God, and His dear Son." God bless Mr. Parry!

Martin Flaherty,
2218 Larkins Way, S. S. Pittsburgh, Pa.

Arthur Einert,
Notary Public.

My commission expires Feb. 21, 1919.

Pittsburgh, Pa., Aug. 15, 1917.

I have been sick for five years, and have changed about ten different doctors, and have been at the hospital eight weeks, and never got any better. It took all my husband's wages to pay doctors, and buy medicine. And I never got any better until I took Mr. Parry's medicine and had such results from it that I can do my own work now, and rest better than I did for five years, and don't have to worry about not being able to pay my doctor bills.

G. A. Bleechner,
Notary Public.

My commission expires Feb. 19, 1921.

Monessen, Pa., July 17, 1917.

For months before I heard about Mr. Parry I was treated by Drs. Sloterbeck and Kreger of Monessen. I also attended Dr. Nickel of Belle-Vernon for a long time. None of them did me the least good. Rather I got worse as time went on. They all in turn told me I had gall stones and strongly advised an operation as the only cure. In four months I lost forty pounds in weight; besides, the pain I suffered was awful and I did look very bad indeed. I was then told about Mr. Parry being so clever. I went to see him and in two weeks' time after taking his medicine I passed hundreds of gall stones, the soft green kind, and in the ten months I have now attended him I have passed cancer in a dissolved state. I am now like a new woman and can enjoy living and it is with deepest gratitude to Mr. Parry I write this, as I would have been dead sure long before this if I had not been so fortunate as to hear of him and get his medicine. I swear that every word I write here is accurate and true.

Mrs. Mary Gilmour,
147 Oneida St.

Jas. A. Watkins,
Justice of the Peace.

My commission expires first Monday in January, 1918.

New Eagle, Pa., August, 1917.

I am by occupation a railroader—continued exposure to severe weather ended in chronic asthma in 1903. Since then I have indeed been a burden to myself and family. Every physician called to relieve my spasms said I was the worst case they ever saw, and their only remedy was the hypodermic, morphine, atropine, nitro-glycerine, etc., the physicians were Drs. Billick, Murphy, Woods, Brisbine, and Graves, all of Monongahela City, Pa. Their treatment invariably the same, viz.: hypodermic. I started treatment with L. L. Parry on Sept. 11, 1915, was barely able to walk, and had done no work for three or four months, and to my mind never would again, as Dr. Murphy had told my wife, "It would only be a matter of time as my heart was getting bad." After five weeks' treatment my breathing became easy and normal, in seven weeks' time I started to work (railroading) at yard work exposed to all kinds of weather, and have called in a physician only once, and then I had a heavy cold, with very little asthma. I am working steady and place all credit to L. L. Parry's wonderful medicine.

Notary Public.

My commission expires Jan. 22, 1921.

318 Third St., East Liverpool, O.,
July 16, 1917.

I have been taking treatments from several doctors and got no benefit. One doctor said I would have to outgrow my trouble, then I heard about Mr. Parry; I had heard so much about him, I decided to consult him. He has done me more good, in the length of time, than all the doctors together did for me, and I have proof for it by my own people as well as many friends.

No charge was ever put on me or any of the rest. Those that could afford to give did so, and others that could not were all treated alike by everybody there.

My age is 24 years.

Herbert Bickle.

Aug. 13, 1917.

Personally appeared before me, John H. Burgess, Notary Public, Herbert Bickle and made oath the foregoing letter is true.

John H. Burgess,
Notary Public.

Before me, the subscriber, a notary public in and for the county and State, personally appeared Mrs. Sarah E. Washburn of River Av. boat house adjoining Seventh St. Bridge, who, being duly sworn according to law, doth depose and say, I have been a sufferer for a long time with cancer which was very painful, and also had a rupture which has caused me a great deal of trouble; the cancer has been removed and the rupture is almost cured, all due to taking Mr. Parry's medicine. My daughter Ruth has been feeble-minded ever since she was a child, caused by scarlet fever; for years she was unable to talk by reason of throat affliction; she started to take the Parry treatment at the same time as myself, and since then she has improved most wonderfully, and now is able to talk, so that any one is able to understand her; this is also due to taking Mr. Parry's medicine. My daughter Margaret became paralyzed; she started to take Mr. Parry's medicine about two years ago; two weeks after taking the first treatment she was able to go to work, this, too, after the doctors stated that she would not be able to walk; she is now getting along fine and is able to work every day; she is practically cured. This wonderful case is also due, Mr. Parry. My son Floyd, Jr., doctored for two years for tuberculosis without any improvement until he started to take Mr. Parry's medicine, which was a little previous to myself. He is practically well now and his case is considered marvelous by everybody. He has Mr. Parry to thank for this. I sincerely trust that Mr. Parry will not be interfered with and that he gets the relief that he prays for.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Pittsburgh, Pa., July 17, 1917.

I have been taking Mr. Parry's medicine but a short time, but feel much better in a general way. And I know of others that it has kept out of the grave. And my true thought is that the good Honorable Governor of the State of Pennsylvania will do all in his power to give Mr. Parry a license to give his medicine to all suffering humanity, for he is doing a great deal of good for those that are not able to call in a doctor that has a license. For Mr. Parry does not set any price, but does his good work for humanity for whatever they are willing to donate.

Now, I, as a native of Pittsburgh, Pa., and a voter of this State, plead and ask in behalf of Mr. Parry and humanity that the Honorable Martin G. Brumbaugh give Mr. Parry a special license to give his medicine to all suffering humanity, that need it, that he may do all the good which the Divine power has placed him here to do, HELP ALL HUMANITY.

B. H. Giffen,
Notary Public.

My commission expires March 9, 1919.

Pittsburgh, Pa., Allegheny Co.

Before me, the subscriber, a notary public in and for the said county and State, personally appeared Mr. F. F. Washburn of River Av., near Seventh St. Bridge, Pittsburgh, Pa., who, being duly sworn according to law, doth depose and say: I have been sick and under the care of a number of doctors constantly for twenty-seven years; none of the doctors agreed as to what really ailed me, differing in their diagnosis materially. The principal trouble was my bladder, from which I suffered excruciating pain. It was made known to me that I had but a short time to live; that being the case, I concluded to take a chance with Mr. Parry; I took the chance, and I thank God for that chance. I first took Mr. Parry's medicine about two years ago; after taking the third treatment I commenced to improve, and continued to improve most marvelously until the arrest of Mr. Parry, which prevented me from getting the medicine. A noticeable change came over me, I was going back in my health, and I was fearful of getting back to my former state of suffering. In June, 1916, I was again able to get the Parry medicine. After again taking the medicine I continued to be benefited. My condition now is so much improved that I have little pain compared to what I have suffered. Considering the fact that I have repeatedly been given up by doctors, my being on this earth to-day is due to Mr. Parry and his medicines.

F. F. Washburn.

My commission expires Jan. 2, 1921.

Pittsburgh, Allegheny Co., Pa.

Before me, the subscriber, a notary public, appeared Miss Mary Macaluso of Pittsburgh, Pa., who, being first duly sworn, deposes and says that I have been going to doctors in Italy for three years and in this country for ten years, none of them doing me any good, only to make me promises and take all my money. I came to Mr. Leonard L. Parry, Pittsburgh, Pa., in bad condition; was weak all over, had no blood, was nervous, had bad eyes, liver trouble, womb trouble, kidney trouble, and had it not been for Mr. Parry I am sure I would not be alive to-day. My wish is for Mr. Parry to go ahead with his good work, not only for myself, but for many other thousands.

Miss Mary Macaluso.

Sworn to and subscribed before me this 15th day of August, 1917.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Pittsburgh, Allegheny Co., Pa., July 18, 1917.

I was suffering for about ten years with bleeding piles and also a liver trouble. Tried all kinds of treatment for seven years with no apparent relief. About three years ago I decided to give L. L. Parry a trial and his medicine has helped greatly and I believe will eventually cure me.

H. J. Collins,
148 39th St., City.

Personally appeared before me, a notary public in and for said county and State, H. J. Collins, who, being duly sworn according to law, doth depose and say that the statements set forth on the attached letter are true and correct:

Sworn and subscribed before me this 13th day of August, 1917.

John J. McKenna,
Notary Public.

My commission expires Jan. 18, 1919.

New Eagle, Pa., August, 1917.

My face was all broken out with large pimples, boils, etc., until I was ashamed to go out. Dr. Graves of Monongahela pronounced it blood poison. Well, he treated me for some time, but I did not improve. My husband, who was taking treatment with Mr. Parry for asthma, induced me to go with him. Mr. Parry said I had cancer of the stomach. After taking three treatments I commenced passing cancer worms through the bowels by the hundreds, also passed large part of cancer and am still passing cancer worms. My general health has wonderfully improved and

my face has cleared of all eruptions, and all credit is due L. L. Parry's medicine, as I have taken no other treatment.

Mrs. F. E. Herd,
Box 128.

Sworn to and subscribed before me this 16th day of August, 1917.

Sid C. Wilson,
Justice of the Peace.

My commission expires Jan. 5, 1922.

Pittsburgh, Pa., July 17, 1917.

I have not taken Mr. L. L. Parry's medicine a year yet and do not get it regularly so do not get the best results. I believe it is all that he claims. I have had rheumatism since I was fourteen years old. I feel I am being benefited by the medicine. I hope he may continue to give the medicine.

Mrs. Eliza Dunke,
179 Merrimac St.

Sworn and subscribed before me this 16th day of August, 1917.

Henry Lehne,
Alderman.

My commission expires first Monday in January, 1920.

N. S. Pittsburgh, Pa., July 19, 1917.

I, Antonio Hayek, 2320 Colorado St., N. S. Pittsburgh, have been ailing with severe nervousness and blood poison. Have been well until two years ago, when I got blood poisoned and nervous. I was so sick that I could not stand or walk or do anything, just lay in bed. I was just stiff. My daughter heard through other people about Mr. Parry, and took me to Mr. Parry. He said I was awful weak and old, that I could not stand coming to him, but my daughter just begged him to give me treatment. He only treated me five times and I was a different woman altogether, and now I am in good health ever since. If I should know of anybody suffering with any ailments I will always recommend Mr. Parry. Mr. Parry is a good man. Hope he will live long and do as much good for others as he did for me.

Antonio Hayek,
2320 Colorado St.

On this 16th day of August appeared before me the above named Antonio Hayek and swore that this statement was true and correct. Witness my hand and Notarial seal this 16th day of August, 1917.

R. Frank,
Notary Public.

My commission expires March 1, 1919.

East Vandergrift, Pa., Aug. 16, 1917.

I was in a hospital twice. I was very sick with heart trouble and

have been calling in doctors almost every two days for some time, but they did not help me. My feet were swelling day and night, also my hands, face and chest. When I began Mr. Parry's treatment, from the fourth treatment I felt better, and am feeling considerably better every day. I praise his treatment.

Mrs. Gertrude Savage,
P. O. Box No. 272.

Personally appeared before me Mrs. Gertrude Savage, who, being duly sworn, states the statement above is true and correct.

Sworn to before me the 16th day of August, 1917.

Justice of the Peace.

My commission expires first Monday in January, 1922.

S. S. Pittsburgh, Allegheny Co., Pa.

Before me, the subscriber, a Notary Public in and for the county and State, personally appeared Richard Koerth, who, being duly sworn according to law, doth depose and say that he had been ailing since he quit school, being bothered with what the doctors called indigestion, and could not stand a day's work or eat a hearty meal without bad effects, and that since he has been treated by Dr. L. L. Parry he has been very much benefited, being able to do his daily work easily and to eat a hearty meal without bad effects, and that Dr. Parry has given him much benefit.

Richard Koerth,
1823 Larkins St.

Sworn and subscribed before me this 16th day of August, 1917.

G. A. Bleichner,
Notary Public.

My commission expires Feb. 19, 1921.

East Brady, Pa., Aug. 15, 1917.

I have been taking L. L. Parry's medicine for two years and as a result have been completely cured of bronchitis, also female weakness. My health in general has been improved; and my little girl, who is blind, has been taking his medicine, and it has been working on her eyes wonderfully, and I wish to ask that he will be permitted the right to continue his wonderful work for humanity.

Mrs. E. Montgomery.

Be it known that on this 16th day of August, 1917, personally appeared before me, a Notary Public, in and for said State and county, Mrs. E. L. Montgomery, who, first being duly sworn, deposes and says that the above written statement is absolutely true as she verily believes.

Sworn and subscribed to before me this 16th day of August, 1917.

J. W. Verner,
Notary Public.

My commission expires Jan. 16, 1919.

Oil City, Pa., Aug. 16, 1917.

I hereby certify that I am doctoring with Mr. L. L. Parry, of Penn Av., Pittsburgh, and find his medicine to be very valuable. It has helped me wonderfully, and I expect to be entirely cured by continuing his treatment. I cannot speak too highly of the wonderful benefits patients receive by taking his medicine.

Mrs. W. R. Smith,
322 Wash. Av.

Sworn to and subscribed before me this 16th day of August, 1917.

John M. Mohr,
Alderman 7th Ward.

My commission expires Jan. 1, 1918.

Box 334, Mars, Pa.,
July 20, 1917.

My mother has been having bilious spells for years, and she doctored with Dr. Crawford for them. She would go to bed feeling all right, and by midnight she would be so bad that she did not know whether she was on top of the bed or under the bed, everything was flying around that fast. Then she went, and doctored with Dr. Seifris and after doctoring with him while she asked him what was the matter, why he could not help her. He said that she had a lazy liver. Then she went to Mr. Parry and he said she had cancer on the liver.

She has not had a spell for three years. She thinks if it had not been for Mr. Parry she would have been under the sod.

I had typhoid fever thirteen years ago last October, and it settled in both of my limbs, and the left limb has given me trouble ever since, by swelling, and about five or six years ago a sore broke out on it. I doctored with Dr. McCord for seven months, putting on a salve. It seemed to heal up all right, but it still swelled. I wore a gum stocking from August to April, when I commenced to doctor with an osteopath for it. I doctored with him until October, and still no better, then the sore broke out again, which shows it was not healed up right.

I also felt so miserable with such a sleepiness. I saw a doctor in one of Mars's drug stores, and he said I needed exercise. Now I am at home and help with the work in the house, and I thought that ought to be exercise enough. They would tell me it was my liver, and Dr. McCord doctored me for my kidneys and constipation, and still that did not seem to be the cause. Then I went to Dr. Crawford, and when I told him he laughed and said, "I wish I could sleep that way." Now I did not like that; it is no joke. I also doctored for it with the osteopath and I think I told Dr. Seifris about it, but when I had tried so many doctors and got no help I did not have any faith that he could do me any good, but he doctored me for my limb.

Mr. Parry told me that it was catarrh of the head that caused such sleepiness. He said that my liver was not right either.

My head-sleepiness and limbs are altogether better.

I was so bad with the sleepiness that I feel, if I had not got help from Mr. Parry, that I could not by this time do anything but just sleep.

I certainly cannot thank Mr. Parry enough for what he has done for me, and I do not forget to remember him in my prayers and pray and hope that his trouble will soon all be over.

I have been ailing for fourteen years next October with a bad limb from typhoid fever, and longer than that with sleepiness caused by catarrh in my head and I had a leaking valve of the heart and it is so good now that I do not know I have a heart. I doctored with several doctors and found no relief until I came to Mr. Parry and took his medicine.

Mother has been painfully afflicted with rheumatism and biliousness. She has been married thirty-five years, and she was afflicted with rheumatism before she was married, and badly afflicted since she has been married. She went on crutches, and since doctoring with Mr. Parry she is free of it, and has not had any bilious spells for three years this fall, and would take one or two a week before doctoring with Mr. Parry.

Mary S. Gelbach and mother,
Mrs. Chris Gelbach.

Sworn and subscribed to this 7th day of August, 1917, by Mary S. Gelbach and Mrs. Chris Gelbach.

J. J. Sheenafelt,
Justice of the Peace.

My commission expires July 5, 1920.

Greenville, Pa., Aug. 15, 1917.

This is to certify that I, the undersigned, have taken treatment from Mr. L. L. Parry for kidney and bladder trouble, have been greatly benefited therefrom, and am nearly well. Had kidney and bladder trouble for seven years.

Chas. Hedrich.

Personally appeared before me, a Justice of the Peace in and for the county of Mercer and State of Pennsylvania, Chas. Hedrich of West Salem Township, county of Mercer, State of Pennsylvania, who, being duly sworn, deposes and says that the facts above stated are correct.

Done this 15th day of August, 1917.

F. E. Wise,
Justice of the Peace.

My commission expires Jan. 1, 1920.

Arnold, Pa., Aug. 14, 1917.

This is to certify that after the treatments of physicians had failed Mrs. Otto Roell of 2118 Kenneth Av., Arnold, Pa., has been cured of cancer of the breast, and am in perfect health by the use of Mr. L. L. Parry's medicine.

Mrs. Otto Roell,
2118 Kenneth Av.

Belle Vernon, Pa., Aug. 16, 1917.

It is my duty to Mr. Parry and suffering humanity to acknowledge the benefit I received after taking his medicine. About three years ago, I became troubled with my nerves and my general health was run down. I had tried several doctors but without any relief. I am positive that if any one will persist in taking Mr. Parry's medicine it will do all he says. It has done so much for me I feel it my duty to testify to its wonderful curative properties.

Mrs. E. J. Free.

Sworn and subscribed before me this 16th day of August, 1917.

G. B. Graham,
Notary Public.

My commission expires Jan. 22, 1921.

Millvale, Pa.

For several years I suffered with backache and a weakness of the stomach. Since taking Mr. Parry's medicine I am troubled very little.

Mrs. A. R. Zimmerman,
17 Lawrence St.

Sworn to and subscribed before me, a Justice of the Peace in and for the County of Allegheny, this 15th day of August, 1917.

E. R. Benthner,
Justice of the Peace.

My commission expires first Monday in January, 1918.

N. S. Pittsburgh, Pa., July 25, 1917.

Previous to Mr. Parry's treatment I tried patent medicines for about three years, spent all kinds of money, and never got any relief. I spent almost half of my husband's income and my condition grew more serious. My neighbors realized my sufferings, and advised me to go to Mr. Parry. I went to Mr. Parry and have used his medicine and have been a different woman since. I sincerely hope Mr. Parry will continue his practice and am positive he will cure me.

Mrs. Julia Lux,
97 Overbeck St., Spring Hill.

Sworn and subscribed to before me, a Notary Public in and for the State and county aforesaid, this 16th day of August, 1917.

W. G. Weitershausen,
Notary Public.

My commission expires Feb. 21, 1919.

Glenshaw, Pa., Aug. 15, 1917.

For several years I have had inward trouble and suffered severely. I consulted many doctors, but none gave me relief for any length of time.

I could scarcely get around and had not slept a night for years. Since taking Mr. Parry's Medicine I felt much better and can now sleep at night. I can attend to my household duties and am feeling better in every way.

Mrs. S. Busler,
R. D. No. 2.

Sworn and subscribed before me, a Justice of the Peace in and for the county of Allegheny, this 15th day of August, 1917.

E. R. Beuthner,
Justice of the Peace.

My commission expires first Monday in January, 1918.

Pittsburgh, Pa., July 18, 1917.

I suffered a great deal from stomach trouble, and at times it felt as though there was a big boil in it; that's how sore it was. So at last my physician over at St. Francis Hospital said that I would have to undergo an operation, which did me more harm than it did me good. One day I was visiting one of my friends in Munhall. He told me to go down and try "Daddy" Parry's medicine. I did as he told me, and since I have been doctoring with him I feel greatly improved, and all of that soreness has left my stomach; also the swelling has gone down wonderfully.

Mrs. E. J. Addison,
210 R., Taylor St.

Sworn to before me this 15th day of August, 1917.

L. P. Hoffmann,
Notary Public.

My commission expires Feb. 21, 1919.

Pittsburgh, Pa., Aug. 16, 1917.

I beg to state that I am very much improved by Mr. Parry's medicine. After taking it for one year I am nearly well of my catarrhal affliction. I have felt better since. I wish to always remember Mr. Parry as the "Healer."

Miss Jane Silverman,
1028 Murryhill Ave.

Sworn to and subscribed before me this 16th day of August, 1917.

Lulla H. Simon,
Notary Public.

My commission expires Jan. 25, 1919.

Pittsburgh, Pa., Aug. 16, 1917.

I have been afflicted with bladder trouble for some time, and found no relief until I began taking Mr. Parry's medicine. At present I am feeling

fine, which I may state is due to the medicine. I shall always be grateful to Mr. Parry.

Miss Lyda Silverman,
1028 Murryhill Ave.

Sworn to and subscribed before me this 16th day of August, 1917.
Lulla H. Simon,
Notary Public.
My commission expires Jan. 25, 1919.

McKeesport, Pa.

Before me, the subscriber, James Toohey, an Alderman in and for the county of Allegheny and city aforesaid, personally appeared Tony Barno of No. 418 Houghton Ave., McKeesport, Pa., who, being duly sworn, according to law, doth depose and say that he started to take treatment from Mr. Parry of 1125 Penn Ave., Pittsburgh, on May 22, 1917, for a rupture and that said treatment from Mr. Parry has helped him.

Tony Barno,
No. 418 Houghton Ave.

Sworn and subscribed before me, this 15th day of August, 1917.
James Toohey,
Alderman.
My commission expires first Monday in January, 1922.

Carnegie, Pa., July 17, 1917.

I have been taking Mr. Parry's medicine for one year and it has helped me. I have been doctoring with my throat since I was 14 years old, taking treatments two and three times every month, which helped some. Every winter I was sick with my throat. This last winter my throat did not bother me. I doctored with Dr. Anderson of Pittsburgh, a specialist for some time, for my throat before going to Mr. Parry's. The catarrh of my head is not near so bad. I feel as if I could not do without Mr. Parry's treatments, as I am doing so well.

Stewart L. Cummings,
545 Hulton St.

Sworn to and subscribed before me this 17th day of August, 1917.
Thomas Brown,
Justice of the Peace.
My commission expires Jan. 5, 1920.

Carnegie, Pa., Aug. 17, 1917.

I have taken the Parry medicine for seven months, and it seems as though I could not do without it. "Dad" is the only doctor that has ever helped me. My system did not start to build up until I went to him.

James Cummings,
545 Hulton St.

Sworn to and subscribed before me this 17th day of August, 1917.

Thomas Brown,
Justice of the Peace.

My commission expires Jan. 5, 1920.

Empire, Ohio, July 27, 1917.

I have been sick for two years. I have been examined by five different doctors. They all advised me to go to the hospital and said I had gall stones. I went to Mr. Parry six months ago and started to take his medicine, and have been passing what he calls cancer of the liver. I have got half a pint of it, and if you want a sample let me know and I will send it by return mail. I have been benefited by his treatment. I have gained ten pounds in weight and am a great deal stronger. I do not want to give up the treatment until I am well.

John Gray.

This certifies that John Gray appeared before me and took oath to the above statements.

John C. Thomas,
Mayor of Empire, Ohio.

Charleroi, Pa., Aug. 9, 1917.

I had been sick for ten years and within those years I had been operated on twice for cancer; the last operation was performed in a Steubenville Hospital in Ohio, the doctor being Dr. McGahan of Follansbee, Ohio, who told me he was just lengthening my life to two or three years; but, thanks to Dr. Parry, I am still alive and in good health. I shall never forget him for having saved my life.

Josephine Collard,
10th and Shady Ave.

On this 14th day of August, 1917, before me, a Notary Public for said county and State, personally came the above named Josephine Collard, who in due form of law acknowledged the foregoing to be her act and deed. Witness my hand and Notarial seal the day and year aforesaid.

James Monack,
Notary Public.

My commission expires Feb. 19, 1921.

N. S. Pittsburgh, Pa., July 15, 1917.

I had been sick fifteen years, was not able to walk for weeks at a time. Had several operations in hospitals and had been to more than twenty doctors. Could only eat a little toast and an egg, and had to have my housework done. When I heard of Mr. Parry two years ago and took his medicine I began to improve immediately, and now I can eat anything and do all my housework and washing for myself and husband and three children. I don't believe I would have been alive to-day if I had not had Mr. Parry's medicine. Am glad many have been helped and

cured by Mr. Parry. I know of a number of people that have been helped and are still going to him and I hope he will be permitted to continue the good work.

Mrs. Lydia Grey,
4 Chidell St.

Personally appeared before me, a Notary Public in and for said county and State, the above named Mrs. Lydia Grey, who being duly sworn, doth depose and say that the facts as stated in the foregoing letter are true and correct.

R. M. Daubenspeck,
Notary Public.

My commission expires Jan. 5, 1919.

Miss Mary Newby

Woodlawn, Pa., Aug. 11, 1917.

I received great benefits by taking Mr. Parry's medicine. In the year of 1913 up to Nov. 15, 1914, I was subject to severe attacks of acute indigestion. I became so weak, for the simple reason that everything I ate brought on severe headaches and stomach trouble, that I could not attend school. The last attack I had, my father asked our family doctor if the attacks were dangerous, and he said they would not kill me while I was young, but he put me on a diet, and pronounced my case incurable. One of our neighbors by the name of Mrs. White advised my father to give Mr. Parry's medicine a trial and he complied with her request. So I went down with Mrs. White on Nov. 15, 1914, and had my first dose with Mr. Parry, and I went regularly once a week until the first week in March, when Mr. Parry told me to come every other week. The result is that I have not had one attack of acute indigestion since I took the first dose of Mr. Parry's medicines. During the first year I took his medicine I was sick for two or three days until I got rid of a clot of blood which Mr. Parry claimed was on my head. I eat three good meals a day and am feeling fine, and I do testify that this is the truth, and I hope and trust that Mr. Parry will be granted that license that others may receive the same benefit that I have.

Mary Newby,
111 Orchard St.,
Woodlawn, Pa.

Before me, a notary public in and for the State and county aforesaid, personally appeared Mary Newby, who, being duly sworn according to law, doth depose and say that the statements set forth in the aforementioned letter are true and correct.

Sworn and subscribed to before me this 17th day of August, 1917.

Stewart C. Moore,
Notary Public.

My commission expires March 9, 1919.

Bellevue, Pa., Aug. 17, 1917.

For many years I have been troubled with my kidneys, and could find no relief until I began taking Mr. Parry's medicine, which I commenced Feb. 14, 1917. I am feeling better every day, and I will continue to take Mr. Parry's medicine as long as it is convenient to do so. I always recommend it when I have an opportunity, as I feel it will help others as it has helped me, and I feel it my duty to state my case, as it may be the means of others getting relief who have been, like myself, almost discouraged.

Chas. M. Kurtz,
No. 471 Lincoln Ave.

Before me, a Notary Public in and for said county and State, appeared Chas. M. Kurtz, personally known to me, and, being duly sworn according to law, declares the above statement to be true. Witness my hand and Notarial seal the day and year first above written.

J. O. Brown,
Notary Public.

My commission expires Jan. 22, 1921.

Elizabeth, Pa., Aug. 17, 1917.

Before me, the subscriber, a Justice of the Peace in and for the said county and State, personally appeared Mrs. Martha Cook, who, being duly sworn according to law, doth depose and say that I have been a sufferer with bladder trouble for the past twenty years, and since taking treatment of Mr. Leonard L. Parry, 1125 Penn Ave., Pittsburgh, Pa., have greatly improved in health in every way. I have great faith in his treatment and would be glad to continue, for I believe his remedies will cure me.

Mrs. Martha Cook,
General Delivery.

Sworn and subscribed before me, this 17th day of August, 1917.

H. M. Painter,
Justice of the Peace.

My commission expires first Monday in January, 1922.

East Liverpool, Ohio, Aug. 10, 1917.

I suffered for a long time. I have suffered with cancer of the liver, dropsy, and kidney trouble. I have been treated by the following doctors: Dr. Bobet, Dr. Lewis, Dr. Bowman, and Dr. Brownley, all of Marion, Ind., also Dr. Rosenthal of Fostoria, Ohio, and Dr. Davis and Dr. Calhoun of East Liverpool, Ohio. I wish to state that none of the doctors helped me. I was growing worse, and was in a very bad shape when I met Mr. Parry. I have taken Mr. Parry's medicine for some time and I do believe he has saved my life, for I am feeling like a different woman to-day. So I trust that you will deal kindly and give him your best consideration, for Christ sent the Apostles out to the sick, to help them, so I do believe Christ has sent Mr. Parry to do likewise.

Mrs. Kate McCarthy,
1623 Cleveland Ave.

Subscribed and sworn to before me, a Notary Public in and for Columbiana County, State of Ohio, this 16th day of August, 1917.

Aluye Purinto,
Notary Public.

McKees Rocks, Pa., Aug. 16, 1917.

Of my own free will, I, John J. M. Truxell, truthfully say, since taking Mr. L. L. Parry's medicine the results have been more than I expected and also he has accomplished for me what other doctors tried to do and failed. I trust he will be granted a special license, that he may give his medicine that suffering humanity may be relieved.

John J. M. Truxell,
203 Chartiers Ave.

Sworn and subscribed before me this 17th day of August, 1917.

C. M. Christiansen,
Justice of the Peace.

My commission expires Jan. 5, 1920.

Elizabeth, Pa.

Before me, the subscriber, a Justice of the Peace in and for the said county and State, personally appeared Mrs. Anna Roll, who, being duly sworn according to law, doth depose and say that I have been a sufferer from a nervous breakdown and gall stones for eight years, and had treatment from two specialists and three other doctors from my home town, which brought me no relief whatever; but since taking treatment of Mr. Leonard L. Parry, 1125 Penn Ave., Pittsburgh, Pa., I have greatly improved in health in every way. Have great faith in his treatment and would be glad to continue, for I believe his remedies will cure me.

Mrs. Anna Roll,
General Delivery.

Sworn and subscribed before me this 17th day of August, 1917.

S. M. Painter,
Justice of the Peace.

My commission expires first Monday in January, 1922.

Crafton, Pa., July 28, 1917.

I suffered for five years with a complication of diseases, including cancer. For one year I received treatment from Dr. Parker of York, Pa., the remaining period from Dr. Johnston, Pittsburgh, Pa., but instead of improving, I grew worse until my physician stated I'd be compelled to undergo an operation in the spring of 1916. I commenced taking Mr. Parry's medicine February, 1916, and after taking the medicine I began to improve at once, and at the present time I seldom have an ache or pain. Have gained in weight and feel simply splendid. I cannot praise Mr. Parry's wonderful medicine half enough and my constant prayer is

that nothing will prevent Mr. Parry from being permitted to continue giving his medicine to the many sufferers who come to him to receive it.

Mrs. F. W. Kress,
32 Arnold St.

Sworn to before me, a Justice of the Peace in and for Allegheny Co. and State of Pennsylvania, this 16th day of August, 1917.

Daniel Cassley,
Justice of the Peace.

My commission expires first Monday in January, 1920.

Aug. 14, 1917.

I doctored for seven years and did not get much benefit. Then I was asked by a friend to try Parry. Went to see him and had to carry my girl to his office, as any of my neighbors can tell, a hopeless case, as doctors would say, with hip joint disease, and they said a cripple for life. We took her in a wheel chair to the machine, then from the machine to the office, as we had eight miles to go. When we went to Parry four months she began to step on her leg. When we went six months she could walk without crutches, then she went on a cane for a few weeks and then threw it away. Her leg now is as large as her well one, and when I started to go to Parry it was four inches shorter. It is a little short yet, but it don't bother her any, and all credit to Parry; she is still going to Parry every three weeks yet, and I think he has only given her about 80 doses of medicine in that time. Well if people only could have seen her when I started with Parry and see her now you could not believe she was the same girl. Neighbors only say, Tilda, Tilda, is it possible that Parry cured you? No hill is too high for her now. Nothing can be too much for Parry.

Mrs. H. Merser.

Sworn to and subscribed before me this 18th day of August, 1917.

George R. Cain,
Notary Public.

My commission expires April 29, 1921.

Personally appeared before me Mr. James Robertson, Steubenville, O., who, being duly sworn according to law, doth depose and say that I had stomach trouble for about twelve years. Had doctored with many physicians, but no relief. Since taking Mr. Parry's medicine my stomach has not bothered me in any way. Would be glad for Mr. Parry to continue his good work, that many others might be benefited.

James Robertson.

Sworn and subscribed before me this 17th day of August, 1917.

Henry F. Lawleo.

Primrose, Pa.

My small son Arthur had infantile paralysis when he was 21 months old. He was treated by our family physician without any lasting benefit. His leg was weak and much smaller than the other one and his foot was all twisted out of place and the family physician said there was nothing more to be done for him, so I took him to Mr. Parry at the age of 5½ years. After a few months' treatment his foot was straight and now after further treatment his leg is as strong as the other one only it is a little shorter, but is still improving. I take treatment myself, with three of my other children, and we have all received benefits from the treatments.

S. P. McCaffey,
Justice of the Peace.

My commission expires first Monday in January, 1918

New Castle, Pa.

I, Mrs. Ella Hey, have taken Mr. Parry's medicine since Dec. 5, 1916, and find I have been greatly benefited beyond all my expectation. Being a cripple from the age of 13 years from an attack of acute scrofula but suffering no pain, I made my own living while single (18); have done my own work until three years ago. I was almost totally disabled from rheumatism. During that time the Shenango Valley Hospital, also Mt. Clemens Hospital, had me in their care. The latter gave me relief for a while. My knees were so sore I could scarcely walk, but I got around a little. At the beginning of cold weather last fall I was taken completely down again. A friend told me about Mr. Parry, so as soon as able to make the trip, on December 5, went there. I was in a worse condition than I knew, being dropsical, my weight being 245 pounds. I don't know my weight now, but friends tell me I have not that puffy red look I used to have, and I know it. I am better all over, and I will be better than ever if I can get the medicine, and to deprive the thousands of his treatment means discouragement and death to those that have no other hope. May God bless L. L. Parry and his medicine is my earnest prayer.

Mrs. Ella Hey.

Subscribed and sworn to before me this 14th day of August, 1917.
George S. Miller,
Notary Public.
My commission expires March 8, 1918.

Altoona, Pa., Aug. 15, 1917.

I feel as though I ought to do all I can for Mr. Parry, as I have been going to him only two months, and he helped me a whole lot. I feel better. I doctored here for two years, and I was going down hill fast. They starved me, and he allows me to eat anything. I hope Mr. Parry is not refused a special license. I would feel awful sorry if I could not continue getting Parry's medicine, and there are a lot of people living around me, that wish for the same medicine to relieve them, and many showing improvement.

Alderman.
My commission expires first Monday in January, 1920.

Oil City, Pa., Aug. 17, 1917.

MISS ADA SCHUMACHER

My wife, my baby, and myself have taken Mr. L. L. Parry's treatment with very satisfactory results. My wife has been sick for years and unable to work for months, can now eat, sleep, and work as well as any ordinary woman. My youngster, being unable to sleep at nights or keep any food on her stomach, had chronic bowel trouble, and had no use of limbs; is now in fine health, Mr. Parry's treatment having corrected all these troubles. She can eat and sleep like a top, and she is far from being the skeleton she was when first taken to Mr. Parry. Can furnish any desired proof of this youngster's condition, other than what is here, as we also buried a boy who died from the same trouble, after trying every medical man we had heard of. I myself took the treatment for six months and was cured of bowel and stomach trouble, also was able to do away with my glasses, and it is now fourteen months since I personally have taken Mr. Parry's treatment and I am in fine health.

J. E. Schumacher,

My commission expires Jan. 29, 1921.

Banksville, Pa., July 23, 1917.

I herein give testimony in defense of Mr. L. L. Parry. I have been sick for seven years. I had doctored with several different doctors, for five years, none of whom has done me any good. Two years ago I went to Mr. Parry. At that time I weighed 99 pounds, and now I weigh 135. I have had trouble and enlargement of the liver, but since I have gone to Mr. Parry I have been greatly relieved, and feel sure that if I continue to take his medicine I shall soon be perfectly well. I therefore add my petition to others that will appeal to the Honorable Martin G. Brumbaugh, Governor of this State, for a special license for Mr. Parry. Many thanks to Mr. Parry.

Mrs. A. L. Heisler,

George A. Young.

My commission expires Jan. 5, 1920.

Pittsburgh, Ally. Co., Pa., Aug. 17, 1917.

This is to certify that previous to taking Mr. Parry's medicine I had been ailing for about two years. I could not sleep and had no appetite and was so weak I could hardly walk. I had been doctoring with Dr. Lloyd Holt, but he did not help me any. After taking Mr. Parry's medicine a few times I improved wonderfully. I am a widow with five small children and no income and poor health. Mr. Parry never asked me for any money. I have never paid the cost of the medicine I took. I hope I will some day.

Mrs. Elizabeth Keebler,

Howard F. Good,
Notary Public.

My commission expires March 9, 1919.

Pittsburgh, Ally. Co., Pa., Aug. 14, 1917.

I was ailing with a constant pain at the top of my head for about seven years, and never got any relief, until I took Mr. L. L. Parry's medicine. I was told by Dr. Bowman, of the West Penn Hospital, that there was no cure for me without an operation and I was afraid to undergo one. About six months later I paid Dr. Miller, of Smithfield Street, Pittsburgh, fifty dollars for treatment and two dollars a week for seven months, and got no cure. I was advised by the family doctor to go to the hospital, as I would have to be operated on to get cured. I was treated by Dr. Tucker of Sixth street, Pittsburgh, and got no relief. But it was a Godsend to me the day I began to take Mr. L. L. Parry's medicine, for I am feeling well now, and have never had a pain or ache since, and I did not have to go to the hospital. As I am the mother of eight children, I had to take the treatment at Mr. Parry's office, so that I could be at home to take care of my family. I conclude by saying his medicine is worth its weight in gold to the sick and afflicted.

My commission expires January 2, 1921.

New Castle, Pa., Aug. 14, 1917.

I have been afflicted with chronic joint rheumatism for two years and I have tried everything that was told me for rheumatism. I was treated for the same by four local doctors, but kept getting worse; finally one of the doctors told me about the Hauly Lymph treatment and I concluded to try it, as my case was a very severe one, but it only made me worse.

And further, put me on a pair of crutches, which I used for five months.

Finally I was advised to try Mr. Parry at 1125 Penn Ave., Pittsburgh, and I am glad to say that his medicine worked wonders for me. My condition at the time of going to Mr. Parry was awful, I had to be assisted there by three men, to get me in and out of the train. I was out of work for eight months, and now have been back at work one year. I cannot speak too much for Mr. Parry and his medicine.

WALTER NEWBY

Woodlawn, Pa., Aug. 15, 1917.

I wish to testify to the benefit I have received by taking Mr. L. L. Parry's medicine. Before I started to take Mr. Parry's medicine, which was on the 13th of September, 1916, I was always under the care of a doctor, and at times I had to telephone for the doctor. And with rare exceptions, it was the grip, and the attacks were severe and so often, a year ago. I decided to give Mr. L. L. Parry a trial. I was always under the impression I was suffering from indigestion and constipation. The first day I appeared before Mr. L. L. Parry these were his words: "It will take a long time to cure you, but if you will stick I will pull you through."

In about four weeks afterward I asked Mr. Parry what he thought my trouble was, and I do say to my great surprise he said, "Cancer on the liver." May the truth prevail. I instantly became a doubting Thomas. I could not believe that I had cancer on the liver, and I do say that on my way home that day I made up my mind not to take any more of Mr. Parry's medicine. When I reached home I happened to remember my daughter's condition, Mary Newby, who had been taking Mr. Parry's medicine for three years and she was cured. For fear I was making a mistake, I thought it best to give Mr. Parry another trial. I continued and the only change I noticed was I did not feel so tired and restless. Last April Mr. Parry told me that I was going to be a sick man, and he told me what was going to happen to me, and I do say that when I reached home that day I was a sick man; that was on a Tuesday, and the next day I felt better, but Wednesday night I was a great deal worse and Thursday I got rid of the cancer. I took it down to Mr. Parry on the following Monday and I showed it to him. Mr. Parry told me that it was the cancer. The next week I got rid of some more cancer, this continued every week, as I would pass parts of cancer. Since July 28 to date, August 15, 1917, I have got rid of more than usual, which makes me feel weak at times. But in general I feel much stronger, appetite

better, sleep well, and I am satisfied that Mr. Parry's medicine will clean my system entirely of the cancer. This I do swear is the truth, the whole truth, and nothing but the truth. I am ready and willing to testify before any court of justice that this statement of mine is the truth. Trusting that these few lines will help before the Governor of Pennsylvania, and that Mr. L. L. Parry will get a special license for the sake of suffering humanity. May God bless you.

CHARLES LUPPOLD

I have been greatly benefited by using Mr. L. L. Parry's medicine; although I have only taken it a little less than a year, I have derived more benefit from it than I got from the doctors that tried to cure me.

I had periodical spells of gas in my stomach and bowels and suffered great misery at times and had to be careful what I ate, but now I seem to have taken a new lease of life and do not worry about my stomach. I also had trouble with my ears and was told that I would always have to give them attention, especially in the spring and fall, but the trouble has not returned. Relatives and friends say I look a lot better since Parry's medicine has been working on me. I know that I can feel the difference anyhow.

Every person I hear discussing Parry's remedy speaks very highly of it, and I think it would be a shame to withhold the right for it to be distributed. My hopes and ambition in life have increased won-

derfully since I have used it and I am looking forward to the future for a complete cure; and I hope nothing will happen to prevent it.

Chas. Luppold.

My commission expires March 10, 1921.

Evans City, Pa., Aug. 10, 1917.

I, being a patient of Mr. Parry, am glad to have the chance to explain what Mr. Parry has done for us. When I came to Mr. Parry three years ago I could hardly live. I had doctored a good bit, but, being not able to get any help, I gave up. I was treated for consumption at that time they called it. I at last did think, when the doctors could not do me any good and I came to Mr. Parry, that was a Godsend, for since Mr. Parry removed tumor cancer and liver cancer and quite a lot of rubbish from my body I feel fine and strong. If it had not been for Mr. Parry's medicine I would be in my grave. Oh, he has saved me so much pain I can hardly realize I am the same person. My husband says he owes Mr. Parry more than he could make good, for what he did for his family, and not only what he has done for us. Oh, if God only helps us a while! He never went back on us or Mr. Parry. My back was terrible; now not a pain. I could not lie on my left side or on my back at night. Why, I suffered at all times. No one could explain. Mr. Parry is a Godsend. None of the doctors' knives nor doctors' medicine could save my life. My doctor said I could not live over night. He set my time, poor fellow. I had confidence enough, but he did not know, he meant it all right. He was so good and kind; he could not stop my cough; why, I never could get one night's sleep, but Mr. Parry stopped it. I have my cancer and tumor. Six doctors examined these articles, for they could not do that without the knife and Dr. Mill said, "Be contented; if Parry's medicine did that it will cure you too. It cleans your blood." Why our doctor had so much confidence he told my husband he is wonderful, go and get your blood cleaned, for it is slow, and he could doctor for the price you could stand. He was looking after my husband; he is all right; he has been our doctor for a long time. Why, he treated three others of our family who were incurable. Now my little Helen Marshal, six years old. My doctor treated her for running ears; he said now it has gotten away from us. He was doctoring and she kept getting worse. She had turned to tuberculosis of the inner ear. She got so she would take spells. He said now operate on her head. I said, can you not try

and get it worked out in some way? I could not stand to see her little head opened back of her ear. She had the grip and that seemed to be where it settled; so we asked, Is there no way to treat her? He said no, so he said he would not say he could cure her, but maybe it might, but when he got done he said, I can't do anything more only operate. So I took the little bones—it was about all there was—to Mr. Parry. People's hearts ached for her; everybody thought she was like a doll. Mr. Parry saved her life, I am sure. Why, she took five doses, as near as I can remember. Not over five, I think, and like a core of a boil came out of her little ear. Then the other. Then you ought to have seen the change on her after she began getting better. Neighbors came and said, Why, Mrs. Marshal, is that really little Helen? You ought to see her. She is just awful smart but she is cured. Now remember she was about 3 years old. I have given her the Parry medicine, and I want her to have it right along for she will grow strong and nice, so I feel that we must still have his medicine to keep us well. I never need a doctor since we began taking medicine of Mr. Parry; that is all we need. Now for my Mildred Marshal, another patient, kidney bladder and other trouble. Our doctor treated her; she got a little help but no cure. He said, now you will have to do the best you can by her. She has weak organs. He treated her from 3 years till about 3 years ago. If I could get her medicine I feel sure Mr. Parry will cure her, for she was incurable for she just got worse. Help in one way, worse in another. I have got so much help of Mr. Parry's medicine I can't praise it enough, and if I cannot get the medicine I do not know what we are going to do, for my Mildred needs it so bad it would be a shame and I feel God would punish any one to be so cruel to make another way; she is growing strong and her kidneys are much better, but she needs it yet. I must take our boy in soon and if he can't get the medicine, that is if anything should happen to Mr. Parry that he can't get the medicine, I don't know what to do. I just know that God sent Mr. Parry to save us so we could take care of our children. Now I can do all my work; before I began I could not. Oh, I don't know how much to thank Mr. Parry. God will see Mr. Parry through for us.

Mrs. John Marshal,

My commission expires June 12, 1921.

Petroleum Centre, Pa., Aug. 10, 1917.

This is to certify that Mrs. Charles Hickman was taken sick July, 1915, and was taken to Titusville Hospital for two weeks, where she lost control of her mind altogether and in this hospital she annoyed the other patients so I had to take her home, for the doctor or nurses could do nothing with her or for her. I then had her taken to North Warren Insane Asylum for three months, where she was attended by five different doctors of the institution and received no help, also was told that she would never be any better. She left that asylum worse than when she

went there. I then took her home and she was so bad I had to take her out on the pumping lease along with me, as I could not leave her home alone or with any one else. After being home three days I took her to Mr. L. L. Parry, where she took her first dose of medicine from him. After taking six treatments she recovered so far she commenced doing her own housework alone. After eight months' treatment she is entirely well and has not seen a sick day since to the present time. When we first visited Mr. Parry she weighed less than 60 pounds and at the present weighs 135 pounds.

McKees Rocks, Pa., Aug. 6, 1917.

This is to certify that my husband, two children, Robert and Elsie, aged 6 and 4 years, and myself have been taking treatment from Mr. Parry for quite a long while, and all have been greatly benefited by it. When my husband first started taking his medicine he was not in condition to work; has since starting his treatment lost very few days' work. Before going to Mr. Parry he tried several doctors with indifferent success, two of them advising an operation for appendicitis and gall stones. Since taking Mr. Parry's medicine he has been able to do more and better work than ever before and feels that it is absolutely necessary that himself and family be permitted to continue taking his treatment until perfectly cured. My children and myself are taking treatment, all for kidney and bladder trouble and other complaints. I was troubled with inward goiter in throat. I coughed this cancerous growth out after taking Parry's treatment for some time. The children and myself are steadily improving other ways and feel it of vital importance to be able to continue this treatment. We feel that Mr. Parry has saved our children's lives.

Notary Public.

My commission expires Jan. 7, 1921.

Oil City, Pa., July 26, 1917.

For over forty years I have had a bad rupture, a weak heart and stomach, and serious nervous trouble.

After taking Mr. Parry's medicine for seven months I find myself very greatly improved and am now able to do my own work and am like a different woman.

Mrs. Louisa Krotzer.

Mrs. Louisa Krotzer, being duly and legally sworn, deposes and says the above statement is true and correct.

Sworn and subscribed to before me this 26th day of July, 1917.

J. W. Gardiner,
Justice of the Peace,
Oil City, Pa.

My commission expires December, 1922.

Before me, the subscriber, a Notary Public in and for the county of Beaver, State of Pennsylvania, personally appeared Mrs. H. H. Kirkwood,

Woodlawn, Pa., who, being duly sworn according to law, doth depose and say that she has doctored for fifteen years with different physicians for inward trouble, at times not being able to walk across the floor. Last doctored with Dr. McCook, New Castle, Pa., and also Dr. Sam Parry, of New Castle, Pa., who operated on me, but same was not successful. Am now taking treatment of Leonard L. Parry, Pittsburgh, Pa., and tongue cannot tell the benefit I have received. Am now doing my own washing and all my own work.

Mrs. H. H. Kirkwood.

Sworn and subscribed before me this 8th day of August, 1917.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Columbiana Co., Ohio, July 31, 1917.

Before me, Chas. Gill, a Justice of the Peace of said County, personally appeared Clifford Dawson, who, being first duly sworn according to law, deposes and says that I was sick unto death and after being attended by four of the leading doctors of this city they gave my case up. A friend of mine, Mr. H. S. Rinehart, called to see me and told me of a man in Pittsburgh who was doing so much for humanity that I concluded to give him a trial; so Mr. Rinehart brought Mr. Leonard L. Parry to see me. I had been unable to eat anything for weeks. After taking Mr. Parry's medicine for one week I was able to go to Pittsburgh to see him. He told me that I had a stomach and a liver cancer. After treating with him for 8 months I was entirely cured and am now enjoying the best of health, thanks to Mr. Leonard L. Parry.

Clifford Dawson.

Sworn to and subscribed to in my presence this 31st day of July, 1917.

Charles Gill,
Notary Public.

Allegheny Co., Pa., Aug. 8, 1917.

Before me, the subscriber, a notary public in and for the said county and State, personally appeared Mrs. Byrd Griggsby, Pittsburgh, Pa., who, being duly sworn according to law, doth depose and say that she has been taking treatment of Leonard L. Parry for rheumatism and she feels greatly relieved and thinks if she can only get his medicine that she will be completely cured.

Mrs. Byrd Griggsby.

Sworn and subscribed before me, this 8th day of August, 1917.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

New Kensington, Pa., July 25, 1917.

I have been taking the Parry treatment since the 17th of last October, and since that time I have taken him two bottles of cancer of the bowels, and I am passing it right along. I don't think it will be necessary for me to state that he is doing me good, for you can see for yourself.

I am much improved since I started treatment with Mr. Parry.

I took medicine given me by doctors here and it didn't prove to be of any relief.

I think Mr. Parry is doing a great and blessed thing for the care of suffering humanity.

I have been ailing for at least four years, and before I started with Mr. Parry I didn't know what to do. Doctors said they didn't know what was the trouble, only that I had stomach trouble.

Roscoe P. Jackson.

Sworn to and subscribed to before me this 28th day of July, A. D. 1917.

John B. Hageman,
Notary Public.

My commission expires March 9, 1919.

Zanesville, O., July 28, 1917.

Hon. Martin G. Brumbaugh,
Governor of Pennsylvania.

Your Excellency:

Blind for fourteen years, and told by the following eye specialists, Drs. Rogers and Clark, Columbus, O.; Dr. L. R. Culbertson, Zanesville, Ohio, and Dr. Auers, Cincinnati, O., that my case was incurable, I started treatments with Mr. Parry, of Pittsburgh, December, 1916. He promised relief in two years. To-day, at the end of eight months, there is a wonderful improvement in the condition of my eyes. Knowing of the wonderful cures that Mr. Parry has already made, and the good he is now doing myself and others, I sincerely trust that he will be granted the special license which he desires.

Harry W. Luby.

Sworn to before me and subscribed in my presence this 28th day of July, 1917.

Isaac Hinnpheey,
Notary Public.

Pittsburgh, Pa., Aug. 8, 1917.

I have had kidney trouble for years and have tried several doctors but found no relief, but since taking Mr. Parry's medicine have had relief and feel that in taking a few more treatments I will be cured.

Mrs. Goller,
519 S. Main St.

John O. Hall, Jr.,
Alderman.

My commission expires first Monday in January, 1920.

601 19th Ave., Munhall, Pa., July 25, 1917.

Before coming to Mr. Parry for treatment my health had been failing me for some time, and was advised to consult a Dr. L. H. Alexander, whose office is in the Jenkins Arcade, Fifth Floor, Pittsburgh, Pa. He pronounced me as suffering from tuberculosis and advised me to go to a sanitarium. When there seven (7) weeks, some of the time confined to bed, I began getting worse, and I then came home feeling much worse than when I went away.

When I got home we got a Dr. Thompson of Homestead and began treatment, but I got no results, so we got another, Dr. Jones, of Homestead. When he began treatment, in a few days he said I could not get better, as my bowels had become tubercular and nothing could be done for me. He advised us to get another doctor, as he could do nothing for me. He said I might live three weeks more or die any day.

We got another, Dr. Campbell of Homestead. He began treatment but got no results. Medicine would not stay on my stomach. So I asked one day if he thought what Dr. Jones had said about my condition was true, and he said he hoped it was not at first, but he was beginning to be afraid it was true.

We had a consultation of two doctors one day, and they said I had inward trouble and needed an operation, but I was too weak to go through one, so the subject stopped there. I began to get very weak and I thought nothing could be done for me.

I had heard of Mr. Parry, so we went down to see what he would say, so I began to take treatment on August 24, 1915, and began to improve shortly after.

Just think! a woman given up to die, and in eleven (11) months after starting Mr. Parry's treatment I had born to me a nice strong healthy baby girl. I have been able to do my own housework, attending to my family of five (5) children.

I praise God for the day I went to Mr. Parry for treatment and I trust God will bless him with long life and he be able to continue to treat suffering humanity, of which I was one.

Mrs. Nellie Ednie.

Sworn to and subscribed before me this 28th day of July, A. D. 1917.

J. C. Miller,
Notary Public.

My commission expires Feb. 14, 1919.

Pittsburgh, Pa., Aug. 2, 1917.

I have been taking Mr. Leonard L. Parry's medicine for about one year. The medicine has done me worlds of good, for my hearing was very, very bad, but now I can hear very well even to a clock tick which I never heard before, and my head is clear of noises and feel better in every way.

Myrtle Smith,
704 Attica St.

John Hall, Jr.,
Alderman.

My commission expires first Monday in January, 1920.

Laurence Co., Pa., Aug. 8, 1917.

Before me, the subscriber, a notary public in and for the said county and State, personally appeared Catherine Wesner, New Castle, Pa., who, being duly sworn according to law, doth depose and say that she has been taking treatment of Mr. Leonard Parry, Pittsburgh, Pa., and is completely cured of stomach trouble with which she had been afflicted for fifteen years. Deponent avers that she could not find any relief from any other treatments, and could not keep anything on her stomach.

Mrs. Catherine Wesner.

Sworn and subscribed before me, this 8th day of August, 1916.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

New Kensington, Pa., July 27, 1917.

In July, 1916, I got a very bad cough. I had three doctors treating me and I got so weak under their treatment I could hardly walk. One told me I had lung trouble, the other two said my whole system was poisoned, but they couldn't find the cause. I got so thin and weak I could hardly walk. My family and neighbors all thought I would surely die. I could not bend my right knee or use my right hand. I could not eat nor sleep. I was just miserable. At last my husband took me to Parry. I didn't have any faith in him, but I went to please my husband. I asked Parry if he could cure me. He said he could. I went for about three months. I passed some bad looking stuff. I took it to Parry; he told me it was cancer of the stomach and liver. I commenced to eat and sleep, then it wasn't long till I could do my own work. My friends would hardly think it could be possible that Parry did so much for me. For the sake of the suffering people I pray that L. L. Parry is permitted to still give the medicine. He is a good man and why not let him alone? The doctors that treated me were Dr. Arnold from Tarentum, and Dr. Snyder and Dr. McConnell, of New Kensington.

Lillian Johnston.

Sworn and subscribed to before me this 27th day of July, A. D. 1917.

John B. Hagerman,
Notary Public.

My commission expires March 9, 1919.

Scalp Level, Pa., Aug. 10, 1917.

I had for some years been a sufferer with what a number of physicians pronounced tuberculosis, and was advised by them that I was incurable, also that I might prolong my life by moving into a more suitable climate and taking treatment at a sanatorium particularly adapted to this disease. I did this at considerable expense without receiving any relief. Normally, my weight is about 180 pounds; at the time I went to Dr. Parry, I weighed in the neighborhood of 135 pounds. He advised me that my system was infected with catarrh and that by giving me a course of treatments he could possibly cure me permanently. After taking his treatments for approximately four years I have gained in weight until I now average about 190 pounds, and feel confident that if I continue with him a permanent cure will be effected. My friends, during the early stages of my sickness, had on various occasions given up hopes that I would live more than a few months. Through the wonderful treatments of Dr. Parry, as stated above, I have practically regained my health. The above is a true statement of my condition and the great relief received from Dr. Parry's medicine.

Mrs. Ames Bloom,
Main St.

Subscribed and sworn before me this 11th day of August, 1917.
John H. Veil,
Justice of the Peace.

Aspinwall, Pittsburgh, Pa., July 26, 1917.

On January 5, 1916, my wife, Mrs. Ida M. Riley, was afflicted with a stroke which almost completely paralyzed her left arm and leg. After experimenting with the physics, opiates, and stimulants prescribed by various members of the medical fraternity for a period of about nine months with apparently no results as far as the removal of the blood clots was concerned and very little otherwise, we were advised to give Parry a trial. With many misgivings and very little hope, about October 15, 1916, Mrs. Riley was persuaded to begin the treatment. At this time she could walk but very little and required the attention of another person to support her, had to be almost lifted on and off street cars and was otherwise a total nervous wreck. The treatment given by Mr. Parry consisted of about one-half of a glass of his medicine once each week. After the third week's treatment action of the medicine upon the blood was first observed, and from that time forward slow but regular improvement of the patient continued and the blood clots have all apparently passed away. The patient can now walk alone, can raise her left hand as high as her head, and is able to assist with the housework; she requires very little assistance to board the cars and has almost confidence enough in herself to try to make the trip to Mr. Parry's office alone. Not only do I give Mr. Parry's medicine credit for the wonderful results which he obtains, but the personal magnetism of the man is almost beyond belief. I have seen him bring a young girl out of a violent convulsion in less than one minute, by simply passing his fingers across her forehead and saying

a few comforting words to her. I have seen a man who had been totally blind for fifteen years who claimed to have had his sight restored by five doses. I saw a man enter Dr. Parry's office and show him a hole in his neck from which a large cancer had just dried up and fallen off, as a result of these treatments. Mr. Parry has never created a dope fiend, a lunatic, or an incurable by his treatments. The many sanitariums and asylums stand as silent witnesses that the drug system as practiced by the average M. D. is a failure and the many inmates are proof of the mistakes that they have made in their experiments in searching for a cure.

Commission expires first Monday in January, 1918.

Ashville, Pa., July 27, 1917.

MRS. MAE STORM

This is to certify that I, Mrs. Mae Storm of Ashville, R. D. No. 1, Pa., am now 32 years of age and practically never was real stout, suffering with stomach trouble, gall stones, weak and tired, had no ambition to do anything, and of late years a general break down with a complication of diseases. I doctored with Dr. Emerick of Hickory Comer, Pa., also Dr. Kelly of Patton, Pa., also Dr. Somerville of Chest Springs, Pa. Was operated on four years ago at Miners' Hospital in Spangler, Pa., for female trouble by Dr. John Mowry, of Patton, Pa., and Dr. Helfrick, of Spangler, Pa.; with all the doctoring and operation I only obtained temporary relief, and when I was nearly given up by my friends, and as I thought myself my last and only chance would be to try Mr. L. L. Parry of No. 1125 Penn Ave., Pittsburgh, Pa. I have now been taking Mr. Parry's medicine seven months and in that length of time I have obtained wonderful results. Have passed two cancers and several gall stones and my general condition is wonderfully improved. Mr. Parry does not make any charges whatever. His whole object is to cure the people. I sincerely trust that Mr. Parry may continue his good work, for he surely kept me from the grave.

Mrs. Mae Storm.

Sworn to this 28th day of July, 1917.

Walter C. Perry,

Windber, Pa., Aug. 9, 1917.

The writer has been suffering from a complication of diseases which had been unsolved by a number of other physicians. It has been found since doctoring with Dr. Parry that I have been troubled with gall stones and catarrh of the stomach. I have received wonderful relief through his treatment, he having been able to dissolve the gall stones, which has saved me the necessity of having an operation. I have confidence that if I could continue his treatments he would be able to cure me permanently. I further feel that a great injustice has been done to Mr. Parry. The above being a true statement of the conditions, I hope the Pardon Board of Pennsylvania will clear Dr. Parry, that myself and other patients may have the advantage of his wonderful treatments.

Mrs. H. K. Sarver,

My commission expires Feb. 13, 1921.

Pittsburgh, Pa., Aug. 13, 1917.

I had been ailing for eight years, tried one physician after another such as Dr. Charles, Dr. McCombs, Dr. Bode, Dr. Latimore, of Pittsburgh, and Dr. Burgess of Chattanooga, Tenn., and a few more; all claimed my case was a puzzle to them until the last one discovered I had cancer and gall stones, but I refused to undergo an operation, and had given up all hope of ever getting well again. I then tried Mr. Parry and have taken his medicine for 1½ years and it has removed the cancers and over 50 gall stones and all my ailments are disappearing. I can eat a hearty meal now, which I had not done for years. Am feeling like a new woman and recommend him to all my friends.

Mary C. McGowan,
Notary Public.

Commission expires March 9, 1919.

Pittsburgh, Pa., Aug. 9, 1917.

Have been taking treatment from Mr. Parry, and words cannot express my gratitude to him for all that he has done for me. When I first came to Mr. Parry I was suffering from rupture, goiter, headache, and tumor. I have consulted many doctors in regard to my tumor and rupture and have spent a little fortune for trusses and reducing applications, none of which benefited me in the least. Now my rupture is entirely healed. In regard to my goiter, it has disappeared after years of suffering. I used to sleep propped up in bed to keep from smothering. I consulted many doctors and specialists, receiving no benefit from any of them. Mr. Parry told me when I started with him he would remove it; this he has done. I used to take so much dope to relieve my head; now I never know what headache is, my tumor is fast disappearing and my general health almost perfect.

Anna J. Ramsey,

My commission expires Feb. 19, 1921.

1303 Sussex Ave., Pittsburgh, Pa., Brookline,
July 29, 1917.

For several years I suffered with Bright's disease and dropsy. I took two years' treatment from R. E. Cummings, M. D., 101 Warrington Ave., Pittsburgh, Pa., now located at Brentleyville, Pa., and a member of the medical staff of the South Side Hospital, Pittsburgh. I obtained no relief from his medicine, and was gradually becoming paralyzed from the terrible poison I was taking in the medicine he prescribed for me. My condition grew worse all the time.

I began taking Mr. Parry's treatment Aug. 2, 1916. I have taken forty-nine (49) doses of the medicine, and consider myself a well person. I do all my own work, washing included.

I am very thankful to Mr. Parry for the great help and wonderful cure I have received by taking his medicine.

Mrs. S. A. LeRoy.

The list of names following are some of my neighbors who will testify, if necessary, to the truth of my statement.

County of Washington, }

Mrs. Rebecca Jones.

Personally appeared before me, a Notary Public, in and for said State and County, Rebecca Jones, who, being duly sworn according to law, doth depose and say that the statement hereto annexed is true in every particular.

Sworn and subscribed before me this 30th day of July, 1917.

J. P. Curry,
Notary Public.

My commission expires March 10, 1921.

10 W. 8th St., Oil City, Pa., Aug. 10, 1917.

My boy is now 7 years old and has been afflicted since birth with a blood clot in the brain, which left him entirely helpless; he could not chew or eat any solid food, only soups and puddings; he could not put his hands to his mouth to feed himself. We doctored with osteopaths and medical doctors for five years and six months, and were told by many that there was no help for him, and did not receive the least benefit. At last we tried Mr. L. L. Parry. In April, 1916, he took his first dose of medicine. Since that he has improved right along. His stomach is now in fine shape, he now eats anything, and chews it well, and now has

started to feed himself, and his mind has improved wonderfully. I cannot say too much for Mr. Parry and his wonderful cures.

Reed L. Beightol.

P. S.—I have been to the following doctors: Dr. Hadley, Dr. Easton, Dr. Downs, Dr. Davis, Dr. Dorsworth, Dr. Boyd, all of Oil City.

Sworn and subscribed to before me this 10th day of August, 1917.

John M. Mohr,
Alderman, Third Ward.

My commission expires Jan. 1, 1918.

Kittanning Arm Co., Pa., Aug. 13, 1917.

I have doctored with nearly all the doctors in Kittanning (naming Drs. Sedwick, Allison, Monks, McKee, Jessops, in fact nearly all of them), and did not get any benefit from any. I had been ailing for more than twelve years, but am ever so much better, and am looking better. My nerves were very bad, and my joints seemed to be coming apart. I could hardly open my mouth, for my jaws were so bad, and all are better now. I commenced going to Mr. Parry last October or November, I cannot remember which, and I missed a good many times. I am so much better, and thanks to Mr. Parry.

Mrs. Charley Toy.

Sworn and subscribed to before me this 13th day of August, 1917.

Chas. A. Wolfe,
Justice of the Peace.

My commission expires first Monday in January, 1918.

Lock No. 3, Pa., July 29, 1917.

"Daddy" Parry has surely saved my life. I was going blind, and had cancer on the liver, when I went to him. I have doctored with doctors far and near. Dr. Huffard was my last doctor. He told me there was nothing but the hospital and an operation for me. I heard of Mr. Parry and went to him. He saved my eyesight, also my life. I had not done my housework for years; now I can do all my own work in my home, and was out in the fields pitching hay to-day. I have also thrown my glasses away, as my eyesight is restored, and I can praise Daddy "Parry" for it.

Mrs. Maggie Hairl,
Lock No. 3, Pa.

Sworn and subscribed to before me this 15th day of August, 1917.

S. M. Painter,
Justice of the Peace,
Elizabeth, Pa.

My commission expires first Monday in January, 1922.

East Liberty, Pittsburgh, Pa., July 30, 1917.

Mr. Parry has done me a great deal of good. I have been taking his treatment for some time, for a serious case of liver trouble, and am sure

it is curing me. I had doctored for two years before I went to Mr. Parry, but got no relief until I started taking Mr. Parry's medicine. I hope that Mr. Parry will be permitted to go on with his good work.

Sam. Laidig,
6023 Station St.,
E. E. Pittsburgh, Pa.

Sworn and subscribed to before me this 15th day of August, 1917.

D. A. Lappe,
Notary Public.

My commission expires March 25, 1921.

843, Stuben St., Pittsburgh, Pa., July 27, 1917.

MRS. ROSE HANSON

As a patient of Mr. L. L. Parry's I want people to know the good his medicine has done for me. I have doctored for almost five years before I went to Mr. Parry. The doctors said I had tuberculosis of the glands. On Nov. 28, 1911, Dr. C. L. Bradford of the South Side Hospital operated on my arms. In the following April Dr. Knorr of the West End made the second incision, and from one doctor to another they kept slashing until there is nothing left of my arm. Then I went to Dr. J. A. Lindsay, and he put a plaster cast on for six or eight weeks. When taken off my arm was out of joint. He then wanted to take an X-ray picture and see if the bone was affected, and if it was too bad he would have to take my arm off to save my life. But I am still here with both arms by taking Mr. Parry's medicine, and find it is helping me better than all the doctors. My arms are free from sores, and I can do all my work. I only wish I could show my arms that justice be granted Mr. Parry, for I am only one of the thousands of poor cripples, blind and sick, that take Mr. Parry's medicine.

Mrs. Rose Hanson.

Sworn to before me July 31, 1917.

John Hall, Jr.,
Alderman.

My commission expires first Monday in January, 1920.

New Kensington, Pa., July 30, 1917.

I have been taking Mr. Parry's treatment for about five months, and got great benefits from it; can present two cancer growths, of which I have been relieved, since I began his treatment, and will be only too glad to do anything in my power to help suffering humanity, especially for what he has done for me, and trust I may be able to continue treatment until permanently cured. May God bless him and strengthen him for the performance of the duties now before him.

Mrs. Robert Marshall,
252 Ridge Ave.,
New Kensington, Pa.

Sworn and subscribed before me this 15th day of August, 1917.

John B. Hagerman,
Justice of the Peace.

My commission expires Jan. 7, 1918.

Coshocton, O., Aug. 16, 1917.

I have been a patient of Mr. Parry's for the past year or more, and know I have been greatly benefited from having taken his medicine.

I had been given up by all home doctors and many outside specialists, finding no relief until I heard of Mr. Parry and his wonderful cures. I will highly recommend Mr. Parry and his work at all times.

Mrs. Ella Rodgers,
143 South Eighth St.,
Coshocton, O.

State of Ohio,
County of Coshocton, } ss.:

Mrs. Ella Rodgers, being duly sworn, says: That the facts set forth in the foregoing declaration are true.

Subscribed and sworn to before me this seventeenth day of August, 1917.

D. G. Eagle,
Notary Public.

Notarial Seal. Coshocton County, Ohio.

Sacred Heart Church, Coshocton, O., Aug. 16, 1917.

Having suffered from what the doctors call autointoxication and a general neurasthenic condition, and having been treated by different physicians for about four years, without any permanent results, I have for some time past been taking Mr. Parry's medicine, and am greatly improved. My physician tells me I am much better; although I am taking no medicine except that of Mr. Parry, and the physician is not aware that I am taking Mr. Parry's treatment.

J. J. Slattery,
Sacred Heart Church.

D. G. Eagle,
Notary Public.
Coshocton County, Ohio.

Sacred Heart Church, Coshocton, O., Aug. 18, 1917.

Herewith are two affidavits; one of myself, the other of one of my parishioners. I hope they are useful in the defense of Mr. Parry.

If I can be of any further service to you in behalf of Mr. Parry, please command me.

J. J. Slattery.

"Seal"—Sacred Heart Church,
Coshocton, Ohio.

Willock, Allegheny Co., Pa., July 26, 1917.

I have been troubled for many years with internal and external piles, which caused me great suffering and also caused hemorrhoid, and I found no relief until I commenced taking Mr. L. L. Parry's medicine, which certainly has done me a world of good; and I was also suffering with catarrh of the head and throat and also was suffering with stomach and bowel trouble. In fact I was a total wreck until I commenced using Mr. L. L. Parry's medicine. I cannot express my thanks to Mr. Parry for the good he has done for me.

Mrs. Agnes Miller.

State of Pennsylvania, } ss.:
County of Allegheny, }

On this 30th day of July, A. D. 1917, personally appeared before me, a Justice of the Peace in and for said State and County, Mrs. Agnes Miller, who, being duly sworn according to law, says that the above statement is correct and true.

Mrs. Agnes Miller.

Sworn and subscribed to before me this 26th day of July, 1917.

Hugh Fishwick, Jr.,
Justice of the Peace.

My commission expires Jan. 5, 1920.

State of Pennsylvania, } ss.:
County of Washington, }

On this 30th day of July A. D. 1917, personally appeared before me W. W. Wiegemann, a notary public in and for the aforesaid county, duly authorized to administer oaths, Mrs. Eva Vanchura, Avella, Pa., to me personally known, who, being duly sworn according to law, doth depose and say that prior to my taking treatment with L. L. Parry of Pittsburgh, Pa., I had been suffering with disease for twelve years, and had been under the care of different physicians during that time; they sent me to a hospital, where I was a long time, after they operated on me, with no relief. I almost gave up in despair, when I was persuaded to go see Mr. Parry; after taking his treatment I passed two inward cancers, and am glad to say that after passing the last one, ninety days ago, I feel fine and am again able to do my housework. This seems wonderful to me. A year ago I could see nothing but an open grave waiting for me,

every day it looked nearer. Now, a stout healthy woman, I feel so much better, thanks to Mr. Parry's treatment. My suffering was awful.

Eva Vanchura,
Avella, Pa.

Sworn to and subscribed before me, this 30th day of July, A. D. 1917.

W. W. Wiegemann,
Notary Public.

My commission expires Feb. 21, 1919.

State of Ohio,
County of Columbiana, } ss.:

Before me, a notary public, personally appeared Miss Bettie Sherbon, of the city of East Liverpool, County and State aforesaid, and, being first duly sworn, deposes and says, that she has been taking treatment of Mr. Leonard L. Parry, 1125 Penn Ave., Pittsburgh, Pa., for some time past and that she has been wonderfully benefited. Deponent avers that prior to taking treatment of Mr. L. L. Parry she had tried other kinds of medicines and treatments, but without relief. Deponent avers further, that words cannot express benefits she has received from Mr. Parry's medicine and treatment.

Miss Bettie Sherbon.

Sworn to before me and subscribed in my presence this first day of August, A. D. 1917.

Wm. H. Burgess,

Notary Public in and for Columbiana County, Ohio, Aug. 1, 1917.

TO WHOM IT MAY CONCERN:

The undersigned has been acquainted with Miss Bettie Sherbon for a number of years past. I knew her prior to taking treatment and medicine of Mr. L. L. Parry of 1125 Penn Av., Pittsburgh, Pa., when she was sick and sore and especially unable to sleep either night or day.

Since taking treatment and medicine of Mr. L. L. Parry, of 1125 Penn Av., Pittsburgh, Pa., she has completely changed in appearance and for the better in every way in health, and is now able to obtain sound and refreshing sleep, which is of itself a Godsend, to say nothing of the other wonderful benefits she has received.

Knowing Miss Sherbon, both before and after taking treatment and medicine of Mr. L. L. Parry, as I did, it is in my opinion, nothing short of a miracle what Mr. Parry's treatment and medicine achieved in her particular malady, and he should by all means be permitted to assist suffering humanity to vigor and health.

Wm. H. Burgess.

Tarentum, Pa., Aug. 18, 1917.

Have suffered for the past eighteen months with stomach and nervous troubles, and, being unable to obtain relief from medicines given me by doctors, I was advised by a friend to consult Mr. Parry.

I have been taking Mr. Parry's medicine once a week since April 17, 1917, and find that it has made wonderful improvement in my condition.

I can highly recommend it to all sufferers. I feel confident Mr. Parry's medicine is improving my condition. I would be very much disappointed if there should be any interference with Mr. Parry's operations which would prevent my continuing his treatment.

Mrs. Chas. W. Ehrman.

Subscribed and sworn to before me this thirteenth day of August, 1917.

Harry B. Pavett,
Notary Public.

My commission expires March 9, 1919.

Commonwealth of Pennsylvania, } ss.:
County of Allegheny, }

Before me, the subscriber, C. M. Christiansen, a Justice of the Peace in and for the County of Allegheny, personally appeared Mrs. Elizabeth Linsey, who, being duly sworn according to law, doth depose and say:

I suffered a long time with a floating kidney; I went through an operation, and found no relief until taking Mr. Parry's treatment. I then began to feel much better, and I hope I can still continue to get his medicine; and further deponent saith not.

Mrs. Elizabeth Linsey.

Sworn and subscribed before me, this 1st day of August, 1917.

C. M. Christiansen,
Justice of the Peace.

My commission expires January 5, 1922.

East Bradey, Pa., Aug. 1, 1917.

Before taking Mr. L. L. Parry's medicine I doctored with different doctors and I derived no benefit whatever. Mr. Parry's medicine did more for me in three months than those doctors did in twenty years.

Mrs. Jennie Jones.

The within statement sworn and subscribed to before me this 15th day of August, 1917.

J. W. Verner,
Notary Public.

Commission expires Jan. 10, 1919.

316 37th St., Pittsburgh, Pa., Aug. 1, 1917.

I have been taking Mr. Parry's medicine for two years. It was just two years ago Aug. 1, 1917.

Before taking Mr. Parry's medicine I lay in the hospital for seventeen weeks, during which time blood poison set in.

If my mother had not taken me home when she did, and started me taking Mr. Parry's medicine, I would not only have lost my leg, but also my life, and would not be here to-day.

I have Mr. Parry to thank.

I am a boy, 11 years old.

Charles H. Schlagel.

Sworn and subscribed to this 1st day of August, 1917.

W. A. Suckling,
Notary Public.

My commission expires March 25, 1921.

Pittsburgh, Pa., Aug. 1, 1917.

I, Frank Osterman, of 3233 Taylor St., had a paralytic stroke, and was confined to bed quite a while, and when I got up I was practically insane. When I went to Mr. Parry of 1125 Penn. Ave. I was not able to work for about a year. Now I am working again since taking the medicine, and feeling much better, in every way. I am able to work, which, if it hadn't been for the medicine, I would not have been.

Mr. Frank Osterman.

I have suffered with neuralgia of the nerves for 18 years, and at times I could not see to do anything, and the water would just stream out of my eyes for days at a time. I started to take Mr. Parry's medicine, and have been taking it about two years and my condition has improved greatly. I don't get those awful headaches any more and my back is greatly improved, so I can't say too much in regard to Parry's medicine, for the wonderful benefits I have received.

Elizabeth Osterman.

Sworn and subscribed to this 1st day of August, 1917.

W. A. Suckling,
Notary Public.

Commission expires March 25, 1921.

California, Pa., July 21, 1917.

I have suffered untold agony for fifteen years. I went to the hospital and went through an operation and still I did not get any relief. I doctored with the same doctor that operated on me for two years and still I took bad spells and thought I was going to die, and then through my husband I found Mr. L. L. Parry and he told me what to do, and I did just what he told me and I got relief. My trouble was some kind of female trouble, I never did just know what kind, and my bowels wouldn't move, and after I saw Mr. Parry, thank God, I am improving every day. My last doctor was Dr. P. V. Vieslet, of Charleroi.

Mary Tentler.

I am a son of Mr. and Mrs. John Tentler. I was nine years old when I first went to Mr. L. L. Parry. Now I am eleven years old. When I first started Mr. Parry's treatment I could not eat and when I was in school and would try to read my lesson I could not see it and real quick my head would start to hurt. I would get, oh, so hot I cannot say how I did feel, but now I am so much better and I am glad.

Nestor Tentler.

I could not begin to tell how many doctors I have doctored with. I have tried many patent medicines and never got any relief from it and I had a terrible cough and could not get rid of it, but since I found Mr. Parry I have found relief. I can work now, before I could not stay at my work without missing about half time. Mr. Parry has done me a lot of good. I thought last winter my time had come but thank God I am almost well. I am 59 years old and feel like a young man now. I hope God will stay by him as he has always done.

John Tentler.

Sworn to and subscribed before me this 14th day of August, 1917.

Chas. M. Cain,
Justice of the Peace.

Commission expires 1st Monday, 1920.

N. S. Pittsburgh, Pa., July 24, 1917.

I went to Dr. Baer eight years ago for water trouble; he said I had prostate gland trouble and that I had a bealing in my back. I told him I had catarrh since I was a boy, he said I would have that catarrh cured and I quit. My water was burning before I went to Dr. Baer. He didn't do me any good. I had much trouble with my throat, hacking day and night, but since I went to Mr. Parry I don't hack the way I used to. Mr. Parry has done me a great deal of good.

My wife went to several doctors and none of the doctors could cure her. They wanted her to go under an operation. I took her over to Mr. Parry with inward and bleeding piles. She went six months to him and he did her very much good.

Michael Kelly.

W. G. Weitershausen,
Notary Public.

Commission expires Feb. 21, 1919.

Blair Station, Allegheny Co., Pa., July 31, 1917.

I used to suffer with backache and headache. I had Dr. Fifi treat me till he died, but it did me no good. Then I understood him to say it was my kidneys, but he did no good so I thought I would try Mr. Parry in November, 1916. The medicine did me much good. I was not able to do

my housework, but now I can do our own washing, housework, and sewing. I don't feel tired and I don't get the headache.

Katherine Pastorius.

Sworn to and subscribed before me this 13th day of August, 1917.

George Maurer,
Justice of the Peace.

My commission expires first Monday in January, 1922.

120 Garner Ave., Buffalo, N. Y., July 31, 1917.

For nine (9) years I have known of and suffered with various troubles, the principal one being what eight (8) specialists and experienced physicians (the best in my city, Buffalo) called a fibrous growth in the walls of the uterus, causing a general enlargement of that organ, which trouble extended to other female organs. My whole body was inactive, so much so that it did not eliminate any waste matter as it should, causing what the various physicians called encrusted nerves, and nerve exhaustion, congested liver—some said gall stone—and various boils on abdomen, said to result from puss tubes, etc.; all of which troubles could be only partly relieved by a serious operation, the outcome of which they were doubtful of, as my blood was so full of poison. No cut or bruise would heal, but large pieces of proud flesh would grow in same.

Hearing of Mr. Parry's marvelous success in the treatment of stubborn and so-called incurable maladies, I received permission to become a patient, and went to Pittsburgh March 5, 1917, to begin treatment. I had five doses in succession, one week apart. Since that time I have gone from my home in Buffalo to Pittsburgh every two (2) weeks to receive medicine, and can truthfully say I am wonderfully improved. No more boils have appeared. A large lump the size of an egg on the right shoulder has gone away. My nerves are in a greatly improved condition. No more pain in liver. No more of the very severe headaches I was subject to. I am going to continue to go to Mr. Parry for his wonderful medicine until the tumor in the uterus is either all absorbed or the main lump passes.

I sincerely trust that Mr. Parry will be allowed to continue to bless humanity with his consecrated life and efforts.

Mrs. J. B. MacKerrow.

State of New York,
County of Erie,
City of Buffalo, } ss.:

Mrs. J. B. MacKerrow, being duly sworn, deposes and says that she resides at No. 120 Garner Ave., in said City of Buffalo, that the foregoing statement is a true and correct statement of the results of treatment given by L. L. Parry of Pittsburgh, Pa.

Mrs. J. B. MacKerrow.

Subscribed and sworn to before me this 13th day of August, 1917.

Daniel Hurley,
Notary Public,
Erie County, New York.

Pittsburgh, Pa., July 24, 1917.

After suffering for ten years with stomach trouble, and having tried eleven or twelve doctors, I had received no relief. After seven months with Dr. Parry I feel almost cured.

808 McCandless St.

Sworn and subscribed to before me this 14th day of August, 1917.

George Vetter,
Notary Public.

Commission expires March 10, 1921.

Wall, Pa., Aug. 6, 1917.

I had been sick for almost two years before I commenced doctoring with "Dad" Parry. I doctored with our family doctor, G. L. Beswick, for some time, then I quit him and went to Dr. Byers on Sixth Ave., Pittsburgh, and he did me no good; then I went back to Beswick and I could still walk around, but I got so I could not get up at all without misery. Now these doctors did not seem to know what ailed me, but "Dad" Parry did and is certainly bringing me around all right.

I cannot find words to express how grateful I am to him for what he has done for me and I know of others that are too, for they told me themselves. He is certainly helping suffering humanity wherever he has an opportunity.

I passed about a pint of gall stone in the short time, and I have only been taking "Dad's" treatment since the 8th of March, 1917.

"All healing is divine," saith the Lord.

I, Mrs. John Duecuster, Penn Ave., Wall, Pa., have taken an affidavit which will accompany this letter.

Commonwealth of Pennsylvania, } ss.:
County of Allegheny, }

Before me, the subscriber, a notary public in and for the county and State, personally appeared Mrs. John Duecuster, who, being duly sworn according to law, doth depose and say that she has been doctoring with Mr. L. L. Parry and she is improving in health since doctoring with Mr. Parry. She further states that she doctored with Dr. G. L. Beswick of Wilmerding and Dr. Byers of Pittsburgh without results prior to doctoring with Mr. Parry; and further deponent saith not.

Mrs. John Duecuster.

Commission expires Jan. 22, 1921.

Ellwood City, Pa., Aug. 18, 1917.

I, Mrs. Charles Kramer, being a patient of Mr. L. L. Parry, of 1125 Penn Av., wish to let the world know the good I have got from this great man's treatment. I have had a great many doctors, when south I underwent many operations, but yet did not get well. At last I was told all was done that could be done and my life was short, so I went to L. L. Parry and he has without pain or terrible examinations removed cancers from me. I also had dropsy, and in fact was afflicted all over. He with one

dose a week has made a new woman of me. My pains are all gone and I now weigh 131 pounds. My son Floyd, ten years old, has had a severe case of catarrh which made him dull and without any energy for anything. He also had a blood clot on the brain, which now has left with Mr. Parry's treatment. My son Raymond could not walk for nearly two years. Osteopaths and other doctors, also liniments, did him no good. With eight doses of this wonderful medicine my son walks and no one can see that he had been so disabled. Mr. Parry is doing wonderful work for the poor and suffering humanity. God grant that he may give his medicine without being molested any more. In the name of all suffering humanity.

Mrs. Charles Kramer.

Swisvale, Pa., Allegheny Co., Aug. 20, 1917.

Personally appeared before me, a notary public, Mrs. E. C. Pool, who, being duly sworn according to law, doth depose and say, that I have been treated by a number of doctors for eighteen years for catarrh of the head, throat, and stomach, and nervous prostration, backache, and stomach trouble and female weakness. I was so bad I was almost helpless at times. I thought I could hardly live. I took electric treatment and the osteopath treatment, then I went to Dr. Worder, Pittsburgh; he advised me to go to the hospital at once and have four or five operations performed on me. I heard of Mr. Parry and decided to try him as a last resort. After taking his medicine I passed different things from my stomach and bowels. I sent them to a doctor; he said they were cancer of the bowels. I feel greatly relieved and better in every respect. Am now able to do my own work and can eat most anything, things that I could not eat for years, and I will have to recommend Mr. Parry's medicine to all suffering people.

East Liverpool, Ohio, Aug. 17, 1917.

I, the undersigned, will swear, God being my judge, that I could not do my own work without terrible suffering, could not wash, iron, sweep, or mix bread; was told by six different doctors that I had gall stones and a tumor in my side, and that I could not live without an operation; would take sick spells and all my family thought I would die. Dr. Marshall, of East Liverpool, one of our best doctors, was my last doctor. Dr. McDade also said nothing but an operation would save my life. Went to Leonard L. Parry, Pittsburgh, Pa., and my life has been spared with his wonderful medicine, and I am a well woman to-day. Have taken twenty-five doses of medicine and have not had a sick spell since taking the first dose; the large lump in my side is entirely gone; have passed a great many gall stones and am doing most of the work in the restaurant I am running.

Mrs. Robert Brown,
1642 Pennsylvania Ave.

Sworn to before me and subscribed in my presence this 17th day of August, 1917.

Wm. H. Burgess,
Notary Public.

East Liverpool, Ohio, Aug. 17, 1917.

I, the undersigned, do swear that I was sick with rheumatism, had doctored for it, and also went to Mt. Clemens and took baths; received some relief, but when I started to work it came back as bad as ever. Heard of Leonard L. Parry and went to him, and he has helped me until I haven't any more pain and work every day, and I do solemnly believe that he will cure me if I can continue to get the treatment. Also have a boy that was troubled with bed wetting, who is nineteen years old, and seven doses of Mr. Parry's medicine cured him; he hasn't wet the bed since February, 1917. Trust that Mr. Parry will be permitted to continue his good work.

Robert Brown,
1642 Pennsylvania Ave.

Sworn to before me and subscribed in my presence this 17th day of August, 1917.

Wm. H. Burgess,
Notary Public.

Carrick, Pa., Aug. 19, 1917.

I had four children; the oldest was born December 9, 1912. The fourth one was born December 7, 1915. After the fourth child was born I suffered with such terrible pains in my sides that my family doctor said it was caused from weakness and having my children so close. I menstruated Feb. 15, 1915, and on March 15, and still had the same pains as in bed. I would call them after pains. Remember I had them almost steady. I went to Dad Parry March 21, 1915, took the medicine and on March 25, 1915, menstruated again; there were all kinds of clots came from me. I haven't had any pains since. With every one of the children I had swollen veins; with the fourth child I could not walk nor even stand; the doctor could not give me anything to relieve me; said I should try and stay off my feet. An aunt asked Parry if he could help me, but I was soon to take sick with the fourth child and he said it was too late to start taking medicine. With every child the veins would be more and larger. I had been taking the medicine one year and had to stop to give birth to twin boys on the 24th of May, 1917, but started when the twins were seven weeks old. I never had a vein nor felt better while I carried them. My little girl, the third child, was ruptured when she was four weeks old. My doctor ordered a truss. I paid $2 for it and thought she suffered with it and she only wore it a few times. She was sixteen months old all but a few days when I took her to "Dad" Perry. I did not have much faith in him, in fact I only knew him, but thought I would try and see what he could do. That was March 21, 1915; it was through taking her that I took the medicine. She took the medicine three times when her rupture was up, but I left her to take it a few months. She'll be three years on November 25, and I have never seen the rupture down since she took the third dose. One of the twins is ruptured since he was two weeks old. I started him to Parry's when he was seven weeks old; he is 10 weeks old now, but just took the medicine twice, and I am sure Dad will cure him. What Dad did for me is enough to show what his medicine can do. Before Almighty God I swear this is the truth and nothing but the truth. I wear glasses, have been wearing them since I was six years old; am now twenty-five years old, never had my glasses off longer than a day, that was when they were broken. My eyes feel much stronger since I am taking the medicine.

Mrs. Henry P. Recker,
2004 Covert St.

Sworn to and subscribed before me this 20th day of August, 1917.

Fred. A. Sueher,
Notary Public.

Commission expires Feb. 19, 1921.

Pittsburgh, Pa., Aug. 14, 1917.

I was treated for stomach trouble and rheumatism by Dr. William Fredericks for ten years and for eye trouble for eighteen years by Drs. Matheyet and Moon. I was getting worse with my stomach trouble so that I could not eat any solid food until after I started with Mr. Parry in February, 1916. I wore glasses during my treatment with Drs. Matheyet and Moon and I have now gone without glasses since March, 1917. As for my stomach, I can eat anything. Hoping this well help the cause of suffering humanity.

Commission expires first Monday in January, 1920.

Pittsburgh, Pa., Aug. 14, 1917.

For three years I suffered with my stomach, nerves, and dizzy spells; I would get so dizzy that I almost fell over at times. My nerves were so bad that I could not sleep at night. I would get such pains in my head that I thought I would lose my mind; and I would have those pains for a whole week at a time. I was so weak and run down that I wasn't able to work for seven weeks; I could not eat. I had no appetite for anything. I tried four different doctors. Tried patent medicines, but only found relief for a short time. I began treating with Mr. Parry on Jan. 26, 1917. I have not lost a night's sleep or a day's work since. I can now eat most anything without trouble. I know Mr. Parry has done wonders for me for the short time I have been taking his medicine.

Mr. Jos. A. Weider.

Frank J. Shellman,
Alderman.

Commission expires Jan. 5, 1920.

Rankin, Pa., Aug. 14, 1917.

I was sick for thirteen years. I doctored with specialists and with my own family doctor, M. L. Glenn, of Swissvale, and he said I would have to go to the hospital. I had tried every medicine I thought would help me, but got no relief. I went to "Dad" Parry three months and I passed a large glass of gall stones, and I kept that up every week after I had my medicine till I passed four glassfuls, which I can prove by my neighbors. I am well again and do my own washing and am janitor of U. P. Church

of Rankin. I have lived in Rankin thirty years. I am well known. My little girl is four years old and had eczema from birth and "Dad" Parry has cured her. Thank God and Mr. Parry for what he has done for us.

Justice of the Peace.

Commission expires first Monday in January, 1922.

1100 Trenton Ave., Wilkinsburg, Pa., Aug. 3, 1917.

I had a very bad case of bronchial trouble and lost my voice. My throat and chest finally got in such a bad condition that I took hemorrhages. One week I had fifteen and I was so weak that I could not get around any more. The doctors gave me no relief and said the only thing I could do was to go to some other climate. They thought I had a tubercular condition of the throat. I came to Mr. Parry and was greatly relieved in a short time and I am now enjoying good health. Had it not been for Mr. Parry I would not be living to-day, for the doctors told me there was no use to take medicine. Mr. Parry is certainly a wonderful man.

Bula W. Poff.

119 Thompson Ave., East Liverpool, Ohio, Aug. 3, 1917.

I doctored with the most capable physicians for a period of seven months, for heart, stomach, liver, ovaries, and appendicitis. None of them ever was able to give me any relief. I was told that the only possible chance I had was an operation. In that period I had been confined to my bed for five months. Then I was told of Mr. L. L. Parry, and as the last resort I gave him a trial, and now I am eating three meals a day and am feeling fine. I have not been confined to bed since I have been taking his medicine, which is now three years.

Commission expires first Monday in January, 1920.

Cuddy, Pa., Aug. 13, 1917.

I had dropsy, Bright's disease, bronchitis of the lungs, catarrh of the head and throat, deaf in my left ear for twenty years. I was under the care of three doctors and none of them could do me any good, and they said it was only a matter of time for me, as I was incurable. I gave up preaching for five months and started with Mr. Parry October, 1915. I am now getting along finely. I have no more dropsy, no more Bright's disease; I can hear with my left ear and am getting along finely in every other way. I have now been preaching again for over a year and when I started with Mr. Parry I was a total wreck, and there is no doubt in my mind but what I would have been dead long ago had I not started with Mr. Parry. I believe that he is a Godsent man and it is a miracle the good that he is doing in helping the poor and needy both soul and body. He is doing a great work and my prayer is to the Living God that he will continue to bless him for the blessed work he is doing, for he is doing great things, things which I have seen with my own eyes, for

I visit him twice a week and I see this great work that he is accomplishing in helping the poor and distressed. My prayer is that God will open the way for him that he can give his medical treatment without any trouble.

Joseph T. Hombals,
Justice of the Peace.

Commission expires first Monday in January, 1922.

Pittsburgh, Pa., Aug. 1, 1917.

In behalf of results received from Mr. L. L. Parry's medicine, which I have been taking since July 27, 1916. I have had epilepsy for the past ten years. In the last seven years I have been unable to hold a position. For two years, 1914 and 1915, I took treatment from one of the world's noted specialists, Dr. Mills of Philadelphia, Pa. A temporary relief only was obtained. Another noted physician, Dr. C. F. Linn, of Monongahela, Pa., would not treat me, for the fact of knowing he could give but a temporary relief.

I started to take Mr. Parry's medicine July 27, 1916, and am still taking it. Since starting to take Mr. Parry's medicine I have been able to work every day, and to-day am fully a 99 per cent well man and fully expect to be entirely well in but a short time, by the use of Mr. Parry's medicine.

Matthew F. Seng.

My commission expires Feb. 7, 1919.

Carrick, Pa., Aug. 1, 1917.

I have been treated three years by Mr. Parry. I have had liver trouble for years and have doctored with other doctors and had relief just a short time. Then the same trouble would start again. I would have so many funny spells which all came from my liver; now I am cured; have not had a spell since I started with Mr. Parry. I had backache for months. Mr. Parry said my kidneys were bad and has cured that. I have a spitting from my chest and throat which I had all my life; have been taking medicine for this as long as I know myself and now it has nearly all left me. Mr. Parry's medicine has done wonders with my chest. It has expanded also. I am deaf and expect to get my hearing, to get better, but it will take a while. I expect the medicine to work on my head next, since it is doing my chest so much good. I can't say enough about myself. I am so glad I am as well as I am. It has made a different person out of me; I am stronger and better in every way. I was so nervous I doctored for years and took all kinds of medicine for it, but no relief; in fact I thought my nerves would never get better. After I took Mr. Parry's medicine about two years I could say my nerves were

cured. I hope God will spare us this man. If the law takes him from us they may as well take our lives, as Mr. Parry's medicine is the only medicine that can cure us. We need better men and women in this world and if they only give Mr. Parry the chance he can do it. God bless Mr. Parry and save him for us sufferers.

Brilliant, Ohio, July 7, 1917.

MRS. F. ROBERTS

One year ago last February, 1916, I began taking treatments from Mr. L. L. Parry for gall stones and cancer of the liver and catarrh in my head. Since taking his medicine I passed nearly one hundred gall stones and I feel that I have no more and also I believe I am about cured of my cancer, and if I can only get Mr. Parry's medicine just a little while longer I will be cured sound and well. Prior to Mr. Parry's treatment I was ailing several years, not knowing what was wrong with me, but was being treated by so many doctors, but I was getting worse all the time. My doctors prior to Mr. Parry were Drs. Reed, Fulton, McKayal of Wheeling, also Dr. Voke of Columbus, Dr. Grismore of Brilliant, Ohio. My statement is this: If I had not found Mr. L. L. Parry I am sure I would not be living to-day. I was not able to do any of my housework without great suffering and could only do a small amount. Thanks be to Mr. Parry. I have this summer and spring done all my work, cleaning and taking care of six rooms and a garden. His medicine has been a blessing to me. Thanks be to God that I found Mr. Parry, and it is my prayer that Mr. Parry will continue blessing the suffering humanity by his medicine.

Mrs. Frank Roberts,

MRS. M. NIGENGERT

420 Colton St., Millvale, Pa., Aug, 6, 1917.

I am 75 years old. I was almost blind and had to be led around for fear of falling. Through the help of L. L. Parry, I can see again and go about for myself, and am an altogether different person. My neighbors and friends cannot wonder enough that I am still living, as they thought I wouldn't live. But, praise God, through the help of L. L. Parry I am a stronger woman to-day than I have been in years.

Mrs. Mary Nigengert.

State of Pennsylvania, } ss.:
County of Allegheny, }

Sworn and subscribed in my presence this 6th day of August, 1917.

W. A. Young,
Notary Public.

My commission expires April 12, 1919.

Bridgeville, Pa., Aug. 18, 1917.

My little girl Ruby was sick ever since she was born. I have doctored with the best physicians for her. They did not know what was wrong. I took Ruby to Mr. Parry. Now she is strong and has the best of health. My little girl and boy had paralysis. My little boy was unable to walk. He now has good use of his limbs. They both now are healthy children after taking Mr. Parry's treatment. I had stomach trouble for three years, during which time I tried different doctors; most everything I ate hurt my stomach. After taking Mr. Parry's treatments I am able to eat anything that is set before me.

W. T. Remaley,
R. F. D. No. 1

Sworn and subscribed before me this 18th day of August, 1916.

George H. Betzhoover,
Justice of the Peace,
Castle Shannon, Pa.

My commission expires first Monday in January, 1920.

Bridgeville, Pa., Aug. 18, 1917.

I have been sick seven years or more, unable to do any work at all. Practically in bed four years. I have doctored with the best physicians in Oil City and they did not help me any. After ten treatments with Mr. Parry I did all my work. Now I am feeling fine and enjoying best of health.

Mrs. W. T. Remaley,
R. F. D. No. 1

Sworn and subscribed before me this 18th day of August, 1917.

George H. Betzhoover,
Justice of the Peace,
Castle Shannon, Pa.

My commission expires first Monday in January, 1920.

212 Florien St., McKees Rocks, Pittsburgh, Pa.,
July 25, 1917.

After suffering for five years, from milk leg and cancer of liver, trying physicians and specialists, I received no relief. Physicians said I was incurable. Suffering untold agony, I was induced to try Mr. Parry's wonderful medicine, receiving some relief. Have taken the medicine for about eighteen months, am feeling much better, and am sure he will cure me. There are no words which can express the good he has done suffering humanity.

This is the truth, the whole truth, nothing but the truth, to which I am willing to take my oath.

On Tuesday, the 24th, I passed a good many gall stones. I did not know I had gall stones. God bless Mr. Parry for what he has done for suffering humanity.

Mrs. Mary Davis.

Sworn to and subscribed before me this 6th day of August, 1917.
W. T. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Jeannette, Pa., Aug. 18, 1917.

Our son, Clifford C. Porter, aged nine years, has suffered for some time with a disease of the eyes; we have consulted several specialists, who have pronounced his case hopeless; his sight was impaired until he was almost blind. We finally consulted Mr. L. L. Parry and received treatment for the boy; at the present writing the boy has improved wonderfully, both in sight and physical condition.

Earl V. Porter,
Mrs. Earl V. Porter.

Sworn to and subscribed before me this 18th day of August, 1917.
M. Homer Miller,
Justice of the Peace.

Commission expires first Monday in January, 1918.

Youngstown, Ohio, Aug. 2, 1917.

I am an old man and my case being of long standing I didn't expect to get a cure in a few months. I have been taking Mr. Parry's treatment since October and have been benefited by it and I expect to be cured by his treatment if I keep it up long enough. Truthfully I cannot commend him too highly.

R. A. Baker,
309 Edwards St.

Sworn and subscribed in my presence this 17th day of August, 1917.
Joseph C. Miller,
Notary Public.

Pittsburgh, Pa., Aug. 12, 1917.

I have been greatly benefited by Mr. Parry's medicine. I have been ill about two years, failing to obtain the desired results from my own doctor. My attention was called to Mr. Parry's medicine treatment, which I have taken for three months with the best results.

Mrs. M. F. Daly,
7608 Kelly St.

D. K. Thompson,
Notary Public.

My commission expires March 9, 1919.

Pittsburgh, Pa., Aug. 16, 1917.

Mr. Parry has done me considerable good in regard to my health, as I am improving rapidly under his treatment.

Miss Agnes Bougartz,
7808 Tioga St.

Sworn to and subscribed this 17th day of August, 1917.
Fred Bruckman,
Notary Public.

Commission expires Jan. 30, 1921.

Pittsburgh, Pa., Aug. 17, 1917.

I have had rheumatism fifteen years; doctored for ten years, but was not cured. Got it so bad in my feet I could not go on the street except when I could get some one to go with me to help me, and started to Mr. Parry's for medicine with two persons helping me. In six months I was able to go alone; to-day I need no one. I go every place. I go to the street car and train without fear of falling. No man has done more for the sick and suffering than Mr. Parry; he is a Godsend for humanity.

Mrs. L. Galagher,
300 Fram St., Pittsburgh.

Sworn to and subscribed this 17th day of August, 1917.
Fred Buckman,
Notary Public.

Commission expires Jan. 30, 1921.

Pittsburgh, Pa., Aug. 18, 1917.

My sister, Miss Amanda, has been sick for seven years with various troubles, catarrh, chronic chest, and lung trouble; has been in bed months at a time. Last November she started taking Mr. Parry's medicine, which was the best thing for her; now she is able to do all the housework and feels much better. Thanks to God and Mr. Parry for this great change, as it was so hard for her to be spending money on doctors who were considered the best, and they did her so little good. People who knew her condition are amazed at the change and hope that the Great God will shower great blessings on this wonderful man, Mr. L. L. Parry, who is doing so much for suffering humanity and the poor that are not able to pay to get the same treatment as those that pay, as I am told. My brother has started taking the medicine for stomach, kidney, and liver trouble. For many years he has doctored with many doctors, but Mr. L. L. Parry is doing him good. I myself have started taking the medicine for the last five years; have had nervous catarrh and chest trouble; in fact am all broke up at different times; had to be out of work six months at a time. Doctored with I feel like saying every doctor, as I had so many with little results. I am able to say there is a change in my condition and truly think in a short time I will be a changed person.

Brother and myself began taking the medicine after seeing how much good it had done for sister and others we know.

Miss Emma Diebold,
1122 Warrington Ave.

Sworn and subscribed to before me this 18th day of August, 1917.
Arthur Einert,
Notary Public.

Commission expires Feb. 21, 1919.

New Castle, Lawrence Co., Pa., Aug. 8, 1917.

Without any exaggeration, after trying many doctors, and receiving very little if any help, and after taking nine doses of Mr. L. L. Parry's medicine, I have been very much helped and expect to be cured of hardening of the liver, or cancer of the liver, what other doctors pronounced chronic, a mild way of saying incurable.

Mrs. Emma Smith.

Sworn and subscribed to before me this 18th day of August, 1917.
L. Lee Cooper,
Alderman.

My commission expires first Monday in January, 1918.

Commonwealth of Pennsylvania,

City of Pittsburgh,

Before me, the subscriber, an Alderman in and for the said city, county, and State, personally appeared Sili Alukonis, who, being duly sworn according to law, doth depose and say: That she has been sick for thirteen years, and went to a good many doctors around here, and it did not seem to help her; then she heard about Mr. Parry and went to him. She has been going to him for two years, and he seemed to do her good and further deponent saith not.

Sili Alukonis.

Sworn and subscribed before me, this 6th day of August, 1917.
C. J. Bleichner,
Alderman.

My commission expires Jan. 5, 1920.

Steubenville, Ohio, Aug. 3, 1917.

I have been in the doctor's care for thirteen years, including every doctor in Steubenville, also Dr. Row of Wheeling, W. Va. I was also examined by twenty-one doctors in the Allegheny General Hospital of Pittsburgh, Pa., and none of them could understand my case.

I began treatment at Mr. Parry's Feb. 18, 1917; previous to this I was

confined to my bed seven months. Three months from this date I passed a cancer of the bowels, and was able to be about, but do not do any heavy work. I have also an enlargement of the liver and a goitre, which are reducing as well as can be expected. I also sleep well and can eat well, as before I could not.

I hereby make this statement as true.

Mrs. Berrie Miller,
907 Sherman Ave.,
Steubenville, O.

Sworn and subscribed to before me this 3d day of August, 1917.

W. D. Downey,
Justice of the Peace,
Steubenville, Ohio.

W. D. Mansfield,
Alderman.

My commission expires Jan. 4, 1920.

Lincoln Place, Pa., July 30, 1917.

I have been suffering for years with high blood pressure. I have tried different doctors and treatments, but they could not do much for me. I finally got so bad that our family physician told me that if I wanted to live I would have to give up my work. I could not afford to do that, and finally I decided to try Mr. Parry's medicine, as it had been highly recommended to me. After the first trip I went to work and have been working ever since. I have taken seven doses of his medicine and the improvement in my condition is wonderful. I hope that Mr. Parry will be permitted to continue giving his medicine to his patients, as I feel that he has done, and is doing for me, what no one else could, and that others may be helped, as I have been.

E. J. Mitshelen.

My commission expires Jan. 16, 1921.

McKees Rocks, Pa., July 31, 1917.

I suffered with tuberculosis of the hip for many years. I walked with two crutches and suffered great pain continually. I had the best known

doctors in Allegheny County, but found no relief. After taking ten months' treatment from Mr. Parry I began to walk very nicely with the aid of a cane. My pain is almost entirely gone, and I feel better in every way.

Mrs. Edith E. Wyke,
233 Marion St.,
McKees Rocks, Pa.

Sworn and subscribed to before me this 15th day of August, 1917.

C. M. Christiansen,
Justice of the Peace.

Commission expires Jan. 5, 1920.

Punxsutawney, Pa., Aug. 7, 1917.

After a long siege of illness Mr. Parry has given me relief. I had tried nearly everything that anybody told me in the line of patent medicines. I doctored with every doctor that anybody told me was good, but got no relief, for my back, stomach, and eyes. After taking Mr. Parry's medicine for three months I discarded my glasses, that I had worn for one year, and the awful pains have left my back, after I had passed a lot of gall stones, and now my stomach does not bother me as it did. I can eat nearly anything that is put in front of me. I started taking Mr. Parry's medicine one year ago, and am now an entirely new man.

S. J. Frederick,
R. F. D. No. 86, A Box, No. 2,
Punxsutawney, Pa.

H. M. Means,
Justice of the Peace.

My commission expires the first Monday in January, 1918.

R. F. D. No. 2, Box 86-A, Punxsutawney, Pa., Aug. 8, 1917.

I have been a sufferer for years with head, liver, and kidney troubles. Had a serious operation. I doctored with Dr. Benson, and finding no relief, I tried Dr. Walters, but found I was getting weaker. I had pleurisy and was threatened with tubercular troubles. And further, the more I doctored, the worse I got. Being advised to try Mr. Parry, I can safely say I gained in strength, and he removed several cancers and gall stones. I wore glasses for about fourteen years, and never need to put them on now. And I think Mr. Parry is a Godsend to all sufferers, to myself and my family. Since I took Mr. Parry's treatment I feel greatly benefited, and feel I am getting cured.

Mrs. S. J. Frederick.

Sworn to and subscribed before me this 15th day of August, 1917.

H. M. Means,
Justice of the Peace.

My commission expires first Monday in January, 1918.

1412½ Hunter St., Wilkinsburg, Pa., Aug. 12, 1917.

Since I have been taking treatment from Mr. Parry I have been greatly benefited. I feel a hundred per cent better than I did before I started taking his medicine. I truly believe if I continue taking his medicine I will be cured. I doctored with other doctors for over a year, but they did me no good. And I hope that Mr. Parry will be allowed to continue in the good work he is doing, for it is a Godsend to all humanity.

Mrs. Bessie Parr.

Thomas Sheehan,
Justice of the Peace.

My commission expires Jan. 1, 1922.

105 Reed Ave., Monessen, Pa., Aug. 9, 1917.

Before I took the Parry medicine I could not do anything. After doctoring here in Monessen over a year I tried a specialist in Pittsburgh for three months' treatment for kidney trouble. I had catarrh in the head, and a small tumor, down low in the neck, on the glands. Since I have been taking Mr. Parry's medicine my catarrh and tumor are gone. I feel the great blessings I have received from Mr. Parry's medicine. And now I can do my own work. Mr. Parry's medicine is a blessing to humanity.

Mrs. T. Thomas.

Sworn and subscribed to before me this 20th day of August, 1917.

James A. Watkins,
Justice of the Peace.

My commission expires the first Monday in January, 1918.

23 W. Montgomery Ave., N. S. Pittsburgh, Pa.,
Aug. 7, 1917.

I was troubled with nervous breakdown, rheumatism set in, and I suffered intense pain. I heard of Mr. Parry through a policeman whom Mr. Parry had cured of rheumatism, and I was anxious to see him, and when I inquired about him, he was not to be seen then, so I waited patiently. At last I got to see him. And I cannot praise him enough for

what he has done for me. I feel like a different woman, and can now do all my own work. I will always be glad to say and do all I can for Mr. Parry.

Mrs. S. Linn.

Sworn and subscribed to before me this 15th day of August, 1917.
Margaret M. Reardon,
Notary Public.

My commission expires Jan. 2, 1921.

Monessen, Pa., Aug. 17, 1917.

I was sick for four years. I had all the doctors I thought about. I went to specialists and it cost me a couple hundred dollars and I went to Mr. Parry and got cured. The doctors said my money was not enough; they took me and operated on me, and they guaranteed that after the operation I would be like a new woman. But after all my blood was taken, I was so weak that I could hardly lift my hands up; I could not light the lamp. But now, every evening I give thanks to God, that I found out about Mr. Parry and his medicine. I have five children since I started your medicine. I now work and feel like a new woman, and I wish Mr. Parry would live long and help the people from all sickness. I was treated by seven doctors close to town, and others at distant points, the number I cannot remember. Not one of them helped me or did me any good.

Mary Rodach,
511 Ninth St.,
Monessen, Pa.

Sworn and subscribed to before me this 18th day of August, 1917.
A. N. Shuster,
Notary Public.

My commission expires March 9, 1919.

711 Emlin St., N. S. Pittsburgh, Pa., Aug. 7, 1917.

I have been suffering for over twenty years with a tumor. Doctors told me I could not live without an operation; they would not prescribe for me.

Since the 20th of July, 1915, I have been taking Mr. Parry's medicine. It gives the only relief I have ever found. I am feeling like a different person.

I think Mr. Parry is a Godsend to suffering humanity.

My commission expires Jan. 22, 1921.

517 Rosedale St., Pittsburgh, Pa., Aug. 6, 1917.

I have been troubled with headaches of which I do not know the cause for fourteen or fifteen years. Some doctors said it was from my nerves,

but they did not relieve me any. I got a prescription for glasses eight years ago on the advice of Dr. Sullivan of Lincoln Ave., but they did not relieve me very much, outside of the strain on my eyes. About two years ago I doctored for bronchitis, after which it seems I got some relief. When I first had these headaches I carried them from twenty to twenty-four days a month. In the last two years they were not so severe.

Last January I went to Mr. Parry's and began his treatment. In a few weeks I commenced to see a difference. I felt better and as time went on I improved. The haggard look in my face left and other minor ailments left. Since starting his treatment I can truthfully say that I do not have a headache twice a month and that only slight. I am in better health at present than I have been for fifteen years or since I was mustered out of the Spanish-American War.

Corfu St., 20th Ward, Pittsburgh, Pa., Aug. 8, 1917.

I have been taking Parry's medicine for two years and I am completely cured of rheumatism, lumbago, catarrh, and liver trouble. My wife is cured of ovary trouble and fainting spells and cancer of the stomach. My daughter was short of breath, caused by liver being too large. I think Mr. Parry's medicine is needed by thousands that are not getting it.

Louis Stanley.

Sworn to and subscribed before me this 8th day of August, 1917.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Poplar St., McKees Rocks, Pa.

I have taken Mr. Leonard L. Parry's medicine but a short time and I know he has helped me. I used to get up almost every morning with a headache and had dizzy spells frequently and I have been feeling a whole lot better the last two or three weeks.

Caroline Reiss.

I have taken Mr. Leonard L. Parry's medicine since January and find it has helped me wonderfully.

For about seven years I've had catarrh of the head and throat and at times could hardly breathe. Since taking Mr. Parry's medicine I don't have that trouble and in other ways feel much better, and I know he will help me more.

Emma Reiss.

It is really a pleasure to bear witness to the marvelous efficiency of the Parry medicine. I had been suffering from rheumatism and inward trouble for many years. Three years ago I went through an operation, but it was not successful. For nearly two years I had been suffering from distressing pains caused by operation. I had been under the care of Dr. Bucek and Dr. Baiers, but without result, but since taking Mr. Parry's medicine I am able to do my work.

I am indeed grateful to Mr. Parry's medicine.

My commission expires first Monday in January, 1920.

Edgewood, Pa., July 23, 1917.

Early in the spring of 1915 I commenced to have trouble with my stomach and was under the care of Dr. W. W. Hones and other doctors for over one year without obtaining any relief whatever or getting any definite diagnosis of what was the cause of my trouble: during all of this time I was suffering the most acute pain and lost all appetite for food of any kind and became emaciated and so weak that I could not work at all. In June, 1916, I consulted Drs. Johnson and Greer, X-ray practitioners, of Pittsburgh. After a thorough examination and taking of nine different pictures, they told me I had an ulcer in my stomach and that was all that was ailing me. I then went to Dr. O. C. Gaub, of Pittsburgh, and he advised me to go to the hospital and have the ulcer removed. On the 5th of July, 1916, I went to the Columbia Hospital and on the next day Dr. Gaub opened my abdomen to make an examination of the stomach; upon doing so he found a cancerous growth in the stomach of such size and in such a condition that to have removed it would have been certain death to me. He closed the wound and after it healed I went home; the doctors all said I could live only a short time at best.

Having heard of Mr. L. L. Parry of 1125 Penn Ave., Pittsburgh, from persons who had taken his medicine and had been cured of it, on Sept. 7, 1916, I went to see him and began taking his treatment; after taking two doses of it, I commenced to get relief from the acute pain. I have continued taking treatment up to the present time with the result that I have gained considerable strength and have been able to do some work ever since. In the month of May, 1917, I called at Dr. O. C. Gaub's office, the surgeon who operated on me in the hospital; he examined me and decisively stated that the growth in my stomach was not more than one-half as large as when he performed the operation. I know that I have been greatly benefited and surely believe that if I can continue to take Mr. Parry's treatment I will fully recover from this disease.

Hoping that Mr. Parry may be allowed to continue the good work he is doing for humanity, I remain,

Charles P. Hill.

N. S. Pittsburgh, Allegheny Co., Pa., Aug. 8, 1917.

Mr. Parry's medicine is doing us a wonderful lot of good. My little girl had whooping-cough when she was a year and a half old and a Dr.

Thomas McMurray from Wilkinsburg, Pa., at that time had given her medicine to check the cough; instead of all the phlegm and mucous being coughed up or vomited, which most all children do, when having whooping-cough, hers worked down into the stomach, and we have been doctoring for her stomach since that. After eating her meals she would complain of pains in her stomach and abdomen, and all her food would pass through her bowels undigested, yet I followed the doctor's directions carefully and gave her medicine regularly. We got no cure nor relief for her, until we started her at Mr. Parry's in January, and now she eats most anything we do, and does not complain any more. She certainly has improved wonderfully.

I have had rheumatism, indigestion, and a terrible cough ever since I was thirteen years old. I coughed summer and winter, and day and night. Sometimes I had to stay in bed for weeks, when the cough had a good hold of me. Every year I grew gradually worse. All the doctors I went to said my lungs were affected, and the year before I was married my mother tried to take out an insurance policy at the Metropolitan Insurance Company, and they turned me down, saying I had consumption. I also tried all kinds of other medicines, besides taking medicines from doctors, but all I got was a little relief and no cure. Since I have been taking Mr. Parry's medicine my cough has stopped entirely, after taking it three months, which I am most thankful for. I have been taking his medicine since November 23, and do not get rheumatism any more, and have very little indigestion, which I expect to get rid of after a couple more treatments. After seeing how much good he has done for me and my daughter and others, that I have talked to at his office, I have started in several other patients, who are getting such wonderful results, as we have been getting, that they are recommending him to others also. Parry's medicine is a Godsend to this world. He helps the crippled, cures the sick, and restores sight to the blind, and many other diseases. He should be given most consideration.

Mrs. Anna Humel.

Woodlawn, Pa., Aug. 7, 1917.

I have been taking Mr. L. L. Parry's medicine since last March for the loss of voice and catarrh of head and throat and I am improving finely. I did take treatment from Drs. Tucker and J. R. Powell, specialists, of Pittsburgh, for about six months and did not get help, but after taking Mr. Parry's medicine for about two months I notice the improvement and have been improving ever since. I have gained about twenty pounds in weight and am still gaining. I think Mr. Parry ought to give his medicine to all that suffer without any interference from any one. I think he is a Godsend to suffering humanity. I have been a sufferer for about six years.

Pittsburgh, Pa.

Commission expires Jan. 22, 1921.

Pittsburgh, Pa., Aug. 1, 1917.

For a number of years I have been doctoring with different doctors and they all said I had rheumatism; I got so bad and my hands crippled up so badly that I could not put on a pair of gloves, and could not cut bread for my children; I lay days at a time not able to move; I would have to call in the neighbors to cut bread for my children. With all my doctoring I got worse, till I was recommended to go to Mr. L. L. Parry of 1125 Penn Ave., and the first dose of medicine relieved me, and I have improved so much that I can do my own work and my hands are nearly back to their normal shape. I can't praise Mr. Parry's medicine too highly, for if I had been taking the doctor's treatment I would have been in my grave. After I had seen the benefits I derived from his medicine, I took my little girl Margaret, eight years old, who was ordered home from school to be operated on for adenoids; she was so bad that I was afraid to go to sleep at nights for fear that she would choke to death, and her eyes were closed every morning when she got up. Her adenoids and tonsils are fine; she sleeps finely and I did not have her operated on. The rest of my family also take the medicine; it would take all day for me to tell of the good he has done them. They are all good and healthy now. I don't need to be running to the doctor with them all the time. Parry's medicine has been a Godsend in my household, and it is also to all suffering humanity.

Before me, the subscriber, a Notary Public in and for the county and State aforesaid, personally appeared Miss Henrietta Smith of Pittsburgh, Pa., 330 Princeton Place, E. E., deposes and says that she, her father, and six of her brothers and sisters were born blind. Deponent avers that by taking L. L. Parry's medicine she got to see to walk around a little by herself, which enables her to make her own living peddling. She had a large tumor which came from an operation for appendicitis, which is now entirely cured. Her tonsils were swollen out past her cheeks. Her doctor, Shallcross, who is a specialist, says Mr. Parry's medicine has given her a new throat and the same is building up her system so much that he wishes her to keep on taking Mr. Parry's medicine. Prior to taking Mr. Parry's medicine she had thirteen operations and afterward was so ill she could not get around any more. Miss Smith says if you were getting so much benefit and were commencing to see so you could make your own living *would you like to give it up? Would you like to put such a man behind the bars?* For God's sake spare Mr. Parry to us.

Henrietta Smith.

Avalon, Allegheny Co., Pa., Aug. 17, 1917.

My son, Harral Reno, aged 7, who was naturally a bright and normal baby, at four years of age became afflicted with a strange nervous condition which seemed to date from a severe fall, on the back of his head, but which none of the physicians consulted seemed to be able to diagnose or relieve. Beginning with severe screaming spells, brought on by no apparent cause, he became extremely irritable; he stopped talking except to make the most necessary requests and would shake his head and play with his fingers whenever left to himself. He was operated on for diseased tonsils and was temporarily better, but was relapsing into former condition. Began using the Parry medicine last February; after one month's treatment he began to improve. He is now fast regaining his original brightness of intellect and has lost all the extreme nervous symptoms.

Avalon, Allegheny Co., Pa., Aug. 17, 1917.

Before the undersigned authority personally appeared Vincent Kroen, of 107 Orchard Ave., Avalon, who, being duly sworn according to law, deposes and says that he is the head of the Kroen family, and my wife, Mrs. Isabel Kroen, has been taking the Parry medicine for six months for the treatment of weakened internal organs due to two childbirths in twenty-two months, which seemed to mostly affect the kidneys, causing painful urination; our baby girl, aged 11 months, has always been under normal weight, of extremely nervous disposition, and not thriving on any of the well-known or modern baby foods, our method of feeding being according to directions prescribed by physicians who specialize in this direction. Although it is early to expect any definite result, I feel greatly indebted to Mr. Parry for the apparent improvement. Mrs. Kroen seems stronger, the pains due to weak kidneys having entirely stopped; the baby has gained in weight, seems more cheerful, and is now acquiring a healthy color. We have great confidence in Mr. Parry's work, and it is our urgent desire to continue taking the treatment from the man, who at present is devoting his all interests of human life.

Vincent Kroen,
107 Orchard Ave.

Commission expires first Monday in January, 1918.

Woodlawn, Pa., Aug. 15, 1917.

For several years my son Roger had been suffering from stomach and kidney trouble. He was unable to take part in games with other boys on account of weakness. He had little or no appetite at meal time. He would come to the table, taste a little food and would have to leave. Two years ago we heard of the results of Mr. Parry's treatment and decided to take Roger to him for treatment. He is now able to take part in all lines of sports, has a fine appetite, and former weakness has left him. I have also been troubled with stomach trouble that has been the cause of my losing much work. After rising in the morning, I would have periods of vomiting and pains in my stomach, which left me very weak. I was also unable to rest well at night. About one year ago I commenced taking treatment of Mr. Parry, with the result that I now am no longer troubled with periods of vomiting in the morning. My general health is very much improved over what it was one year ago. The above statements are the truth.

Griffith Jones,
1027 Main St.

Sworn and subscribed to before me this 20th day of August, 1917.

Stewart C. Moore,
Notary Public.

Commission expires March 9, 1919.

Mingo Junction, Ohio, July 20, 1917.

I have been taking treatment from Mr. Parry since April 2, and feel much better now than when I began his treatment. I have passed considerable of a cancer and now feel confident that when I have finished my treatment I will be like a different man. I had been bothered with a pain in my side for nearly three years and had advice and medicine from three different doctors here, but got no relief. While I still have a little soreness in my side, I feel confident that Mr. Parry's medicine will cure me. Am glad to be of any assistance to Mr. Parry in his work.

Martin J. Barrett,

Sworn to before me this 20th day of August, 1917.

Geo. E. Dempsey,
Notary Public.

N. S. Pittsburgh, Pa., Aug. 8, 1917.

I have been troubled with catarrh of the head and throat, rheumatism and appendicitis. About a year ago I was stricken with appendicitis very badly; my husband sent for Dr. Ferree, Chestnut St., N. S. Pitts-

burgh, Pa., and he advised me to have an operation performed, which I was afraid to undergo, so a friend of mine who was getting cured by Mr. Parry, advised me to try him first, which I decided to do, and now I am not troubled with appendicitis any more, and feel greatly relieved from the catarrh and a few more treatments will have me cured entirely. I sincerely hope Mr. Parry will be saved from more trouble in the future, for he certainly has done a great deal for me and others.

Mrs. C. Stecklein,
1235 Voskemp St.

Sworn this 19th day of August, 1917.

John K. Schluderberg,
Alderman.

Commission expires first Monday in January, 1920.

Pittsburgh, Pa., Aug. 6, 1917.

Mrs. C. F. Davis

I was always delicate and nervous and had inward trouble. I came to Mr. Parry and after taking his medicine for a while I was relieved of a cancer, which had been causing all my trouble. It is on exhibition at Mr. Parry's office and I am improving every day. My little son was very sick and the doctors couldn't do anything for him. He couldn't eat anything and couldn't keep any of the doctors' medicines on his stomach. He got so weak and was simply starving to death. I came to Mr. Parry and after the first treatment I gave him whatever he wanted to eat. And Mr. Parry cured him. He is now a healthy boy.

Mrs. C. F. Davis,
1071 Silverdale St.

Pittsburgh, Pa., N. S., Aug. 9, 1917.

I had inward trouble and suffered a great deal from headaches and dizzy spells. For the inward trouble I was operated upon by Dr. Langfort at the St. John's Hospital six years ago, but obtained no relief. For some time after the operation I took treatments from my family physician, Dr. B. B. Smith (now deceased). He advised another operation and I laid plans to go to the Presbyterian Hospital to be operated upon by Dr. Williams. Upon hearing of Mr. Parry's many cures I decided to try him and sent word to Drs. Smith and Williams to the effect that I would not go under the operation at that time. Dr. Smith said I was running a big risk, but I am now feeling better than at any time during

the past eight years. I have taken my daughter to many physicians for treatment. Drs. B. B. Smith, S. G. Wertz, Zig, A. Wray Berkley, R. B. Ferree and others would not even treat her. Dr. Diller refused to treat her and advised that I send her to Polk Institution, charging $15 for this advice. Some physicians claimed that she was subject to epilepsy, for which there was no cure. She took osteopathic treatments for two years. We also had an X-ray picture taken at the hospital and were advised that no help could be given. Since starting with Mr. Parry she is growing and developing and the spells are fewer and her health generally improved. I think if she takes Mr. Parry's medicine a little longer she will be cured. On account of the good Mr. Parry has done for me, and has done and is doing my daughter, I think he should be licensed to administer to all who need his aid.

Fair Haven, Pa., Aug. 9, 1917.

About a year ago I went to see a prominent physician in F. H. in regard to my health. And he attended me and gave me medicine for about seven months, but practically did me no good. On Nov. 1, 1916, I went to see Mr. Parry relative to my case. Have been going to see him every week since I started and am still going. When I started to take his medicine I was on the verge of a nervous breakdown. My sight was very bad, it being necessary for me to wear glasses. My mind was affected. In fact, I was in an awful condition. Now I am a new woman, am almost completely cured and can go without glasses, which I was not able to do before taking Mr. Parry's medicine. I certainly cannot say enough for what he has done for me.

Amelia Harmening.

Am now forty-three years old, and when three years old had a discharge from the ears which could not be stopped by the doctors, caused by scarlet fever. West Penn Hospital examined me, and said the only thing that would stop the discharge would be to drill a hole back of the ear and cut a bone out, but I would be deaf. Since taking treatment of Mr. Leonard L. Parry, 1125 Penn Ave., Pittsburgh, Pa., the discharge has stopped and I am being greatly benefited. Hope Mr. Parry will be able to continue his treatments, for I know I will be entirely cured.

Pittsburgh, Pa., Aug. 9, 1917.

Two and a half years ago my eyes hurt me so badly that I had daily eyeaches, headaches, rheumatism occasionally, erysipelas, backache, constipation, and female complaints. Having heard so much about Mr. Parry's wonderful work and not having much money to put out, I decided that I would go to Mr. Parry's and take treatment. Since taking the medicine my eyes have been wonderful and my headaches are few and far between, constipation almost gone, rheumatism, erysipelas, pimples on my back gone, and my complexion is wonderful to what it used to be. I would not take thousands and thousands of dollars for the help that "Dad" Parry has given me and my one wish and desire is "Dad's" success.

Alderman.

Commission expires Jan. 1, 1918.

Natrona, Pa., July 18, 1917.

Before consulting Mr. Parry in regard to my sickness I had passed through two very serious operations, being attended by six different specialists in regard to my trouble. Thus after spending time, money, and untold agony I was at last informed that there was no cure for my case by Dr. Harvey Donnell, who has since died, but whose honesty as a practicing physician could not be questioned. At the time of my first visit, which was Sept. 28, 1916, I was on the verge of a nervous collapse, being unable to perform any of my household work. I have since been consulting Mr. Parry each week, and find that his medicine has done me a world of good, having so far recovered that I am now able to perform my household duties, and find that it gives me much pleasure to do so, whereas I suffered greatly before. As for the work he has already done and which all good able minded people hope he will be allowed to continue, I realize that he has certainly improved my health wonderfully and am sure there are many others who will say the same.

Mrs. Margaret Greenwood.

Commission expires Nov. 30, 1919.

7606 Frankstown Ave., Pittsburgh, Pa., Aug. 9, 1917.

For years I have been sick, and have taken treatment from doctors in Ligonier and Uniontown, and only received temporary relief, until I started to take treatments from Mr. Leonard L. Parry. I was nearly blind, having worn glasses since I was a small child. On Dec. 20, 1916, a large cancer was removed from the uterus, and on April 11, 1917, I gave birth to a strong child, and at the present time am in grand health. Have not worn glasses for four years, and can read or sew and don't need to use any glasses, and give Mr. Parry all credit for my good health, through his wonderful treatment, and I will take my place on a stand as a witness for him, or go before any judge or official or even President Wilson for the benefit of humanity.

Mrs. James Kuhns.

Sworn and subscribed before me this 10th day of August, 1917.
W. M. McMillen,
Notary Public.

Commission expires March 26, 1921.

Ellwood City, Pa., Aug. 6, 1917.

Before taking treatments with L. L. Parry, I spent several hundred dollars in the past two years with no relief. I have had a very bad case of catarrh in my head for the past thirty years, but by now it has gone all through my system, and landed in my spine, and caused me to walk at all times as if I were intoxicated. I was not able to work for three months. Last winter I doctored with seven different doctors with no relief. I also went to see two head specialists, and they said I was incurable. That was not very pleasant for me to think of, at the age of 45 years. But at last I went to see Mr. L. L. Parry with a cane in one hand and my wife leading me by the other hand. After taking only one treatment from him, on the third day afterward I threw away my cane, and now I can walk up Penn Avenue as well as any man in Pittsburgh, without a cane or being led. I have only taken five treatments, and now I am working every day, and am feeling fine. I now pray for my sake and for hundreds of others, who are sick and are taking Mr. Parry's medicine, and are getting cured by his wonderful medicine. For humanity's sake may he continue.

John K. Vogler.

Sworn and subscribed before me this 14th day of August, 1917.
S. Y. Douds,
Justice of the Peace.

Commission expires first Monday in January, 1920.

West Brownsville, Pa., Aug. 17, 1917.

I feel that I owe much to Mr. Parry and his medicine. I have been a great sufferer from nervous troubles in the form of neuritis. Frequently I was unable to sleep at nights on account of severe pains in my back, head, and neck. I am very much improved. I was also subject to self-poisoning. I suffered a great deal with that. I would be in bed four and five weeks at a time. But since taking Mr. Parry's medicine, dating one year ago, I have not had an attack of it. I feel that I owe this aid to Mr. Parry, and hope to be able to continue the treatment, for in it I feel there is a permanent cure for my nervous condition. My last attending physician was Dr. Anna Roberts, Wellsburg, W. Va.

Mrs. Sarah L. Young.

Sworn and subscribed before me this 18th day of August, 1917.
Joseph K. Bush,
Notary Public.

Commission expires March 1, 1919.

52 Grape St., Knoxville, Pittsburgh, Pa., Aug. 20, 1917.

Before me, the subscriber, an Alderman in and for the said city, county, and State, personally appeared Mrs. Annie Bischof of 52 Grape St., Knoxville Boro, who, being duly sworn according to law, doth depose and say that on Dec. 16, 1914, she took sick with ptomaine poisoning and other ailments, and her case grew so serious that she was taken to a hospital; that they could not operate on her on account of her limb being swollen, so she was taken home and lay in bed sick for four months; that finally she went to see Mr. L. L. Parry, took his medicine, and has been going to see him ever since, and her health has greatly improved; that before she was sick she weighed 220 pounds, and during her illness she lost sixty pounds, and now her weight is about 200 pounds. And further deponent saith not.

Annie Bischof.

Sworn and subscribed before me, this 20th day of August, 1917.

G. J. Bleichner,
Alderman.

Commission expires Jan. 5, 1920.

Big Run, Jefferson Co., Pa., Aug. 20, 1917.

Previous to taking Mr. Parry's treatment I had doctored for eight years for eczema. Had made two trips to Mount Clemens, Michigan, and took the baths, and also tried many other different doctors, but all to no avail. Then I heard of Mr. Parry, and after taking his treatment for eight months I found myself cured. Before I began his treatment I lost three and four months' work at a time, but I have not lost a day's work since. Mr. Parry certainly has done a wonderful work for suffering humanity and I think he should be permitted to give his medicine to his patients in Pennsylvania.

James S. Grube.

Subscribed and sworn to before me this 20th day of August, 1917.

George S. Weaver,
Justice of the Peace.

Commission expires first Monday in January, 1918.

143 Seventh St., Pittsburgh, Pa., July 27, 1917.

Two years ago I suffered several hemorrhages of the throat, and going to a prominent physician was advised there was no cure for it.

Also suffered stomach trouble and headaches every week or so. Heard so much of Mr. Parry that I decided to try him; this was over a year ago. Since taking his treatment have not had a single hemorrhage and only a few slight headaches, about twice, and gained in weight. It would be a calamity if the suffering (poor especially) of Pittsburgh should lose him. No praise is too high or too good for him. Hoping Mr. Parry will continue his treatments.

J. K. Linsler.

Sworn and subscribed before me this 20th day of August, 1917.

C. M. Coriston,
Notary Public.

My commission expires Jan. 7, 1921.

Brentwood Borough, Pa., Aug. 20, 1917.

I doctored seven years with all the doctors I possibly could find. I went through an operation and that did no good. The doctors told me I had to die, no one could cure me. I was so low they had to hold me up on my feet when I would walk. I could not walk alone. I heard of Mr. L. L. Parry. I went to see him and I took his treatment eight weeks. I could then do my own work, what I did not do for seven years. I wore glasses thirteen years. I don't need them any more after taking Mr. Parry's treatment. I now weigh 150 pounds and do all my own work. I had many a doctor, but they all gave me up, and I think it is God's blessing to have a man like Mr. Parry that can heal the people and make them well again. Mr. L. L. Parry cured me and I am a stronger woman to-day than I ever was in my life since I got Mr. L. L. Parry's medicine. If it had not been for Mr. Parry I would have been dead and buried long ago, and I thank God for Mr. Parry and the help which I have received from him.

I had kidney and bladder trouble very bad and I had a goitre in my neck and cancer in my stomach. I could hardly see and I was very nervous. I was a total wreck and Mr. Parry has cured me of these things. These are the diseases the medical doctors said I had before I went to Mr. Parry. Not alone myself. My little boy was struck with lightning and no one could cure him and I took him to Mr. Parry and he is fine now. He was so bad he could not hear us when we would talk to him. He is all right now. My baby son had an attack of paralysis, his legs were black and blue and he could not use them and I took him to Mr. Parry and after three treatments he could move his legs and he is a fine boy now. He can walk now and talk and is doing finely.

Mrs. H. A. Streyle,
3012 Owen Ave.,
Mt. Olive Branch.

Before me came Mrs. H. A. Streyle, of Brentwood Borough, Pa., and swears the above to be true and correct this 20th day of August, 1917.

Joseph A. Werner,
Notary Public.

Commission expires Feb. 21, 1919.

Youngstown, Ohio, Aug. 17, 1917.

I, Mrs. Rebecca Lucas, do certify that I have been blind for twelve years and have had different specialists, but found no relief, they saying I would never see; and as a last resort I came to Mr. Parry, and after taking about thirty-six treatments I am now able to see to read and write and do my own work. Thanks to Mr. Leonard Parry.

Mrs. Rebecca Lucas,
323 W. Dewey Ave.

Before me personally appeared Rebecca Lucas, who, being first duly sworn, deposes and says that the facts stated in the foregoing statement are true.

Sworn and subscribed in my presence this 21st day of August, 1917.

H. C. Simpson,
Notary Public.

Commission expires Oct. 17, 1919.

Coraopolis, Pa., Aug. 16, 1917.

I have been doctoring for thirty-five years for gall stones, kidney trouble, and different ailments. After being operated on I was no better; in fact, in the thirty-five years of severe suffering I found no relief until three years ago when my son informed me of Mr. Parry. I visited his place of business on Penn Ave., and after taking the first glass of medicine I found great relief. Have gained in weight and feel better in every way, and will never be able to thank Mr. Parry enough for what good he has done for me.

Mrs. M. Lenigan.

Sworn to and subscribed this 21st day of August, 1917.

Chas. H. Stevenson,
Notary Public.

Commission expires March 17, 1921.

Pittsburgh, Pa., Aug. 6, 1917.

I was troubled with rheumatism for two years, had doctored with Dr. L. LeVan, Dr. Atkinson, and others, but of no use. Was almost paralyzed. Did not work for almost two years until I heard of Mr. Parry. Went down, but could not get in on account of the crowd that was taking treatment, so I waited a week and went back again and finally got in there and took my first medicine. After taking about three doses I saw improvement, so I kept it up; now it is going on the second year and I am almost cured. My eyesight was bad, now it is improved. I can't say enough for him, for had it not been for him I would be in my grave long ago and there are many others I recommended there when doctors told them there was no hope for them. They found relief after taking the medicine. I can't say enough for Mr. Parry, and I do hope that he can continue giving his medicine, for the people really need him as the flowers need water.

Walter Gorzoch,
853 Peralta St.,
N. S. Pittsburgh, Pa.

Sworn and subscribed to before me this 21st day of August, 1917.

John K. Schluederberg,
Alderman.

Commission expires first Monday in January, 1920.

S. S. Pittsburgh, Pa., July 30, 1917.

I was down and out, as the saying goes. I was hardly able to perform my daily work. Rheumatism and kidney trouble, lumbago and bronchitis had the best of me. I suffered something terrible. Tried doctor after doctor, spending lots of good money, and getting no relief. My mother-in-law drew my attention to Mr. Parry's medicine. She was greatly benefited by it. Four years ago she suffered a stroke of paralysis which left her in a condition that she could not move from one chair to another without help. Some friend told her of Mr. Parry and after taking his medicine for six months she was able to perform her household duties and is doing so to this day. Her name is Mrs. May Kullman. I took her advice and went to see Mr. Parry. I have been taking his medicine since March 1, and must say that I have no rheumatism or lumbago. Have not had a pain over the kidneys since and the bronchitis is not bothering me either. My wife also has been taking the medicine for stomach trouble, and it has made a new woman of her. My daughter also is taking the medicine for stomach trouble and is doing fine. My small son Lanis always was puny and sickly, and since he started to go to Mr. Parry's and take his medicine he is starting to grow and looks the picture of health. In fact, I cannot say too much for Mr. Parry's medicine, and if I had all the money which I spent on other doctors without getting any benefit, I would make Mr. Parry a present of it.

Frederick Matheis,
1124 Warrington Ave.

Sworn and subscribed before me this 20th day of August, 1917.
Arthur Einert,
Notary Public.

Commission expires Feb. 21, 1919.

Personally appeared before me John Kapestinski, who, being duly sworn according to law, doth depose and say that for about five years prior to November, 1915, I had been ailing, especially the years of 1914 and 1915. I was a very sick man, could not work, was about all in. I had been taking treatment from various doctors, but of no avail; I was asked to try Mr. Parry's treatment. Commenced in November, 1915, was so weak I could hardly get to his office. I took my first treatment then, have been going every week since until three months ago when I began to go every two weeks. The catarrh has left me and I can eat well, my liver is normal, I sleep well, can do a good day's work. I was operated on in the hospital in 1913 for appendicitis, did not improve until I went to Mr. Parry's for treatment; his treatment has done wonders for me, also many of my neighbors, some of whom have been cured of cancer of the worst type. I am a mine worker, and am glad to say I am able to do a day's work again.

John Kapestinski.

W. W. Wiegemann,
Notary Public.

Commission expires Feb. 21, 1919.

Avella, Washington Co., Pa., July 31, 1917.

Personally appeared before me Lemon Antill, who, being duly sworn according to law, doth depose and say: I am a farmer, and was afflicted with kidney trouble for more than three years and could get no relief, got no encouragement from the various physicians, as they pronounced my case hopeless. I heard of and saw some wonderful cures derived from Mr. Parry's treatment. I called on him and began his treatment in August, 1916, and am proud to say that I am cured of that dreadful disease that has caused so many to go to an early grave. The cures I have seen with my own eyes of different diseases, caused by Mr. Parry's treatment, are marvelous. Such a man as he should never die, as he is a blessing to suffering humanity.

Lemon Antill, aged 55.

Sworn and subscribed before me this 31st day of July, 1917.

W. W. Wiegemann,
Notary Public.

Commission expires Feb. 21, 1919.

Avella, Washington Co., Pa., July 17, 1917.

Personally appeared before me Mrs. Sofia Ertle of Avella, Pa., who, being duly sworn according to law, doth depose and say: Since 1908 I had been in very poor health; took treatment from several doctors; they did not seem to diagnose my trouble correctly, as I kept growing worse until I could not do my housework for nearly two years. My feet and body would swell badly at times. Finally my case was named dropsy. A neighbor lady who was a patient of Mr. Parry's coaxed me to go with her to see Mr. Parry. He said he could cure me if I would stick to his treatment. I promised him I would, as he was the only person that gave me any hope. The treatment did make me feel very sick at times, but the ninth treatment caused me to pass a large cancer from the bowel. In a few weeks I improved so rapidly that I was able to do my own housework, and at present I feel so much improved that I consider myself a well person. I can cheerfully recommend any person suffering with cancer to give Mr. Parry's treatment a fair trial and a cure is sure.

Mrs. Sofia Ertle.

Sworn and subscribed before me this 17th day of July, 1917.

W. W. Wiegemann,
Notary Public.

Commission expires Feb. 21, 1919.

Steubenville, Ohio, Aug. 11, 1917.

I was in a street car wreck which caused me to lose my sight about six weeks later, on May 9, 1914. I doctored in this city until the doctor could do no more for me and then I went to several specialists in Pittsburgh, Pa., and Youngstown, O., and they said they could not make any change in my case. In the meantime I heard of Mr. Parry, who is now

located at 1125 Penn Ave., Pittsburgh, Pa., and I started to take his treatment on Monday, January 4, 1915, and my sight was increasing well, and I was beginning to see when on May 4, 1916, he was arrested and stopped from giving his treatment, and it caused me to miss seven weeks' treatment up to June 19, 1916, which caused my sight to drop back to where it was before starting the treatment, and now my sight is increasing well again.

Harry E. Ames,
312 S. 6th St.

Sworn to and subscribed before me this 13th day of August, 1917.

Notary Public,
Pittsburgh, Pa.

Commission expires Jan. 22, 1921.

Washington Co., Pa., Aug. 7, 1917.

Personally appeared before me, W. W. Wiegemann, a notary public in and for the county and State aforesaid, one John Galik, to me personally known, who, being duly sworn according to law, doth depose and say: That his wife, Anna Galik, had been in ill health since 1911, and up to July, 1916. Had undergone three operations at different hospitals, and when released from the last one was told that nothing more could be done for her, and she would die. At request of a good neighbor who was a patient of L. L. Parry's of Pittsburgh, Pa. (this patient having received wonderful results in the Parry treatment), to not give up but try the last resort, Mr. Parry's treatment, which she and I are glad she did, as after taking twenty-two treatments, first ten treatments, one each week, the other twelve treatments one every two weeks, she was so well that she felt as well as ever she did. Does her own housework, and did not miss a day in the garden this season when it needed attention. Recommends all persons who are given up by their family doctors to not give up hope until they try Mr. Parry's treatment, the boon for suffering humanity.

John Galik,
Avella, Pa.

Notary Public.

Commission expires Feb. 21, 1919.

Avella, Washington Co., Pa., Aug. 9, 1917.

On this 9th day of August, 1917, personally appeared before me, W. W. Wiegemann, a notary public in and for the aforesaid county, duly authorized to administer oaths, John Nalepo, of Avella, Pa., to me known personally, who, being duly sworn according to law, doth depose and say: In the early part of 1913 I began to have trouble with my back. My doctor did not seem to give me relief. On Oct. 24, 1913, he sent me to a hospital for

examination; there they operated for appendicitis. I did not recover after the operation as I should have. Was not able to go to work for a long time, and when I did I was played out in four hours; I had to quit and go home. I heard of Mr. Parry, went to him on the 2d day of August, 1916, and am glad to say that it was only a few trips until I began to feel better. In four months I was able to do a full day's work, eat well, sleep well, and can stand to work forty hours better than I could that many minutes. I consider myself sound and well, but will take treatment whenever I am in the city. This man gave me relief where I was in pain; the others only relieved my pocketbook of its contents. I certainly can recommend Mr. Parry's treatment to all suffering humanity.

John Nalepo.

I have had stomach trouble for over fifteen years and have been helped by Mr. Parry's treatments, and I hope to continue the treatment.

Mrs. Muzette Joslin.

Appeared before me Mrs. Muzette Joslin, and deposes and affirms that the foregoing affidavit is true and correct.

M. G. Proper,
Justice of the Peace.

Commission expires January, 1921.

East Liverpool, Ohio, Aug. 7, 1917.

In 1877 I contracted by exposure a bad case of rheumatism and suffered with it until I called on Mr. Parry in 1915. I also had stomach trouble, indigestion, heart burn, and a pain in my chest that prevented me from moving about except with much pain. I tried a lot of medicine, tried to get cured with no benefit. Now I am 68 years old Aug. 22, and feel like a new man; for this I give the Parry treatment the full credit. I trust Mr. Parry will not have to suspend the good work he is doing to the thousands he is treating.

R. Burford,
129½ W. 6th St.

Robert Burford

R. Burford, being first duly sworn according to law, deposes and says that foregoing statements are true.

P. V. Makall,
Justice of the Peace.

(Without a seal.)

East Bradey, Pa., Aug. 15, 1917.

Before taking Mr. Parry's medicine I received treatment from Dr. W. D. James, our family physician, and other doctors, getting no relief for my terrible condition, which they pronounced anemic. Having taken Mr. Parry's medicine for three years, I can truthfully say that I am in the best of health.

Clairton, Pa., Aug. 3, 1917.

I have doctored with four doctors, two from Pittsburgh, Pa., one from McKeesport, Pa., and one specialist from New York, for cancer of the liver, none of which did me a particle of good. It is now a little better than a year since I started to take Mr. Parry's medicine, and am most happy to state that the result has been most wonderful. *The cancer has been removed.* Previous to going to Mr. Parry I was totally unfit and could do no work, while now I can do my work, and am a happy woman, all due to Mr. Parry, for which I am very grateful to him.

Mrs. Amouley.

Sworn and subscribed before me this 13th day of August, 1917.

George Maurer,
Justice of the Peace.

Commission expires first Monday in January, 1922.

Pittsburgh, Pa., Aug. 13, 1917.

Personally appeared before me J. C. Carter, 933 Bedford Ave., who, being duly sworn according to law, doth depose and say: Have been taking treatment since January, 1917, of Mr. Leonard L. Parry, and feel that his treatment is indispensable. My general health is greatly im-

proved. After trying many specialists, found no relief prior to taking Mr. Parry's medicine. Was gradually losing my sight, but feel that I am beginning a general improvement.

J. C. Carter,
933 Bedford Ave.

Sworn and subscribed before me this 13th day of August, 1917.
W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

Pittsburgh, Pa., Aug. 13, 1917.

Personally appeared before me John Bittner, 48 Leister St., who, being duly sworn according to law, doth depose and say: After being sick and suffering with head trouble for two years, and getting no relief from doctors, who were unable to diagnose my case, I went to Mr. Parry for his treatment. After taking Mr. Parry's medicine for a short time quite a quantity of blood discharged from my head, and since then I am well and feeling fine. I cannot find words sufficient to express my gratitude to Mr. Parry.

John Bittner,
48 Leister St.

Sworn and subscribed before me this 13th day of August, 1917.
W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

Pittsburgh, Pa., Aug. 13, 1917.

Personally appeared before me Mrs. Susan Lorentz, 307 Sandusky St., who, being duly sworn according to law, doth depose and say: I had female trouble and lost use of my arms and limbs. Took treatment at Presbyterian Hospital and no relief. Came to Leonard L. Parry and am being restored to health and strength. Work every day.

Susan Lorentz,
307 Sandusky St.

Sworn and subscribed before me this 13th day of August, 1917.
W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

Pittsburgh, Pa., Aug. 13, 1917.

Personally appeared before me Mrs. Mary Bittner, 48 Leister St., who, being duly sworn according to law, doth depose and say: I have had two operations by four doctors, one after the other; after my second operation I continued to have the same pain as before. The doctors gave me no medicine, left me to go home as a well woman, but I continued sick.

I finally went to Mr. Parry for treatment, and after taking his medicine four months was relieved of cancer of the bowels, and since then have had no trouble with my bowels. I am still taking Mr. Parry's medicine for a little catarrh of the head and to keep up my present well condition. I give credit to whom credit is due, and that is Mr. Parry.

Mary Bittner,
48 Leister St.

Sworn and subscribed before me this 13th day of August, 1917.

W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

Pittsburgh, Pa., Aug. 13, 1917.

Personally appeared before me Mrs. Blanche Rofkosky, 524 Fontella St., who, being duly sworn according to law, doth depose and say: I had suffered for seven years with a nervous breakdown, not able to do anything or even lift a quart of water. Since taking treatment of Mr. L. L. Parry, Pittsburgh, Pa., am able to do my own work and feeling better. Prior to taking treatment of Mr. Parry had tried different doctors but received no relief.

Mrs. Blanche Rofkosky,
524 Fontella St.

Sworn and subscribed before me this 13th day of August, 1917.

W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

Pittsburgh, Pa., Aug. 13, 1917.

Personally appeared before me this 13th day of August, Thomas Bolek, Box 519, Monessen, Pa., who, being duly sworn according to law, doth depose and say: Have been totally blind for seven years. Attached find Dr. Fred C. Stahlman's statement stating the condition of my eyes. After two years' treatment with Mr. Leonard L. Parry, 1125 Penn Ave., Pittsburgh, Pa., my sight is returning; am able to read and work some.

Tom Bolek,
Box 519, Monessen, Pa.

Sworn and subscribed before me this 13th day of August, 1917.

W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

Aug. 4, 1917.

Thomas Bolek has been under treatment for five or six years for an incurable disease of eyes. He has been unable to do any kind of work

for at least two years. Knowing that his condition will not improve, I don't hesitate to make this statement for him.

Fred C. Stahlman, M. D.

N. S. Pittsburgh, Pa., Aug. 13, 1917.

Personally appeared before me Mr. Richard Lorentz, 307 Sandusky St., who, being duly sworn according to law, doth depose and say: That my spine was fractured and ankle broken twice while working for Consolidated Ice Co.; was in Allegheny General Hospital three times, they sending me out on crutches and pronouncing me incurable. Have been taking treatment of Leonard L. Parry, Pittsburgh, Pa., and I am wonderfully improved; my spine is much better and am only using a cane once in a while.

Richard Lorentz,
307 Sandusky St.

Sworn and subscribed before me this 13th day of August, 1917.

Wilkinsburg, Pa., Aug. 11, 1917.

I, Mr. F. P. McIntosh, 1607 Maplewood Ave., Wilkinsburg, was a cripple for thirteen years with curvature of the spine, and wore eyeglasses for fifteen years. Sight was very bad. I have been cured by Mr. L. L. Parry, 1125 Penn Ave., Pittsburgh.

Mr. F. P. McIntosh,
1607 Maplewood Ave.

Sworn and subscribed before me this 13th day of August, 1917.

W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

McKeesport, Pa., Aug. 13, 1917.

I, Christiana Finger, am the mother of Rose Burtnett; we both reside at No. 2020 Bowman Ave., and my said daughter was almost totally blind from the age of three months. I had taken her to six different physicians and they all said they could do nothing for her, several of them saying that she would lose her sight entirely by the time she was fourteen years old. She attended the Western Pennsylvania Institution for the Blind in Pittsburgh for four years. In 1913 she commenced treatment with L. L. Parry of Pittsburgh, Pa., and after one year's treatment with him she was able to attend the public school and now has entire sight in her right eye and sight is coming in the left eye. She will be fifteen years old the 18th day of this month.

Christiana Finger,
2020 Bowman Ave.

Sworn and subscribed before me this 13th day of August, 1917.
Paura E. Ferree,
Notary Public.

Commission expires Jan. 18, 1919.

Westmoreland, Pa., Aug. 1917.

Before me personally appeared Mr. Baptist Wolkan, Westmoreland, Pa., who, being duly sworn according to law, doth depose and say: Had four doctors for asthma and found no relief, also used different kinds of treatment and no relief. Took treatment of Leonard L. Parry, Pittsburgh, Pa., and am feeling fine now and believe I will be cured if I can continue the medicine, as it is doing me so much good.

Baptist Wolkan.

Sworn and subscribed before me this 13th day of August, 1917.
W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

Pittsburgh, Pa., July 28, 1917.

Mr. L. L. Parry's treatments and medicines were of great help to me, and also they have cured me entirely. I had cancer of the liver and gall stones of different types and now am cured. Last attack occurred over two years ago and never have been troubled since and I recommend as one for his future and speedy diploma.

Mrs. Mary Lehberger.

Sworn and subscribed before me this 13th day of August, 1917.
W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

Pittsburgh, Pa., Aug. 9, 1917.

I had been an invalid for ten years and doctored with numerous physicians, some advising an operation; and having several operations without any result, began taking treatment of Mr. Leonard L. Parry, Penn Ave., Pittsburgh, Pa., in 1913. Had a bad case of spinal trouble, very crooked spine, a growth on my left side which caused much pain, but since taking treatment of Mr. Parry; my spine has straightened and discharged pus from side; at present in normal condition. After nine months' treatment began making my own living and am improving right along. Words are empty at best and cannot state how grateful I am to God and Mr. Parry for my present condition. Being unable to work, I went to Mr. Parry without funds. I informed him I could not pay for treatment until able to work; his answer was I do not want your money, but we want you to get well. I pray to God that he may continue his good work and heal the poor afflicted same as I.

Daisy Mae Boyd,
1300 Penn Ave.

Sworn and subscribed before me this 9th day of August, 1917.
Joseph Robinson,
Justice of the Peace.

Commission expires first Monday in January, 1922.

Brackenridge, Pa., Aug. 10, 1917.

I have been sick for about five years and I was in the hospital twice and I doctored with six different doctors and still was not much better. I went to Mr. Parry and he cured me of gall stones and he also cured me of stomach trouble and my nerves are better, and I wore glasses four years and I have not worn them for five months. I can say Mr. Parry's treatment has made me a new girl.

Alla Geahry,
215 Cherry St.

Crafton, Pa., Aug. 14, 1917.

I, Mrs. Houseman, and children, Geneve and Howard, Jr., have been taking treatment from L. L. Parry with gratifying results. We commenced Jan. 23, 1917, and can say we feel lots better and our ailments are leaving us and we are gaining both in weight and strength. Trusting you will accomplish your new undertaking.

Mrs. H. N. Houseman,
126 Oakdale Ave.

Sworn and subscribed before me this 21st day of August, 1917.

Daniel Cassley,
Justice of the Peace.

Commission expires first Monday in January, 1920.

Wilmore, Pa., Aug. 10, 1917.

I have been a sufferer for the past three years and have undergone treatment from various physicians for various causes without any permanent relief, until July 2, 1917, when I began Mr. Parry's treatment, since which time I have passed 30 gall stones and several pieces of can-

cer. I have certainly received better results from the use of Mr. Parry's medicine than any other I have ever taken.

Mrs. W. H. Skiles.

Sworn and subscribed before me this 10th day of August, 1917.
John J. Green,
Justice of the Peace.

Commission expires first Monday in January, 1922.

Gastonville, Pa., July 24, 1917.

I have suffered for years with gall stones and doctors said nothing would do me any good except an operation. Then I heard of Mr. Parry and I started going to him and taking treatment once a week since July, 1916, and he surely has helped me. I have not had a spell since. I am 64 years old and since taking treatments of Mr. Parry I feel like a new woman. I hope and pray Mr. Parry may still be able to keep up his good work not only for my sake, but for others that have been worse than I. Dr. Hamilton of Finleyville, Pa., was my attending physician before I started to go to Dr. Parry. I honestly and truthfully say what I have written above is true.

Mrs. Marian Prentice.

Sworn and subscribed before me this 20th day of August, 1917.
J. R. Curry,
Notary Public.

Commission expires March 10, 1921.

New Castle, Pa., Aug. 16, 1917.

I have been suffering from anemia and bowel trouble for years and have never been well, only for a few days at a time. I have doctored with several different doctors in New Castle, but never seemed to get any better. I was finally induced by my friends to go to Pittsburgh and see Mr. Parry. I have taken just thirteen treatments from him and have derived more benefit from him in those few weeks than I have in years with doctors. I surely intend to continue on with his medicine until I am entirely cured.

Mrs. Bert McKibbon,
1111 Agnew St.

Sworn and subscribed before me this 16th day of August, 1917.
John H. Gross,
Alderman.

Commission expires first Monday in January, 1918.

Personally appeared before me Mary Bowers, who, being duly sworn according to law, doth depose and say, that she has been under the care of Mr. Parry at different times and that the treatment he gave

greatly benefited her; she is still under his care, and is firmly convinced that he will effect a cure in her case.

Mary Bowers.

D. C. Brandon,
Justice of the Peace.

Commission expires Jan. 7, 1918.

New Castle, Pa., Aug. 10, 1917.

I was sick with nervous prostration for seven years. Was sick in bed three times; twice for three months each, and the last time was from February, 1916, to August, 1916; at that time I had the best of care from physicians and nurses that could be had. Was in our city hospital three weeks and at a sanitarium four weeks. My physician told me I would never be well and strong again. I might be up and around for a year and then would go down again. I began taking medicine from Mr. Leonard Parry, Pittsburgh, Pa., Oct. 19, 1916, and after four doses began to do some work about my home and I have been gaining ever since and now I am able to work all day, and have not been so well in years. May he be able to give medicine to the public for many years to come.

Mrs. A. M. Jones,
207 Pearson St.

Sworn and subscribed before me this 11th day of August, 1917.
Hiram G. Miller,
Notary Public.

J. Leo Cooper,
Alderman.

McDonald, Pa., Aug. 10, 1917.

I must say that Mr. Parry has been my salvation, as I had suffered for fifteen years with catarrh in the head, and also with rheumatism whereby I was unable to do my housework. I am now able to attend to my household duties, and have never felt better than at the present time. I have consulted many physicians, and taken numerous remedies, but never obtained relief until I took Mr. Parry's treatment. My son, who is twenty-one years of age, has suffered with asthma since babyhood, and has been treated by Mr. Parry, and has not been afflicted since the treatment taken three years ago. He also was treated by many doctors and never obtained relief until taking Mr. Parry's remedies.

Mrs. A. Pusateri.

Sworn to and subscribed before me this 10th day of August, 1917.
R. J. Cook,
Justice of the Peace.

Commission expires Jan. 5, 1920.

Irwin, Pa., Aug. 8, 1917.

I am feeling fine. All the symptoms of my case seem to be leaving and my bowels are in good condition. I sleep well, that's something I could not say before as I have been sick for eleven years and been under an operation three years ago and still my case was the same, never improved any till I came to take Mr. Parry's medicine and it is wonderful, as I must say, for I can eat most anything, do my own work, something I could not do, only nag around. I duly credit the wonderful treatment of Mr. Parry and I beg to remain a happy patient. Been going to Mr. Parry since February, 1917.

Mrs. Stella Lusebrink,
R. F. D. No. 2, Box 4.

Sworn and subscribed before me this 11th day of August, 1917.

W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

Reynoldsville, Jefferson Co., Pa., Aug. 10, 1917.

Two years ago I became troubled with liver, kidney, and bladder trouble, which grew steadily worse until I was a total wreck. Suffering so badly at times I could not sit nor lie down on account of pain. I could eat very little, as any food with the least acid nearly set me frantic with pains in my kidney and bladder. I also developed what seemed to be a severe cold, settling in my throat and chest. I doctored with three different physicians, and used all and every kind of medicines that were

recommended to me or that I had ever heard of, but kept getting worse right along. I was so run down I was not able to do any housework for a family of two and would be in bed for days at a time. The doctors said I had to have an operation and that I also had tuberculosis. I became so disheartened I gave up all hopes of ever getting well. My husband, having heard a great deal of "Dad" Parry's wonderful medicine, persuaded me to go to Pittsburgh last September and consult him, and I thank God to-day, for "Dad" Parry's wonderful medicine has again started me on the road to recovery. I can eat and sleep well. Feel well again. My kidney and bladder trouble is entirely gone, my throat and chest are gradually improving, and I hope and trust that God will spare "Dad" Parry many more years to administer his wonderful medicine to sick and suffering humanity.

Mrs. Reymond Cattau.

E. R. Benthner,
Justice of the Peace.

Commission expires first Monday in January, 1918.

Homer City, Pa., Aug. 13, 1917.

My son, Earl Craven, has been in poor health for seven years and his mind badly affected. We doctored with our family physician, Dr. Carson of Homer City, but it did him no good; then we took him to Buffalo, N. Y., to Dr. Pierce's Institution, with the intention of leaving him there for treatment, but they said he was on the verge of insanity and they could not keep him there, but would treat him at his home or put him in some institution for insane, but they gave him medicine for three months, but he got worse and we were advised to try the doctors in Danville Hospital for Insane. So we took him there for seven months. I went to see him and I saw he was a great deal worse than he was when we put him there and we brought him home. Then we heard of Mr. L. L. Parry of Pittsburgh. He began taking his treatment the 3d of last August, 1916, and is still taking his medicine, and is greatly improved both in body and in mind. Before he went to Mr. Parry he looked like a skeleton, so thin in flesh, very little blood, and his nerves in a terrible state, could not sleep, ate very little, and now he sleeps and eats well. Gained in flesh and blood and strength; can work in the garden and other light work. His mind is much better. The neighbors are astonished to see him so much better and we intend to continue his medicine till he is cured. Mr. Parry has done a great deal of good for suffering humanity, and I hope he may be permitted to continue his good work.

Mrs. J. C. Craven.

Sworn and subscribed before me this 13th day of August, 1917.

Walter H. Ayers,
Prothonotary.

Oil City, Pa., Aug. 11, 1917.

I had been sick and unable to work for three years and received medical attention all of that time to no avail. Heard of Mr. L. L. Parry and started his treatment; after taking six treatments was able to begin work and have been working steadily ever since. My wife and son have also taken these treatments, and are greatly improved in health. Hope we can continue taking these treatments.

T. A. Huent.

Sworn and subscribed before me this 13th day of August, 1917.

John M. Mohr,
Alderman.

Commission expires Jan. 1, 1918.

Pittsburgh, Pa., Aug. 20, 1917.

Mrs. James Kuhns told me of Mr. Parry's medicine, showing me at the same time a frightful cancer which his medicine had cured her of. At that time I was troubled with an overpowering sleepiness and blindness of which I told her. I began taking Mr. Parry's medicine. Have been taking it ever since, over a year, and feel like a different person. Mr.

Parry's medicine has certainly been a Godsend to sufferers and I trust nothing will prevent his handing to the afflicted the remedy that *will cure.*

Mrs. Claire Myers,
218 S. Dallas Ave.

John W. Sherrer,
Notary Public.

Commission expires Feb. 21, 1919.

Youngstown, Ohio, Aug. 13, 1917.

For the last four years I have been suffering with dropsy of the liver and my stomach was so bad I was unable to keep coffee and at times water down. I was yellow in color and I was always cold. I could not keep warm. I went to every doctor I thought was good and I went to specialists, but not one did me any good. So when I heard of Mr. Parry I decided to try his treatment, and thank God for having a man like him here. I started his treatment last September and since I have been taking Mr. Parry's medicine I have passed gall stones after gall stones. I don't see how I lived as long as I did with those things I passed. I feel like a new woman and very thankful to Mr. Parry. I hope he will remain with us people to help those that still suffer.

Mrs. E. D. Gerlach,
731 Shelly St.

Sworn to before me this 16th day of August, 1917.

E. W. Bunell,
Notary Public.

Rillton, Pa., Aug. 17, 1917.

I know the medicine I have been taking from Mr. Parry has done me a lot of good. I have been sick for sixteen months with heart trouble. I was doctoring for seven months with Dr. Painter and was not able to work one day. In July, 1916, I started with Mr. Parry's medicine and in October, 1916, I started back to work again and I have been working every day since. I think he is the best man I ever met, for he helped me wonderfully. I also took my wife to Mr. Parry and he has done her a lot of good; she has been sick for three years. She also was in the hospital one time for an operation but she was too weak to be operated on and since she has been taking Mr. Parry's medicine she has passed two cancers of the bowels and she is getting along better every day. I also took my little son to Mr. Parry and he has helped him considerably. He had kidney trouble and could not hold his urine at all, but is getting along finely now. Mr. Parry's medicine has done all of us a great deal of good.

Sebastian Zimmer.

John C. Frederick,
Notary Public.

Commission expires Feb. 21, 1919.

Rillton, Pa., Aug. 17, 1917.

I have been taking Mr. Parry's medicine for about ten months and I have been coming along fine. I have been sick about four years and had to fight for my breath, but since I started with Mr. Parry's medicine I passed three cancers and now I am getting along finely; I also have one on my lip and it is getting along well. I can take my breath a great deal better now and am suffering a whole lot less. I have been taking my daughter to Mr. Parry also. She has been sick ever since she was a baby and she doctored with many other doctors, but they failed to help her along, but she is getting along finely since she started to take Mr. Parry's medicine. She also says that Mr. Parry's medicines are holy. Also my wife is taking Mr. Parry's medicine and she has passed one cancer and the medicine is helping her very much. Mr. Parry is a man for the sick and poor and he is not for the money part. We all think he is wonderful.

East Pittsburgh, Pa., Aug. 21, 1917.

From 1905 to 1912 I doctored continually for rheumatism and lung trouble and my heart was so bad that I had to take six strychnine tablets a day to strengthen it. I had taken these tablets for seven years for my heart, and my condition in 1912 was hopeless. I could not work half the time. I started to take Mr. Parry's treatment, and since my first treatment, which was in June, 1912, I have not taken a strychnine tablet, and I am enjoying the very best of health and am working every day. This statement is made for the public and for the benefit of others who are suffering.

ANDREW BUCK

Jeanette, Pa., Aug. 21, 1917.

I have been complaining and doctoring almost all my life. I complained of my head and stomach all the time. I doctored with specialist doctors Brown of Greensburg, Pa., and Dr. Allshoe of Pittsburgh, Pa., but did not receive any relief. I then went to specialist Dr. Schaffer of Pittsburgh, who told me I had enlarged glands in my neck; but his treatment did not cure me. In despair I went to Mr. Leonard L. Parry, who told me I had cancer of the liver and catarrh of the head. After taking the medicine one year the cancer left me and I seldom complain of my head. I thank Mr. Parry for what he has done for me.

Andrew Buck.

R. L. Elwood,
Notary Public.

Commission expires Jan. 1, 1920.

Monongahela, Pa., Aug. 21, 1917.

I was a physical wreck when I started with Mr. Parry three years ago. I had a stroke of paralysis, which the doctor said was a clot on the brain. I suffered so much with my head at times I thought I would lose my reason; now there is none of that. The medical doctors told me not to spend my money, for they knew no cure for me, but I kept on for over nine years, getting worse all the time. A friend told me about Mr. Parry. I have been thankful ever since he told me. He is a Godsend to humanity. I believe firmly if Mr. Parry is given a license to go on, which he is entitled to, and not put out of business, I will be a well man. When I started with Mr. Parry I did not have any feeling in my right side. Now when I step on a little pebble as big as a grain of wheat I feel it. My leg was stiff; the joints would not work; now they all work. I feel like a new man. God bless Mr. Parry. Just to think that doctors will persecute Mr. Parry for doing for me that which they could not do.

Joseph H. Matthews,
130 Chess St.

Sworn and subscribed to before me this 21st day of August, 1917.

Commission expires Jan. 22, 1921.

Before me appeared Miss Hattie E. Wolfram, who, being duly sworn, deposes and saith that she is 24 years of age, that since she was five years of age she has been unable to walk without the assistance of braces. That her feet were deformed, also that she had severe headaches, for which physicians prescribed eye glasses without doing the slightest good, and that no benefits whatever were derived from physicians consulted in an effort to secure at least some relief which would enable her to walk without braces. About three years ago she began taking Mr. L. L. Parry's medicine, as a result of which she no longer has headaches and no longer finds it necessary to use glasses. Also that gradual improvement was noticed in her limbs until at the present time she is able to walk without the assistance of braces. The feet, formerly badly deformed, are now almost normal.

Miss Hattie E. Wolfram.

Sworn to and subscribed before me, this 15th day of August, 1917.

Julius C. Hamrock,
Notary Public.

Mrs. M. E. Pohl

Pittsburgh, Pa., Aug. 15, 1917.

I had cancer of the liver and enlarged liver and poor circulation. I could not breathe through my nostrils. I doctored with a great many doctors, but still no relief. Went to Mr. Leonard L. Parry and the first dose of medicine helped my breathing. Am now breathing naturally; have since passed cancer of the liver, circulation is wonderfully improved, can sleep well. Passed a substance which resembled grape seed, and personally believe it was grape seed that had lodged in my liver one year or so before and that caused most of my trouble.

Mrs. Mary E. Pohl,
Arlington Ave.

Sworn and subscribed before me this 15th day of August, 1917.
W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

Parnassus, Pa., Aug. 15, 1917.

Personally appeared before me Mrs. Sophia Bohn, who, being duly sworn according to law, doth depose and say: My son, Wm. A. Bohn, was entirely blind in one eye and almost blind in the other eye. Had hip disease and spinal trouble. He had one operation and the doctors said he had black deposits on his eyes and never would see. He was taken to the Children's Hospital, Pittsburgh, Pa., and they wanted to put him in a cast for his spinal trouble, as he could never walk, always had to be carried. We took him to Leonard L. Parry, Pittsburgh, Pa., and after the first dose of medicine he went into spasms for about half an hour, and when he came out of it he called, "Oh, Mamma, I can see you." Can now see well out of both of his eyes; can walk anywhere; spinal and hip disease entirely cured, and he is a well boy to-day. Thanks to God and Mr. Parry. I, Mrs. Sophia Bohn, am taking the medicine and am being wonderfully benefited.

Mrs. Sophia Bohn,
Ferry Road.

Sworn and subscribed before me this 15th day of August, 1917.
W. H. Baumann,

Punxsutawney, Pa., Aug. 15, 1917.

Personally appeared before me Mrs. Thomas Patton, who, being duly sworn according to law, doth depose and say: I had headache every day, liver trouble, and poor circulation. Had to rub my limbs every morning before I could get out of bed. Have doctored for years, but did not do me any good. Have been taking only a few doses of medicine from Mr. Leonard L. Parry, and have received great benefits. Head

does not bother me, circulation is better, and hope to be able to continue taking Mr. Parry's medicine.

Mrs. Thomas Patton.

Mrs. Sophia Young

Pittsburgh, Pa., Aug. 15, 1917.

I commenced taking Mr. Parry's medicine in January, 1914, after other doctors failed to help me. Have had cancer in breast and in my right side under my arm; after five or six treatments had relief and since then continued to get better. The cancer has disappeared and the sore spots are healing up. I hope nothing will interfere with my getting Mr. Parry's medicine, for I do not know what I will do without it, inasmuch as it has helped me so much.

Mrs. Sophia Young,
531 Sprat Ave.

Sworn and subscribed before me this 15th day of August, 1917.

W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

Miss Dorothea Hamilton

Apollo, Pa., Aug. 15, 1917.

Personally appeared before me Mrs. M. B. Hamilton, mother of Dorothea E. Hamilton, who, being duly sworn according to law, doth depose and say that her daughter is fourteen years of age and has been subject to nervous attacks since she was six years old. She was thrown against a seat by a larger girl, bumping her head on the left side above the temple. She took inflammation of the covering of the brain and meningitis. Since that time she has been under the care of Dr. A. M. Cochrane, Salina, Westmoreland Co., Pa. He believes she had a blood clot on her brain. She was in the Children's Hospital, Forbes St. and Graft Ave., one week in August, 1913, under the care of Dr. Heuminger. They said her brain was jarred and did not advance as it should for about three years. She was under the control of W. C. Bovard, M. D., Manont, Pa., for six weeks. He said no doctor here could do her any good. He said we should send her to some institution. We were advised to try Mr. Leonard L. Parry's treatment. On May 23, 1917, we

took her to him. After taking ten weeks' treatment her nose bled blood clots. Just as he said it would do. She has taken twelve treatments now and I do truly believe if she can continue taking the treatment she will be restored to perfect health.

Mrs. M. B. Hamilton,
R. F. D. No. 2, Box 94.

Commission expires Jan. 22, 1921.

Monongahela City, Pa., Aug. 14, 1917.

I have since 1895 worn eye glasses on account of headache. I started to take the medicine of Mr. Parry in May, 1915. In February, 1917, I laid away my glasses and have not had them on since and have not had the headache. I also had liver and bladder trouble, for which his medicine has greatly benefited me, and I believe that if I could be permitted to continue his treatment I would be entirely cured.

Mrs. S. F. Mancha.

Sworn and subscribed before me this 14th day of August, 1917.
R. L. Elwood,
Alderman.

Commission expires Jan. 1, 1920.

Steubenville, Ohio, Aug. 15, 1917.

I wish to say that my daughter, Margaret, took one dose of L. L. Parry's medicine and the next day passed a worm at least eight inches long. After many diagnoses by various doctors, I myself have taken his medicine and to date have passed possibly fifty gall stones. At no time had any doctor even intimated that I had gall stones.

Mrs. F. L. Sloop.

Sworn and subscribed before me this 15th day of August, 1917.
W. H. Baumann,
Notary Public.
Pittsburgh, Pa.

Commission expires Jan. 22, 1921.

Pittsburgh, Pa., Aug. 14, 1917.

About the year 1900 my eyes started to give me trouble, and in 1902 it was necessary for me to go to a specialist to get fitted for glasses; from then on I had to wear glasses. In 1909 I was compelled to get stronger glasses, and have worn glasses constantly up to two months ago. I started to take the Parry treatment about four years ago, and the result of that treatment was the restoration of my sight, so that now I am not required to use glasses at any time. I also was in a badly run down condition at the time I started to take the Parry medicine. I was afflicted with kidney trouble for a long time, but since taking the treat-

ment have been restored to health, and am now in splendid condition, for which I thank Mr. Parry.

Mrs. Geo. W. Hullinger,

Commission expires Jan. 22, 1921.

Pittsburgh, Pa., Aug. 14, 1917.

I have suffered with kidney trouble ever since I was nine years of age; as I grew in years, so did the disease grow. I was in perfect agony. Had no appetite. Could not sleep, and was totally unfit for work. I was annoyed most exceedingly on account of frequent urinations. I had gone to two medical practitioners, and my case was pronounced Bright's disease of the kidneys. There did not seem to be any hope for me. I then heard of Mr. Parry. I went to him and took his medicine and in five months from the time of taking his first treatment my appetite returned. I could sleep, and work all day. I attribute my present health to Mr. Parry, whose medicine is responsible for my present good condition, and I thank God that I was directed to go to him.

W. H. Baumann,
Notary Public.

Commission expires Jan. 22, 1921.

Avalon, Pa., Aug. 14, 1917.

I, Morris J. Smith, have been a sick and helpless man for the past twelve years with hardening of the arteries, indigestion, and stomach

trouble. I have doctored with the best doctors and specialists in Pittsburgh and Avalon, some twenty-five different ones, without any relief. The last professional treatment I received was from Dr. A. H. Elliott of Avalon, who administered Dr. Mulfors's serum treatment as a last resort. I received no benefit from this treatment whatever. During the past twelve years I have spent a fortune, seeking some relief from doctors, physicians and surgeons, without any result whatever. My legs were all swollen and useless. I have been unable to walk or take care of myself, my hands were all twisted and distorted and pus formed under the flesh and nails. I could not use my hands even to feed myself or put on my clothing. Doctors told me there was absolutely no cure known by science that would do me any good, and gave me up to die. I was helpless and discouraged, after so many years of untold misery and pain and suffering. On June first three years ago I was recommended to see Mr. L. L. Parry in Pittsburgh. At that time I was helpless and given up to die. I started taking Mr. Parry's medicine and at that time my legs and hands were useless, and my neck was stiff; soon after taking the first dose of Mr. Parry's medicine my pains were not so severe. They gradually disappeared and I continued to improve. From time to time my limbs grew stronger. My hands returned to their former usefulness and my stomach trouble is one hundred (100) per cent better. To-day I can use my hands and my feet, and am a seventy-five (75) per cent cured man. I owe all the credit to Mr. Parry's medicine. Further I firmly and honestly believe in a short time Mr. Parry's medicine will make me an absolutely cured man from bodily ills. I cannot say or write anything too strong in defense of Mr. Parry's medicine. Money, treatment, and care by nurses or doctors the best obtainable have failed in my case, while Parry's medicine has almost cured me. This is true every word. To stop Mr. Parry from administering his medicine to the sick and suffering would be a calamity. To all of which I swear.

Pittsburgh, Pa., Aug. 15, 1917.

Having been sick for years and taken all kinds of patent medicines, also doctoring with five different doctors, not receiving any relief, a friend of mine advised me to go to Mr. Parry. He had helped her so much that I decided to go to him. Oct. 5, 1916, I started to take his

medicine and I am thankful to God and Mr. Parry for the good received from his medicine. It has surely been a Godsend and I intend to keep taking his medicine as long as possible, or until I know I am entirely well. Before taking his medicine I could hardly get around. My work was a burden to me, but now I do my own work and surely would feel safe in telling any one who is sick to go to Mr. Parry and try his wonderful medicine. I have met many people at his office who have taken and been cured by his fine medicine. We surely thank him with all our hearts, and may God bless him and his good work forever.

ATLANTA MILLER

I was bitten by a dog six years ago. Four years later it began to bother me. It developed into cancer later. I doctored with Dr. Arter of Greensburg, Pa., Dr. Seatherrman of Greensburg, Pa., also Dr. Taylor of Irwin, from whom I received no relief. Then I went to Greensburg Hospital September, 1916, and underwent an operation, but I still had this dreadful aching and pain. I got no relief and soon as I was able I went to Mr. Parry the 28th of November, 1916, and I still hope that I may have the privilege to continue going. I gained fifteen pounds after going to him with these awful diseases. I am only twenty-eight years old. I have had to wear glasses for eight years, but since April I have not had to wear them scarcely any.

Commission expires February, 1919.

Pittsburgh, Pa., Aug. 21, 1917.

About eight years ago our family physician informed us that our daughter Alice had a leaking heart. He forbade her to exert herself in the least. She took treatments from specialists on heart trouble, but with no noticed improvement. Two years ago we heard of the wonderful good Mr. Parry was doing for suffering humanity and decided to take his treatments. We noticed a marked improvement after three months, and to-day she is a well girl and can take all sorts of strenuous exercises without noticing it in the least. We have so much faith in Mr. Parry's medicine that three more besides Alice are taking it for minor ailments. All agree that it is doing them a world of good.

Annie S. Levy,
Notary Public.

Commission expires Feb. 21, 1919.

Lincoln Place, Pa., Aug. 10, 1917.

I have taken Mr. Parry's medicine for one year and a half and it has helped me wonderfully. I just feel fine, can sleep well and eat well, which I could not do before. He has helped me in many ways in which I could not be helped by doctors. I doctored for nine years, not getting any relief. I was recommended to Mr. Parry by my aunt, Mrs. Clark, who also has gotten wonderful results from Mr. Parry's medicine. I had only taken a few treatments when I began to feel fine. I cannot praise Mr. Parry's medicine enough, for it surely is wonderful and is needed badly among the people. My mother, father, and brother also take the medicine and have gotten great results from it. Father had a very bad eye. Could not see out of it from childhood, but he can now and "Dad" Parry's medicine did it. He has only gone a few months and it has helped him in many ways. Mother had to wear gum hose for eight years, and by taking Mr. Parry's medicine was able to remove them and has not worn them since. She had two very bad limbs, had broken veins in them, and they were very troublesome, but are getting fine now. Brother was ailing for some time. Went to "Dad" Parry's and was helped with first treatment. Has not been sick since. Still takes the medicine and says he feels fine and he looks fine, too. I also wore glasses for fifteen years and by taking Mr. Parry's medicine am able to go without now and my eyes are fine and can see well. Have not worn glasses for six months now. Don't need them any more. Mr. Parry's medicine has done this all for us, and many others in other ways.

Miss Margaret Heinlein.

Albert G. Walter,
Notary Public.
Commission expires Jan. 21, 1919.

West View, Pa., Aug. 14, 1917.

I wish to state that I have been taking medicine from Mr. Parry for almost two years, and I feel much stronger and healthier than before I started taking his medicine. I feel confident that at the rate I am improving he will cure me in a short time. I wish to state here that before taking Mr. Parry's medicine I had been to a good many physicians and none of them seemed to understand my case, as I had no relief whatever. Mr. Parry understands my case, or I would not feel as well as I do.

Mrs. Frances Freyermuth.

Sworn and subscribed to before me Aug. 15, 1917.

M. A. Riley,
Alderman.

Commission expires first Monday in January, 1918.

Cuddy, Pa., Aug. 14, 1917.

I, Mrs. Lizzie Bak, have been ailing for six years until two years ago I began to take Mr. Parry's medicine, which has done me a world of good. I had treated with several other doctors, but they did me no good whatever, only a waste of time and money. I had been troubled with asthma and can faithfully say that Mr. Parry's medicine has given me great relief.

Mrs. Lizzie Bak.

Sworn to and subscribed this 15th day of August, 1917.

Thomas Sheehan,
Justice of the Peace.

Commission expires Jan. 1, 1922.

Treveskyn, Pa., Aug. 13, 1917.

I was sick for two years and I was at all doctors in town and S. S. and Allegheny and Treveskyn doctors, and no one could cure me. I was not working for ten months, and since I am going to Mr. Parry and taking his medicine I am getting better and I am working now.

Mr. Adam Snezaski.

Commission expires April 20, 1920.

N. S. Pittsburgh, Pa., Aug. 13, 1917.

I have been suffering from cancer of the stomach and my husband had Bright's disease and was out of work for over one year, and both our cases seemed hopeless, but after trying Mr. Leonard L. Parry's treatment for several months we both began to feel better and now my husband is working every day and I do my housework myself and have my children take the treatment too. I pray to God that he be permitted to follow the golden rule and heal the sick.

Annie Greum.

John K. Schluderberg,
Alderman.
Commission expires first Monday in January, 1920.

Pittsburgh, Pa., Aug. 13, 1917.

I was suffering from gall stones and liver trouble for some time and doctoring with several doctors with no result. I went to Mr. Leonard L. Parry, 1125 Penn Ave., Pittsburgh, Pa. I began after taking several treatments to feel better up to date. I am in perfect health and have my entire family taking his treatment and all enjoying the best of health, for which we thank no one but Mr. Leonard L. Parry and will pray to God that he may be permitted to follow the golden rule and heal the sick.

I have been taking the medicine of Mr. Parry of 1125 Penn Ave., Pittsburgh, Pa., for more than a year for liver and kidney trouble and can truthfully say that he has helped me very much, indeed.

Mrs. Sara Roberts,
214 Stockton Ave.

Sworn to and subscribed before me this 14th day of August, 1917.

Henry W. Armstrong,
Notary Public.

Commission expires Jan. 21, 1919.

Pittsburgh, Pa., Aug. 13, 1917.

I have been taking Mr. Parry's remedy for about three years and am much stronger, less nervous, and generally benefited. Previous to taking Mr. Parry's remedy I was treated for about nineteen years by about eighteen different physicians and specialists, none of whom succeeded in giving me much relief. During this period I was occasionally very sick, principally from my liver and nerves, and unable to work. Since I have been treated by Mr. Parry I have been able to work continuously without any loss of time.

Jos. B. Palmer.

G. A. Bleichner,
Notary Public.

Commission expires Feb. 19, 1921.

N. S. Pittsburgh, Pa., Aug. 18, 1917.

I have been sick and unable to work for my living since the summer of 1913. In the latter part of August or first part of September the same year I became so sick that I had to go to bed. Dr. Thompson of Pennsylvania Ave. was sent for and he ordered me taken to a hospital. I was at the Allegheny General Hospital one month, but after being

out two weeks I had to be taken back again and lay there six more months until my sister took me out in the middle of April, 1914, without improvement. The doctors at the hospital told my sister that my liver and kidneys were in a very bad condition. My sister took me to Norway and I started to improve as soon as I left New York. I came back to America in the fall of 1914, but still was in the weak condition during the winter. I went to Norway 1st of May, 1915. In November the same year a doctor in Christiania, Norway, whom I previously had consulted, sent me to the state hospital, treating me for dropsy. My heart became badly affected, which was also the case while in the Allegheny General Hospital, and I was there until the 7th of June, 1916. My sister having in the summer heard of Mr. Parry, wrote me about him and I came back to Pittsburgh in October and started with Mr. Parry's medicine the 9th of October. I have taken the medicine ever since, and from the month of March this year I have been able to work a little or part of the time every week. Thanks to Mr. Parry and his medicine, I am able to earn my living again and I hope and believe that with the help of the medicine I can continue, without which I hardly would be fit for anything useful. The prospect of becoming unfit and an outcast, eating others' bread, is not very pleasant against being able to earn my own bread.

Conrad J. Hansen,
1814 Chatean St.

Howard James,
Alderman.
Commission expires first Monday in January, 1918.

Bentleyville, Pa., July 27, 1917.

I was afflicted for about twelve years with all the ailments a woman could have and live. I took doctors' medicines until I was disgusted with life. A specialist told me the sooner I would have an operation the better. That my ovaries would have to be removed, also my appendix and gall stones. I knew my pale anemic body never could stand the operation and came home and gave up to die. A friend heard of Mr. Parry and coaxed me to try him awhile, which I did, and thank God he has sent such a man to suffering humanity. I am as sound in my inward organs as ever I was and I passed about a quart of gall stones. My general health is fine. I can do as big a day's work as any one and weigh 165 pounds, and I am a picture of perfect health. I have two girls that take the treatment. Nellie, aged 15, had tubercular lumps in her neck, and since taking Mr. Parry's treatment they are all gone and she is in perfect health. Mae, aged 10 years, had stomach trouble all her life and vomited half her time. She has taken the treatment about six months and never vomits any more and can eat anything anybody else can. She also had bronchitis all her life, but now it has all disappeared and she has a clear voice and sings solos at everything going on in our community. I cannot praise Mr. Parry enough and my sincere prayer is that God will release him from prison as he did Peter and Paul and give him back to the poor suffering blind, crippled, and all manner of diseased humanity, who are depending on him for their life. Will be glad to tell the old sweet story of Mr. Parry's treatment at any time I am called.

Pittsburgh, Pa., Aug. 23, 1917.

EDWARD YOCUM

In November of 1913 I was in a bad shape; the doctors at the Mercy Hospital examined me and Dr. Buchannan refused to take my case after consultation with five other doctors. He said he could not locate my trouble. The following week I was taken to the S. S. Hospital and operated on by Dr. Mechlin and Dr. Bryant. After three weeks out of the hospital I was taken back again by the same two doctors. They said they could find my trouble this time, and I was feeling so bad I took another chance, without any success. They gave me up as incurable. Dr. Watson and Dr. Todd then took me in hand at the Presbyterian Hospital, N. S. After they got through with me I was given up as incurable. Then Dr. Buck and Dr. McCratty put me in the Homeopathic Hospital, operated on me, and I was given up to die. At last a friend came to me and said, I will take you to my doctor. I said, "There is no use." He insisted, so I went to Mr. Parry a living skeleton and as yellow as a Chinaman. Mr. Parry said to me, I can cure you, but it will take a year before you start to improve. At that time my intestine was leaking, my bladder was leaking, and my whole body was poisoned. After four unsuccessful abdominal operations these learned doctors said that nothing could save me. In less than six months after taking Mr. Parry's medicine my bladder had healed up and has never leaked since and I have gained seventy pounds in weight and got back to my color of a white man. I feel better physically now than ever before and am still improving. I thank God and Mr. Parry for my life and health to-day, as Mr. Parry's medicine is the only thing that saved me. During the four years' treatment of my case Mr. Parry never asked me for a dollar; the doctors had their hand out all the time for money. I give this testimony with a free will. It is the whole truth and any one wishing an interview can see me at my place of business, 640 Penn Ave., Pittsburgh, Pa.

Edward Yocum,

CHARLES SCHNEIDER

Several years ago I lost the sight of an eye by reason of an accident. I was compelled to go to an eye specialist; he advised an operation, which I consented to, and the operation was performed, but without success, in fact lost the sight of the good eye; mercury was prescribed, which I took and which poisoned my whole system and I became totally blind. I called on a number of doctors, who all stated that my case was incurable and practically gave me up. I was advised by friends to go to Mr. Parry and take his medicine, which I did, and since then have periods of about half an hour at times which enable me to see quite a number of objects. Judging from the progress already made, I believe that my sight will eventually be entirely restored.

Millvale, Pa., Aug. 15, 1917.

I have been a sufferer from rheumatism and deafness for a period of seventeen years, unable to work much of the time from both causes. My right ankle joint became stiff and the physicians, known as the best in Pittsburgh, ones who serve in the large hospitals, and one who was head of a medical school, said there was no chance of my being able to walk again. To-day I hold a position that has always been filled by a man and I am seldom off my feet. Yet I am steadily improving under Parry's treatment. My friends tell me I am renewing my youth.

My commission expires Jan. 2, 1921.

228 4th Ave., Homestead, Pa., Aug. 15, 1917.

I doctored with Dr. John Bare for nine months, for gall stones and inward troubles, but got no relief. I started to take Mr. Parry's medicine January 4, 1915. At that time I only weighed 98 pounds. To-day I weigh 148 pounds. Had no blood then, but am now in fine condition.

Mrs. Rose L. Brookmire.

Margaret M. Reardon,
Notary Public.

My commission expires Jan. 2, 1921.

Pittsburgh, Pa., Aug. 15, 1917.

Before starting treatment with Mr. Parry my eye was hurt with a stone; when that happened I was six years old; it became as large as an orange. I went to a great many different doctors, and they said the only thing they could do was to remove my eye. This I would not consent to. When I was twenty-one years old I went to Mr. Parry, and he is the man that saved my eye. I went to the Allegheny General Hospital, and the special eye doctor there told me in order to save the good eye he would have to remove the bad one. I said I would rather die than have the eye taken out. Parry saved my eye. Now I have two good ones. I certainly thank God for what he has done for me.

Josephine Macaluso.

Margaret M. Reardon,
Notary Public.

My commission expires Jan. 2, 1921.

Pittsburgh, Pa., Aug. 15, 1917.

When I was a little boy I was frozen, and all the doctors I went to said I would never get better. The last one was Dr. Screner from Fredonia, N. Y. He said I had a leaking heart, and was liable to drop dead at any minute. A friend of mine brought me to Mr. Parry, and I am in a short time about 75 per cent better, and am working now. I had catarrh so bad I could hardly breathe, and I am rid of that. Thanks to God and Mr. Parry for how I feel now.

Louis Polito.

I was troubled with stomach troubles and liver complaints, so that I was not able to go around at all, and at times was not able to eat very much, until I commenced to take Mr. Parry's medicine. No other doctor could relieve me of my pains. I have spent hundreds of dollars and was also at Mount Clemens, Michigan, but found no relief until Mr. Parry got hold of me. So I highly recommend any one to take my advice and go to Mr. Parry for any kind of ailments.

Washington, Pa., Aug. 14, 1917.

I am glad indeed that I have been enjoying health the last three years, getting around better than I had for several years prior to taking Mr. Parry's medicine. I had doctored with the best physicians that I knew for years, for rheumatism and stomach trouble, and now I can eat anything I wish and enjoy it. I wish to have the privilege of getting Mr. Parry's medicine, which I know helped me and others, and I feel that I should have as a citizen the privilege to get the medicine that does the work for me and did me more good than all the rest of the medicines I had taken from other doctors.

H. W. Vankirk.

John I. Carson,
Justice of the Peace.

My commission expires first Monday in January, 1920.

Washington, Pa., Aug. 15, 1917.

I have been taking treatment under Mr. Leonard L. Parry for about one and a half years, with most beneficial results. Have been in ill health for years, being under the care of doctors almost constantly since early childhood. Had also spent a large amount of money and much time on osteopathic, chiropractic, electric and other treatments; was in a sanitarium for about ten months, and escaped an operation only because in too bad physical condition to undergo one. Was unable to work regularly, in every case losing ground and becoming more weak and miserable until I would be compelled to give up my work and become a burden to myself and family. Finally I went to Mr. Parry because I literally knew of nothing else to do. Since commencing the treatment have had constant improvement in health, being greatly relieved of severe abdominal trouble and other physical disabilities, as well as obtaining wonderful relief from intolerable mental depression and despondency. Have worked constantly since the beginning of the treatment, and for the first time in my life am in a better condition than when I started to work. Have been more able to work, and able to do better work, being more alert mentally and having great increase in physical endurance. Mr. Parry is doing for me what no other doctor had been able to do. Other members of my family, and

friends, have been greatly benefited by his treatments. We feel that Mr. Parry is doing a great work for a large number of otherwise hopeless people, and believe that in the interest of justice and humanity he should be protected in his work.

Mary P. Fleming.

Ignatz Schlesinger,
Notary Public.

My commission expires March 9, 1919.

New Castle, Pa., Aug. 16, 1917.

Mr. L. L. Parry has treated me from the 20th of April to the present time for scrofula. It is sometimes called "struma" or king's evil when seated in the glands. I had this disease in the most stubborn manner. I was requested by friends to try Mr. Parry's treatment. I did, and am very glad of it. I praise Mr. Parry's treatments to every person who is sick and needs treatment. I have not worked for four months, with that dreadful disease. But I will soon be able to be on duty again. I have not taken any other medicine but Mr. Parry's. I hope Mr. Parry can continue in treating people as usual, a thousand times over. I swear to this statement with my hand up.

Russell Parke,

Thos. E. Keating,
Alderman.
My commission expires first Monday in January, 1920.

Youngstown, O., Aug. 20, 1917.

I took treatments from Leonard L. Parry for about four months, my case being paralysis, and know that I was benefited by the treatments. I was compelled to discontinue the treatments at the end of that time, through the pressure of financial affairs, which would not permit further continuous travel between Youngstown and Pittsburgh. As soon as conditions permit, I expect to take up the treatments again. While taking the treatments, I talked with many of his patients who had been greatly benefited through the treatments. I think it a godsend that these treatments can be obtained through Mr. Parry; and I believe that he should be permitted to continue doing good for humanity.

Irwin, Westmoreland Co., Pa., July 17, 1917.

Mrs. J. A. Bussard

I have been going to Mr. Parry's office for over four years. And from what I have seen in that time there is not another person in the world that deserves more credit for helping and curing suffering humanity than Mr. Parry does. It is wonderful what he accomplishes. My case is slow rheumatism and no blood. When I commenced treatment four years ago, if I cut myself the cut would pain, but not a drop of blood would come out of the cut. If I squeezed the cut, a little bit of yellow water would come out, streaked with dark matter from the cut. Mr. Parry would tell me, "You are getting more blood," and I surely am, for not more than three weeks ago I cut my finger, but did not pay much attention to it, until I saw blood on the floor; when I discovered it, it was dropping from my finger. That, however, was the first blood I saw drop from my body for years. Now I am positive Mr. Parry is helping me, and will cure me in time.

My trouble started about twenty-five years ago, as near as I can tell. In that time, I have had many different doctors. Was in the hospital, sanitarium, and at Mount Clemens, Mich., for treatment. Sometimes I got relief but nothing more. When I came to Mr. Parry I was not able to do my own housework. I only took a few treatments, when I was able to do my own work, and have been doing it ever since.

Thanks to Mr. Parry for what he has done for me.

Mrs. J. A. Bussard.

Sworn and subscribed before me this 22d day of August, 1917.

John C. Frederick,
Notary Public.

My commission expires Feb. 21, 1919.

Lock Number Four, Pa., Aug. 25, 1917.

I have received treatment of Mr. L. L. Parry, and am no more an invalid. I wore glasses for eleven years. I was treated by specialists and opticians far and near, and none of these helped me, until I went to Mr. Parry. I am speaking of many ailments from birth. I have been treated by many doctors, but they did not give me any relief, or even know what was wrong with me. I am a young woman twenty-one years of age. I have passed cancer, and a large number of gall stones, and an abscess removed without any knives or anesthetics. I also had a goitre removed, birthmarks have almost disappeared, of which I had three. For a year I was unable to straighten my right limb at night. I had to sleep with my knee up to my chin, and after receiving Mr. Parry's treatment I can now straighten out my limb, and do not walk crippled any more, and have thrown my glasses away. This treatment has done me a world of good.

Miss Davina Price.

O. H. P. Green,
Alderman Commonwealth of Pennsylvania, County of Lawrence.

Carnegie, Pa., Aug. 24, 1917.

Mr. Parry's medicine has done Dallas a great deal of good. If it had not, we would not have taken him to Mr. Parry for fifteen months. He went for adenoids and tonsil trouble; he is afraid of operations. I do not believe in using a knife if it can be avoided. Dallas' nose would bleed terribly. At times long strings would be discharged from his nostrils. It made his nostrils sore for a time, but he could breathe much better. Last February he was very sick with pneumonia and missed ten weeks of school. I don't see why Mr. Parry is not let alone, when he is curing so many people that doctors claimed were incurable. I have seen Mr. Parry cure many people. His cures are wonderful.

Tony Larson,
Justice of the Peace.

My commission expires first Monday in January, 1920.

Box 167, California, Pa., July 21, 1917.

Mr. Parry has done a great deal for me. Paper and pen can't tell what he has done for me. God knows Parry has saved me from a grave. The last doctor treating me said I would have to go to a hospital and undergo an operation or die. That was four years ago. I heard of Mr. Parry, and how glad I am that I went to him. I hope this good Christian man will continue giving his medicine, and not be interfered with. I have great faith in Mr. Parry's treatment and desire to still continue with his treatment. Mr. Parry has made hundreds well, and will restore hundreds more to health if only permitted to do so. Mr. Parry has cured one of my daughters of eczema, which our doctor said there was no cure for. But now she is entirely cured. Another daughter of mine who has blood poison has taken seven treatments from Mr. Parry and is almost well. I have been sick twenty-one years and do not expect to be cured in a day or a week, and like other mothers and people I want to live, and through Mr. Parry's medicine my health is a great deal better than it has been for years. My prayer to God day and night is that Mr. Parry will be allowed to continue healing the sick and curing the thousands, that we can all get his medicine and become well. My last doctor was Dr. Stevens, of Baltimore, Maryland. I am a true Christian woman.

Mrs. Frank Artis.

Monongahela, Pa., Aug. 13, 1917.

I am a patient of Mr. Parry's. Have been going to him for the last three years and I have had rheumatism. I tried every doctor I knew, but they could not help me, so when I heard of Mr. Parry I tried him and he has been helping me more than anybody did. I now can walk around better, sleep and eat better, and I thank him very much, for he does many a person good.

John Panchur,
628 Shelby St.

Sworn and subscribed before me this 13th day of August, 1917.

W. A. Allen,
Notary Public.

My commission expires March 25, 1921.

Oil City, Pa., Aug. 23, 1917.

I have taken treatment from osteopath, chiropractor, and medical doctors, but none of these seemed to help me. I then tried L. L. Parry and am much better. He has helped other people I know. I want to

continue the treatment if possible. It surely will be very wrong if he is not permitted to continue giving his medicine.

Geo. W. Morgan,
Alderman.
My commission expires first Monday in January, 1923.

Pittsburgh, Pa., Aug. 9, 1917.

I want to thank Mr. Parry for what he has done for my wife and me. I have suffered with my stomach for years and I would have to lay off work, but since I have taken Mr. Parry's treatment have been a good bit better besides other ills too numerous to mention, and I feel that I owe all my health to Mr. Parry. My wife has suffered from irregular menstruation for about fifteen years and inward trouble. She also passed cancer and gall stones, but she is almost cured now. Before going to Mr. Parry the doctor said he could do no more for my wife, but she has found relief through Mr. Parry. May God bless Mr. Parry in his work.

Mr. and Mrs. C. W. Lowe,
7352 Formosa St.

Sworn to this 28th day of August, 1917.
Sam'l McKinley,
Alderman.
My commission expires first Monday in January, 1920.

Arnold, Pa., Aug. 23, 1917.

When I became ill I weighed 196 pounds and went to Dr. Evans Kane of Kane, Pa., who said I had appendicitis and could not live without an operation. I returned to my home in Arnold, Pa., and doctored with different physicians, but got no relief and lost in weight until I weighed 168 pounds. I heard of Mr. Parry and went to him and feel better than I ever did. I now weigh 210 pounds. I was treated by Mr. Parry for almost two years.

My commission expires Jan. 5, 1920.

Pittsburgh, Pa., Aug. 27, 1917.

Mr. Parry has certainly done me a world of good. I went through an operation about four years ago and since then I have been ailing. A friend of mine advised me to see Mr. Parry and I did. He told me that I had catarrh of the stomach. It is now two years since I began going to Mr. Parry and I can do all my own housework now, which I never could do before. He has done me so much good that I thought it possible to take my oldest daughter to see him, as she was very nervous and her eyes were very bad. The girl is in hopes of putting her glasses aside in a short time.

Mrs. J. Gerhinger.

Edw. H. Simon,
Alderman.
My commission expires first Monday in January, 1920.

Lincoln Place, Pa., July 27, 1917.

I had a nervous breakdown two years ago and I was doctoring with Dr. Bryson of Hays, Pa., for about eight months. I found I was not improving by taking his medicine, so I went then to Dr. C. B. Stimmetz of Homestead and doctored with her for quite a while and seemed to be ailing all the while. Could not work or do anything. I had given up hope of ever getting well again; had headaches all the time, could not find any relief, got so melancholy at times that I did not care to live at all, could see nothing to live for. Mr. Long was working up at Glassport and one of the engineers told him to take me to Mr. Parry. I went and have been going ever since last October. Will be one year this October and am getting along fine. Can do my own work and headaches gone and nervousness not so bad. I believe after some time I will feel like myself again.

Mrs. Elizabeth Long.

Sam'l McKinley,
Alderman.

My commission expires first Monday in January, 1920.

Fair Haven, Pa., Aug. 6, 1917.

Twenty years ago I underwent a minor operation and at that time had a throbbing pain in region of right kidney, which I was told would lessen after I had gained my strength, but it continued to get worse and so painful at times I thought I would drop; that has improved and I slept all night, which was impossible before, having to get up at least five or six times during the night. Ten years ago my back under right shoulder began to trouble me. I had it examined, but the doctor could not see anything wrong. This came and went until two years ago it became so bad I could not pare enough fruit to fill a quart jar without lying down to rest. At the same time my nose became itchy, and while I was advised to use a local treatment, it only allayed the trouble, which became so painful that I feared cancer. I also had trouble with my bladder, and while I had my urine examined could not find anything wrong although I felt there was something there that was not right. Through a friend I was enabled to see Mr. Parry, and after stating that I had taken care of my mother, who had passed out with cancer of liver and stomach, I have been benefited from the first dose. After the fifth dose a growth which I feel is cancerous passed from my bladder, which is becoming smaller all the time. My nose I feel will soon be well, as all pain has left. About six years ago I was overcome by the heat. The following summer and ever since that I was very careful not to go out in extremely hot weather, but this summer, thanks to Mr. Parry's medicine, I have been able to work out in the garden, of which I have about one acre that I have planted, weeded, and cared for myself. That is what Mr. Parry's medicine has done for me. I have been out in all kinds of weather, have one and a half hours' walk to cars, and have not missed one week. Another thing I had taken cold some fifteen years ago, which left me with bronchial trouble. I had to have Brown's mixture tablet or some other cough lozenge day and night. Since I have taken Mr. Parry's medicine I have not had to use any. My cough left me like magic. I only wish more could be reached and helped as I have been and I feel I will be entirely cured if I can continue without interruption. Which I hope and pray not only for myself but the thousands of others afflicted. I have tried to make everything plain, which I find it hard to do, as there is so much to be told. It seems hardly possible to be brief. I hope my attempt will help to bring about the pardon of Mr. Parry.

For many years I have suffered from various uterine and urethral troubles. In January, 1916, at the close of the menopause, I began to have aggravated condition of the uterus, which was soon followed by a discharge so poisonous in its nature that I became almost a nervous wreck. I was scarcely able to do anything or go anywhere. Early in September, 1916, I began taking Mr. L. L. Parry's medicine. My general health is very much improved. Since January, 1917, I have had no discharge nor any of its attending conditions. I hope to be allowed to continue this wonderful treatment until I am entirely cured.

My commission expires Feb. 21, 1919.

McKees Rocks, Pa., July 20, 1917.

I am one of Mr. L. L. Parry's patients, which I am very glad that I am, for Mr. Parry has done a great deal of good for me for the short time I have been going to him to receive his medicine. I have been very sick for the last six years and I have tried all kinds of doctors and I could not begin to tell how many I had, for I have tried so many different ones, and I was also in the Homeopathic Hospital for six weeks. I went through an operation and nothing did me any good. They also took X-ray pictures of my insides and could not find out the trouble with me. I was so bad that I then had given up all hopes. I saw that I could not be cured. One day a friend of mine came to me and said that she was going to Mr. Parry. She told me to go and try his medicine, so I went and tried his medicine, by which I was very much surprised, and I cannot to this day understand it, for I was sick for six years and went through all that I did and nothing did me any good until I took the first dose of Mr. Parry's medicine, of which I will say that the first dose helped me. I had relief after I had taken it. I kept on going to Mr. Parry, for he has helped me so much. I cannot thank him enough for it. I have been going to Mr. Parry for nine and a half months and I have gained twelve pounds. I am now doing all my own work. I am very much better.

Swissvale, Pa., Aug. 8, 1917.

Have been a druggist for the past twenty years and member of the Braddock Drug Association for fifteen years. Throughout this time have suffered at intervals from subacute attacks of rheumatism. Two years ago it went to my heart, causing valvular and muscular heart trouble, and I then became unable to work. One Dr. Grave gave me two weeks to live, another a few months, but said I would never be able to work again. Last October I heard of Mr. Parry and after taking the third dose of his medicine, which is taken weekly, I worked two days and from then on I worked at intervals until March. Since then I have worked six to eight hours a day every day, Sunday included, not missing one day. My own family physician advises me to continue the treatments, as he knows of nothing that could or would produce that decided change for the better which he finds in me. I personally know of at least ten people of good standing who have had similar experiences. For myself, I fear six months when I would be unable to obtain this medicine by reason of his being confined in the penitentiary and consider the verdict very unjust to him and his patients.

H. L. Evans.

Chas. Kaltenhauser,
Alderman.
My commission expires Jan. 4, 1922.

Pittsburgh, Pa., Aug. 19, 1917.

With all my troubles and sicknesses I could not find of all the doctors of Pittsburgh one doctor that could cure me. With almost four years of suffering I hardly ate anything through the day. I did not feel like eating. I have been getting worse and worse every day and could not do anything in the house. I had to hire a woman to do everything in the house for me. I have had stomach, liver, nerve and blood trouble. My blood started to get like water; it was not pure. Since I have been taking Mr. Parry's treatment I have been in fine condition and good health. I have gained in every way. God bless Mr. Parry for the treatment he gave me. I wish he could live all the time, so he could cure

every one in the world. I could assure you as a witness I saw people blind taking Mr. Parry's treatment for some time and they were cured. Now they don't go around the streets with canes. You may say blind people can't be cured, but Mr. Parry's treatments are curing them and already cured them. I have a son that has suffered with consumption and every winter for some months he would suffer in bed. Since I have taken him to Mr. Parry he is in good condition, feeling better than he was. He is not sick in bed any more. I hope Mr. Parry will succeed in every way and God bless Mr. Parry forever.

Negley, O., July 31, 1917.

In the spring of 1916 I had a nervous breakdown. I could not sleep or content myself. Would take spells that I had to walk. Would have to keep out in the air. It seemed as if I would smother if I stayed indoors. Would take the spells night or day. Would have to walk until I wore myself out, before I could sleep. These spells would last for hours. My eyesight got so bad I thought I was going blind. I could not read, and could not get any glasses to suit me at all. I could not distinguish people until they were close to me. I went to two physicians here in Negley, one at East Palestine, Lisbon, and East Liverpool, but the only relief I got was while the drugs lasted that they gave me.

After taking several treatments from Mr. Parry my nerves got all right. I can read with glasses as well as usual. I am in my seventy-third year, and consider myself a well man. Thanks to Mr. Parry, for the other doctors just gave me temporary relief.

I recommended John Gaston of Clarkson, Ohio, who was very ill with stomach trouble, to Mr. Parry. After taking treatment from Mr. Parry Mr. Gaston is a well man to-day.

If there is anything I can explain better, I am willing to do so, as I am very anxious to help Mr. Parry.

T. E. Mackall,
Negley, Ohio.

Beadling, Pa., Aug. 28, 1917.

I want to let people know what good Mr. L. L. Parry has done my girl. She was paralyzed for seven years in her right leg from the hip down, and now she can walk, and has the use of her limb. We had her to Dr. Inks of Crafton, who said it was no use. We also took her to our family doctor, Dr. Golden, who is a very good doctor, who also said there is no use, he could do nothing for her. We also took her to Dr. Black. None of these could help her. I myself through Mr. Parry's medicine had a cancer removed. Parry's medicine is good. I had a little girl only seven years old, with nervous trouble. Mr. Parry also cured her. I certainly wish Mr. Parry good luck.

My commission expires first Monday in January, 1918.

Mt. Oliver, Pittsburgh, Pa., July 17, 1917.

I am a poor deaf widow, without a home. Why are they making so much trouble for Mr. Parry, when he does so much good for humanity? I have been ailing between twenty-six and twenty-seven years, with that dreadful neuralgia, which I had to have a doctor for almost every ten days. I even went out West for two years. Doctors out there said there was no one in this world that could cure me; another said he would not have my sickness for a fortune.

Since I have taken Mr. Parry's medicine I have gotten rid of that dreadful neuralgia, which made me deaf. I still believe if I continue on I will get to hear some better. I am fifty years old, and I cannot expect to get cured as quick as a young person. It is slow, but a sure cure; it all depends upon how long you have been ailing, and your age. Why always bother a man that does so much good to the poor? He never asked for pay; his only wish is to help humanity, and you can give as you like.

Samuel Abernatley,
Alderman.
My commission expires Jan. 2, 1922.

Parnassus, Allegheny Co., Pa., Aug. 21, 1917.

I was a sufferer from rheumatism for over fifteen years, unable to do any work or walk without crutches. Since taking Mr. Parry's medicine I have thrown the crutches away, and am working every day.

William Cummings.

Sworn and subscribed before me this 28th day of August, 1917.
J. H. McIntyre,
Notary Public.
My commission expires first Monday in January, 1920.

Note—H. E. Ross, Manager H. E. Ross & Co., printers, Parnassus, Pa., says Mr. Cummings worked for him when he used crutches. Knew him personally for twenty years and saw him almost every day for twenty years going on crutches. Now surprised to see him walking with only a cane. Cummings' results are almost a complete cure.

H. E. Ross.

Attached to the Affidavit.

Steubenville, O., Aug. 29, 1917.

I have been afflicted with rheumatism and tuberculosis of the bone for eleven years; have taken treatment from a dozen doctors, and they said there could not be much done for me. One doctor advised me to go to Mount Clemens, and said the baths would be the only thing that would help me. I went; the baths made me worse. A friend of my husband's told him of Mr. Parry. I have been taking his medicine a short time, and am greatly improved; have no aches or pains since the first dose of medicine. I do pray that Mr. Parry can still give his wonderful medicine to those who suffer so.

Mrs. Isabell Bishop.

Sworn and subscribed before me this 29th day of August, 1917.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Pittsburgh, Pa., Aug. 29, 1917.

I am glad that I have "Dad" Parry to thank for what he has done for me, for I have been sick all my life until August 17, 1916, and now I am getting along fine. I am feeling better than I have felt for years.

Elizabeth Griffiths,
5629 Butler St.,
Pittsburgh, Pa.

W. H. Baumann,
Notary Public.
My commission expires Jan. 22, 1921.

Woodlawn, Pa., Aug. 23, 1917.

I highly recommend Mr. Parry's medicine. I first took my little boy, Glyn, who made no efforts whatever to speak. Now he is a strong healthy boy; he started to pick up and talking a little right along. He is getting along slowly, but finely. My husband had liver trouble very bad, being unable to do his work regularly, but now works every day, and feels fine. I myself had catarrh very bad and poor eyesight, and was also troubled with dropsy. Before taking Mr. Parry's medicine I wore glasses for eight years, but after taking the second or third dose of medicine I took off my glasses. I have never had them on since, and can see now much better than ever before. Now I feel very well, and the medicine has been very precious to all of us.

Mrs. Evan Morris,
112 Walnut St.,
Woodlawn, Pa.

N. S. Pittsburgh, Pa., Aug. 29, 1917.

I have been a patient of Mr. Parry's for some time, and have been improved wonderfully. I suffered with rheumatism and could not find any relief. Have tried several doctors until they gave me up. Then I had a specialist, and still got worse. A neighbor took me to see Mr. Parry and in less than three months I was able to go about and do my own work again. My three sons also took Mr. Parry's medicine and they have been getting along fine. We all have been cured by Mr. Parry and are getting along fine, and are very thankful for his wonderful treatment.

My commission expires Jan. 22, 1921.

Pittsburgh, Pa., Aug. 29, 1917.

I have been taking Mr. Parry's medicine for cancer of the breasts and am just about cured. I underwent a treatment for cancer by a doctor, which was no success. After he was through the same feelings and the same pains and trouble came back. In the meantime I heard of Mr. Parry's treatment, and after I had taken Parry's treatment for a while the cancer disappeared. I had a small baby and nursed it at the same time while I took the medicine. I am now in the best of health, and can only be thankful to Mr. Parry for same.

O. M. Bossert,
Justice of the Peace.
My commission expires first Monday in January, 1922.

Munhall, Pa., July 17, 1917.

I cannot speak highly enough of Mr. L. L. Parry's medicine. I have had catarrh of the head and throat for fifteen years. I took treatment from Dr. Mullen. I got only temporary relief. I cannot recall how long I took treatment from him, but quit after spending twenty-five dollars. I have tried other patent medicines, but found little relief from them, so I quit spending money for something that was useless. Often I was scarcely able to work, but since taking Mr. Parry's medicine, thank God, I am able to work again, and do so without a thought of how I am going to finish my work. Work to me now is a pleasure, instead of a burden. I do not go every week for Mr. Parry's medicine; it is sometimes two or three weeks before I go to take treatment. I can assure you it has not cost me $25 either. Often I had a little over car-fare to spend. Doctors won't treat

you unless you have the price to pay them, and pay for medicine as well.

It is a charitable act for Mr. Parry, and no jury should convict him. Mr. Parry does not send for us, we go to him for his medicine of our own free will. Why then should they even think of trying Mr. Parry for curing humanity, what the best of doctors cannot do, for they often make mistakes.

Mary Cushman.

Larimer, Westmoreland Co., Pa., Aug. 2, 1917.

Mr. Parry surely is a wonderful man. I have been going to him for treatment for four months, and I have not felt as well as I do now for the last twenty-five years. I am 57 years old. My daughter went to him first; she told me to go along, but I thought I was too old to get relief. I have been doctoring for fifteen years and never got any relief until I went to Mr. Parry. Now I work all day, and also work every day, and my work is very hard. I could not work all day before going to Mr. Parry. It is a blessing that such a man lives as Mr. Parry, and I hope he lives long enough to cure many more. I will do anything in the world to help him, for it is worth it.

Mrs. Anna Morscheid.

My commission expires Feb. 21, 1919.

Larimer, Westmoreland Co., Pa., July 17, 1917.

When I first went to Mr. Parry I was sick from head to foot. I got no relief until I met him. I can now work every day and feel fine. I would do anything for him, for Mr. Parry has certainly been a good friend to me. I doctored for years with Dr. Painter of Irwin, Pa., and other doctors also. They could not tell me what my troubles were. And it is a wonder that I

am living yet. But Mr. Parry helped me wonderfully and I am still here. My little girl six years old was very sick when I took her to Mr. Parry. Before that doctors who were treating her said she would grow out of it, but she did not. But now after taking Mr. Parry's medicine she is all right. I have been taking treatment for one year, and now feel all right. I hope Mr. Parry lives many years longer to cure others who suffer.

Mrs. Marie Conbetter,
Larimer, Pa.

Miss Anna Grimm

Pittsburgh, Pa., Sept. 1, 1917.

I was totally blind for fourteen years; my eyes were treated by numerous physicians, but I received no results. My case seemed hopeless. After taking treatment from Mr. Leonard L. Parry, of 1125 Penn Ave., Pittsburgh, Pa., for four weeks my sight began to come slowly, but now I have a perfect vision. I never worked a day in my life before taking Mr. Parry's medicine, but since taking his medicine I have been working in a kitchen for Mr. Clarence Clark, at 626 Smithfield St., Pittsburgh, Pa., in a restaurant, for the past six months.

I trust that this affidavit will fall into the hands of some one in authority, who will stop to think what it would mean to be in total darkness, and then be able to see God's sunlight.

If Mr. Parry, with God's help, never did any more than to take me, just one patient, out of darkness into light, would he deserve to sit in darkness for giving me my sight?

There are many others besides myself who have received their sight through him, and I pray earnestly to God that he will be spared for some other poor sightless being, who will see; that he will be permitted to continue to follow the Golden Rule and heal the sick.

I would be glad to do anything I could for Mr. Parry. I have the utmost faith and confidence in Mr. Parry's treatment and hope for a just hearing and license for him, that he may be permitted to continue his good work for suffering humanity.

Mrs. Estella Springer.

Sworn and subscribed before me this 4th day of September, 1917.
John D. Chard,
Commissioner of Deeds,
Cumberland County,
New Jersey.

Commonwealth of Pennsylvania, }
County of Allegheny, } ss:

Before me, the subscriber, a notary public, in and for said county and State, personally appeared A. L. Klaus of No. 10 W. Stockton Avenue, Pittsburgh, Pa., who, being duly sworn according to law, doth depose and say:

I am a citizen of the State of Pennsylvania, was born in the city of Allegheny, and during my whole life have lived in Allegheny County, have had a vast experience in business for about forty years, in various lines, manufacturing, mercantile, banking and brokerage business, and lastly as expert accountant.

I was employed by J. Willock Brown of 617 Berger Building, Attorney at Law and Manager for Mr. L. L. Parry, early in June, 1915. My duties were to first systematize a card index file, and then to keep a record of all applicants who applied for Mr. Parry's medicines; the duties connected therewith were to get the names of the applicants, their age and ailments, by whom last treated, operations if any, and the name of the hospital and doctors performing the operation, and explain to the applicants the system in vogue, namely, that no charge was made for Mr. Parry's medicine, but they could contribute whatever amount they saw fit, that it was entirely a donation proposition, *I was advised and assured by Mr. Brown that this method was strictly within the law;* notwithstanding these assurances a

raid was made on the premises in April, 1916. The officer who had the raid in charge had, so far as my knowledge went, no *warrant* to enter the premises, and no *warrant* to make any arrests; however, arrests were made, and subsequently charges made against Mr. Parry for practicing medicine without a license, and Mr. Parry and all of the employees for conspiracy, the charge of conspiracy being promptly ignored by the grand jury.

In the raid of the premises 1125 Penn Avenue, Pittsburgh, Pa., the officers in charge took by force seven or eight baskets full of bottles containing specimens of cancers, gall stones, etc., which were removed from the bodies of the many sick taking Mr. Parry's medicine, and which are a silent proof of the most wonderful results obtained, and *testifies* to the *capacity of Mr. Parry to heal the sick;* they also took his Bible used in his daily religious services, also among the many things taken were upward of 10,000 record cards, each card representing an applicant, and which is further proof of the many sufferers seeking relief of Mr. Parry.

Left as I was without any records of the many people taking Mr. Parry's treatment, it became necessary to get the names of the former patrons, or as many as possible; that duty devolved on me. I secured upward of 2,000 names. I was anxious to know what benefit these people were receiving; as I took their names, I asked them all in person as to whether or not they had received any relief from Mr. Parry's medicine; the replies were by fully 90 per cent of the number asked that they had been benefited, some few stating that they had not noticed any improvement, but, when I asked them the question as to how long they were taking the medicine, invariably the answer would be, just a few times, hardly long enough to note any change.

During the lapse of time from the date of Mr. Parry's arrest until June 19, 1916, there was a perfect clamor by the many patrons for Mr. Parry's medicines, many sympathetic appeals were made, claims of fear being shown by those benefited that they would again go back to their former condition of suffering, would lose all they had gained; a more depressed people I have never seen; they became cheerless and melancholy and were in a pitiable condition; the reverse of this state of feeling happened when they realized that they again could get the Parry medicines, the great faith in Mr. Parry and his medicine changed these morbid people to one of extreme happiness and cheerfulness, showing a feeling of confidence that they would get entirely well.

On June 19, 1916, the Parry medicines were again dispensed by Dr. George B. Kline to the sick at No. 1125 Penn Avenue, Pittsburgh, Pa., Dr. Kline being a regularly graduated physician and registered in Allegheny County, State of Pennsylvania. Soon it became known, and the multitude of former patrons of Mr. Parry came rushing to get what is known as the Parry treatment. I was again retained as record clerk, under the direction of Dr. Kline, my duties differing somewhat from heretofore; all applicants first apply to me, the same as before; I then take the name, the address and age on an application card, then direct the applicant to Dr. Kline. The number of application cards written since June 19, 1916, now aggregates at this date, Sept. 6, 1917, seven thousand nine hundred forty-seven (7,947), which is the number of patients treated since June 19, 1916; of this number many have been cured, and at the present time there are

being treated on an average of twenty-eight hundred (2,800) in three days and a half (3½), which constitutes the week. All classes of people are accepted and treated, no matter what their nationalities or creed may be, the rich and poor alike; no one is rejected because of the lack of funds; they receive the same courtesy as those who donate; no discrimination is made.

Inasmuch as all people applying for the Parry treatment must first come to me, I am in a position to note their condition, and listen to the voluntary statements they make, which prompted them to come for the Parry medicine. Many stated that they have doctored so long with various physicians without relief and were finally informed that nothing more could be done for them, that they had but a short time to live; many also stated that their doctors advised an operation, which they absolutely refused to listen to; that in either case it was a question of death, and therefore preferred to take a chance with Mr. Parry. Many who have taken that chance still live, and are on the road to recovery.

Since my time of employment in connection with Mr. Parry, I have observed many suffering people afflicted with all kinds of diseases. I have noticed that the blind were made to see, the lame to walk, the deaf to hear, wrecked nerves restored, skin diseases cured, cancers and gall stones have been removed, many suffering with stomach and kidney trouble have been cured, insanity cured, the tottering and weak made strong, and various other diseases cured.

Mr. Parry is a magnanimous man, a big man and a man with a big heart; he is highly respected by men, women, and children alike, esteemed, cherished, and adored by all of the patients in the past, and all patients of the present time. He is a philanthropist, exceptionally good to the poor, and a cheerful giver. A religious man, in fact a religionist, a man of education, not a college graduate, but a man of more than ordinary intelligence, well versed in medicines, perhaps more than many of our physicians; he does not live in affluence, but leads just a plain, quiet, simple life.

From what I have seen and know of the afflicted thousands, and of the many who got relief from and through Mr. Parry, and the many who are eager to continue the Parry treatment, and the many lamentations by them, as to what will become of them, if by any act they would be compelled to discontinue the Parry treatment. In behalf of these suffering people and in my own behalf, I most earnestly appeal for clemency for Mr. Parry, and pray that this great man may be given legal power to continue to *heal the sick.*

A. L. KLAUS.

Notary Public.

My commission expires Jan. 19, 1919.

Pittsburgh, Pa., Sept. 1, 1917.

I have suffered for many years with nervous troubles and had never been able to stand any work or strain, without becoming exhausted. I could not digest my food properly and suffered with severe headaches and sour stomach nearly all the time.

In January of this year I consulted a nerve specialist and after a thorough diagnosis was told that there was absolutely no help for me, except to rest constantly and not exert myself in any way. Was to spend twenty hours out of twenty-four in bed, and follow the diet prepared for me. They said I would never be any better, and could never expect to do things like other people, such as to attend to my household duties, or go to amusements. About two weeks after this visit to the specialist, I heard of Mr. Parry and his cures. I decided to take the medicine, but had no hope that it would do any good. After taking four or five doses I felt so much better that I could go around all day and eat whatever I wanted without feeling the least bit distressed. In less than two months I was able to do all my housework, the washing and ironing included, without any help, and in the evening I can go out to visit or to amusements, without feeling any more fatigue than any one doing the same amount of work would. I have been taking the medicine about six months and am far better than I ever hoped to be, or was ever informed by the M.D.'s that I could be. I am only too glad to state the above facts for publication, if it will help to make it easier for Mr. Parry to carry on his wonderful work. My case is by no means the worst I have seen respond to the medicine, for I have seen some people helped and cured that you could only believe it

when you actually saw it accomplished under your own eyes. Humanity is being greatly benefited by Mr. Parry, and it would be a great misfortune and indeed would be wrong to prevent him from doing the wonderful work he is doing.

He is practically giving life back to thousands of people whose cases have been given up as hopeless by physicians and specialists.

May God grant that he will be able to continue his good work for my own family's benefit as well as thousands of others.

Mahoning County. } ss:

Mrs. John McLaughlin, being first duly sworn, says that she lives at 155 W. Evergreen Avenue, Youngstown, Ohio. That she has been sick for about six years and during that time has had several physicians to examine her, each one pronouncing her trouble as "sugar diabetes," and saying there was no cure for the disease, and nothing they could do to help her; that for about eight months she suffered intensely with an itch which the doctors claimed was the sugar in the blood which had been carried out through her system, and when the medicine prescribed for a relief from this itch failed to afford any relief, and she became nearly distracted, the doctor said the only thing would be to administer an opiate when the itch was severe, and after using other salves and ointments which failed to give her relief, she realized that the only help would be opiates. She was becoming so weak that she could scarcely walk across the street without a cane to help her, but at this time she heard of L. L. Parry, and although almost too weak to make the trip, went to Pittsburgh with her daughter

and took Mr. Parry's medicine, which medicine she is taking at the present time once a week. A short time after taking this medicine the itch became less severe and finally left her entirely, and she has become so much stronger that she is able to make the trip to Pittsburgh each week alone, which scarcely tires her now, and she is able to take care of her housework.

Mrs. John McLaughlin.

Sworn and subscribed before me this 29th day of August, 1917.
H. H. Hull,
Notary Public.

Youngstown, O., Aug. 31, 1917.

Lillian McLaughlin, being first duly sworn, says that she lives at No. 155 W. Evergreen Avenue, Youngstown, Ohio. That she has been suffering from stomach trouble and liver trouble, and their accompanying bad effects, such as headaches, constipation, etc., for the past ten years; that she has taken medicine and treatments prescribed by a number of physicians, all of which afforded but temporary relief. That she is taking L. L. Parry's medicine and at the present time is in a better condition than she has been for years and is still improving, being able to eat many foods now which she was unable to eat before taking the medicine.

Lillian McLaughlin.

Sworn and subscribed before me this 31st day of August, 1917.
H. H. Hull,
Notary Public.

Youngstown, O., Aug. 31, 1917.

F. C. McLaughlin, being first duly sworn, says that he lives at No. 67 W. Indianola Avenue, Youngstown, Ohio. That for a number of years he has been suffering from a nervous condition caused by an accident, which particularly affected his stomach, head, and limbs. He is taking L. L. Parry's medicine now, and although having taken it but a short time, is beginning to feel better.

F. C. McLaughlin.

Sworn and subscribed before me this 31st day of August, 1917.
H. H. Hull,
Notary Public.

Pittsburgh, Pa., Sept. 2, 1917.

I was a very sick woman and doctors said nothing could save my life but an operation, and everything was fixed for it, but instead of going to be operated upon, I heard of Mr. Parry, and started to take his medicine, and was able to go to work in two weeks after taking Mr. Parry's med-

icine, and have continued to work ever since and also have been well ever since.

Mrs. Catherine Barry.

Sworn and subscribed before me this 2nd day of September, 1917.
John K. Schluederberg,
Alderman.
My commission expires first Monday in January, 1920.

Pittsburgh, Pa., Aug. 1, 1917.

I, John Nolan, wife, and two children have been taking Mr. Parry's medicine. In some instances we have found a complete cure, and others are on the way to recovery, but have not been taking medicine long enough to have the desired effects.

My wife had lost the use of her left hand through a fall and broke her wrist. Doctor set the same, but she never could use it until she took Mr. Parry's medicine. Now she can use it the same as if nothing had happened to it. I, J. P. Nolan, had been suffering with an ulcerated ear for almost seventeen years, am not quite cured yet, but am much better than I have been for a number of years. My two children have been getting along finely, but have not been taking medicine long enough to be entirely cured.

I think Mr. Parry is a godsend to the poor suffering people, who have no means to fall back upon, and have no wealth to spend on doctors or specialists, and who are always ready to catch your last dollar.

Further, I hope that the Honorable M. G. Brumbaugh will be kind enough for the sake of the poor, who are suffering, to allow Mr. Parry more freedom, to be able to give medicine to all desiring same, and to allow those who are taking Parry's medicine a chance to be cured of their bodily ailments.

John P. Nolan,
7002 Monticello St.,
E. E. Pittsburgh, Pa.

W. H. Baumann,
Notary Public.
My commission expires Jan. 22, 1921.

Coraopolis, Pa., Aug. 18, 1917.

I, the undersigned, do truthfully make this statement that I had been sick and doctored for fifteen years with many different doctors, and went to the hospital for four months and received no benefits whatever. I heard of Mr. Parry, and I was so bad I had to be taken to him. And, thank God, through his treatments I am able to do all my housework to-day. Had I not got relief through Mr. Parry's medicine I would have been in my grave to-day. After taking seven doses of Mr. Parry's medicine, I passed a cancer and a great number of gall stones and gravel.

Mrs. Anna Mitchell.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

McKees Rocks, Pa., Sept. 3, 1917.

I was in a weak and run-down condition, and was unable to do all my own housework, having to have my washing done for a long time. However, after taking Mr. L. L. Parry's medicine for a little over two years, although not entirely cured, I am now able to do all of my own work, and feel much improved in many ways. For the benefit of suffering humanity, I sincerely hope and pray that Mr. L. L. Parry may be permitted to continue giving his medicine.

Mrs. Nellie J. Barnes.

L. H. Hamilton,
Justice of the Peace.

My commission expires first Monday in January, 1922.

Pittsburgh, Pa., Sept. 4, 1917.

It is now about three years since I have been afflicted with stomach and lung trouble. I had consulted a number of doctors and they prescribed for me, but none has given me any relief. I became discouraged and concluded that I would try Mr. Parry's treatment. I have done so, and the result is, I am cured, the cough that I have had, caused from my lungs, has disappeared, and I have no more stomach trouble, this is what Mr. Parry's medicine has done for me.

I have a little son, now five years old, who was in a most deplorable condition; he could not walk, was blind, and covered with a mass of sores from his head to his feet, and was speechless. The doctors told me that he could live only a short time. I persuaded Mr. Parry to treat him, and the result is that to-day little Felix can walk, can see, can talk, and his skin is perfectly clean, not a blemish can be seen.

My little daughter Mary, aged seven years, has had stomach trouble. I took her to doctors and spent quite a sum of money for treatment, but to no avail. I then took her to Mr. Parry, on April 23, 1917, and since taking Mr. Parry's medicine her stomach trouble is entirely cured.

I do feel very grateful to Mr. Parry; he has cured me, has cured my son and daughter, and may God bless him for it.

My commission expires Jan. 22, 1921.

Wilkinsburg, Pa., Sept. 4, 1917.

I have suffered with catarrh and severe headaches for a long time. I consulted several doctors, but got no relief from them. I then went to Mr. Parry, and took his medicine in June three years ago. About four months after taking the first treatments I began to improve, and as I continued taking Mr. Parry's medicine, I gradually improved, so that now I am almost well, and can say that I never felt better in my life. I feel very grateful to Mr. Parry, and I hope nothing will happen that will interfere with my being able to continue taking his medicine, for I know that I will be entirely well in a short time.

Mrs. W. J. Adams,
1002 Wallace Ave.,

Notary Public.

My commission expires Jan. 22, 1921.

Pittsburgh, Pa., Sept. 6, 1917.

I wish to truthfully state that I had been an invalid for three years, all of that time under my family physician's care and treatment, also had been examined by two of the city's best specialists, and all pronounced me incurable. In January, 1915, I was given from two days to two weeks to live. I was told by these physicians that an operation would be useless,

as my ailments were complicated; besides, my condition was such that it would be a question as to whether I would live or not.

I was taken to Mr. Parry's office on the fifth of January, 1915, by friends, and on that day received my first treatment. At that time I weighed 108 pounds; after taking five treatments I began to improve. To-day I weigh 170 pounds. Am able to look after my household duties and am feeling better than I have felt for fifteen years; in fact, I am now enjoying perfect health, all due to Mr. Parry and his marvelous medicine.

Steubenville, O., Sept. 5, 1917.

My illness was catarrh; it caused continual sneezing forty to fifty times a day. I went to Dr. Podweske; he advised me to be operated on. I went to Dr. Mossgrove, a specialist, and he operated upon my nose; as this brought no results, he insisted I should have another operation. Instead I went to Dr. Maxon. I received no results from him. I had this trouble or illness for four years. I went to Mr. Parry; the very first dose of his medicine helped me. I have had five doses, and am about rid of my sneezing, and am improving in general health very rapidly.

Steubenville, O., Sept. 5, 1917.

I have been afflicted with rheumatism for about thirty-three years. I have been to Mt. Clemens, have changed climates, went to Texas, then to Colorado, have spent hundreds of dollars with the best of doctors and patent medicines, all without any relief. Five years ago I contracted synovitis in the left knee, and had to use a cane or crutches all the time; would be laid up as much as seven weeks at a time, and would have two and three bad spells in a year. I was almost discouraged with life until a friend induced me to try Mr. Parry. I took my first dose of Mr. Parry's medicine August 16, 1916, and I have not had a rheumatic pain since, and have been able to work steadier than I have for years. Thank God for this wonderful treatment. I hope Mr. Parry is given justice.

It gives me the greatest pleasure to have an opportunity to publish what Mr. Parry's medicine has done for me.

I have been suffering for years from that loathsome disease known as catarrh. Have taken all kinds of treatments, both liquid, powder, and vapor, also numerous salves, but with the same result. Gradually my case became worse. I could find nothing that would even relieve me. Several medical men said there was a growth in the head that must be removed. A very disagreeable odor came from my nose and throat; the mucus was constantly coming from my nose and throat so badly that I needed four handkerchiefs daily to take care of it. My hands and feet perspired excessively, and when I removed my shoes the house would be saturated with perspiration. My eyesight began to fail so that I had to wear glasses in January of this year. My hearing also began to fail. The wax would not remain in the ears, and I always had a dull feeling and ringing sound in my head. Life indeed was a burden. I could not sleep at night until I had lain in bed several hours, and when I awoke I felt tired and nervous.

Contrast this with my present condition. After taking Mr. Parry's medicine since April 2, 1917, my hearing and eyesight are becoming stronger; the mucus has nearly all disappeared from the nose and throat, and the head noise has disappeared also, likewise the strong odor. The hands and feet do not perspire so readily. It is seldom that I do not sleep at night and awake feeling better than ever I can remember feeling before.

Mr. Parry's medicine has certainly been my salvation.

My commission expires first Monday in January, 1922.

East Liverpool, O., Sept. 8, 1917.

I had a nervous breakdown and cancer of the bowels. Have spent a great deal of money for different kinds of treatments, but received no relief. Since taking Mr. Parry's treatment I feel much better, and am able now to take care of my four children. My little girl has also been taking treatment from Mr. Parry, and is much better. My son had kidney trouble and nervousness and is much better. I hope to be able to continue the Parry treatment.

Mrs. Minnie Coursin,
Klondyke, E. Liverpool, O.

Sworn and subscribed before me this 8th day of September, 1917.
Wm. H. Burgess,
Notary Public in and for Columbiana County, Ohio.

New Kensington, Pa., Sept. 10, 1917.

For the past fifteen years I have had a great deal of trouble with my nerves. I felt weak and miserable all the time. I never could get a good night's sleep. I heard a great deal about Mr. Parry's medicine, so I concluded I would give it a trial. Now, after taking Mr. Parry's medicine for several months, I can honestly state that my nervous system has improved one hundred per cent. I sleep fine at nights and have a good appetite for my meals.

W. J. Jenkins.

Sworn and subscribed before me this 11th day of September, 1917.
John B. Hagemann,
Justice of the Peace.
My commission expires Jan. 7, 1918.

N. S. Pittsburgh, Pa., Sept. 10, 1917.

When I was four years old I had a very bad case of jaundice, and after eighteen years of doctoring had been unable to get it out of my system. At times I would be a greenish yellow color. I finally tried Mr. Parry's tonic. I took it for a year and now you would not think I was the same girl.

Notary Public.

My commission expires Feb. 11, 1919.

Pittsburgh, Pa., Sept. 12, 1917.

I have been suffering with female trouble for some time. I heard of Mr. Parry and went to him and took his treatment. Am feeling much better now, and I am able to do my housework.

Mrs. Margaret Hines,
1013 Epiphany St.,
Pittsburgh, Pa.

Sworn and subscribed before me this 12th day of September, 1917.
Louis Alpern,
Alderman.

My commission expires first Monday in January, 1920.

Turtle Creek, Allegheny Co., Pa., Sept. 12, 1917.

Words cannot express my gratitude and appreciation for what Mr. Leonard L. Parry's medicine has done for me.

I have suffered for twelve years with stomach trouble, terrible headaches and nervousness. At times life was a burden. I was unable to look after my home or do my work. It was impossible for me to eat certain kinds of foods.

I spent a great deal of money seeking relief from many good doctors, and took treatment from the following doctors, without obtaining any relief whatever: Drs. Meals of Braddock, Smith of Turtle Creek, and Baer of Braddock, all of whom did all they could to give me some relief but of no avail.

As a total stranger I entered Mr. Parry's establishment on Monday, June 12, 1916, at 4:30 P. M. Was given a dose of medicine, and was not even asked for one cent. I became sick and was escorted to a clean bed and was attended by nurses, who were kind, considerate, and very courteous, and showed me every possible attention from 5 P. M. until 11 P. M., during which time I vomited up a great deal of matter from deep in the stomach, and also three pieces of cancer that had roots on them similar to young grass roots.

After taking the first dose of Mr. Parry's medicine I gradually began to improve in health and strength. I am still taking his medicine and have improved 95 per cent., and feel better than I have for many years.

My stomach trouble has disappeared almost entirely. I do not have those severe headaches any more, and my nervous condition has wonderfully improved. My health in general since taking Mr. Parry's medicine has made such great improvements in my physical condition that my friends often speak of the wonderful change in my health and appearance.

I am the mother of four children, and to-day I do all my own work and am able to look after my family at all times, and life to-day is a blessing instead of a burden to me. I owe all of my change in health to Mr. Parry's medicine, and thank God for such a man. For now I can eat anything and enjoy my meals at all times.

My daily prayer is that Almighty God will protect and sustain Mr. Parry in his wonderful work in healing the sick, as I have met many who like myself could find no relief until they had taken this good man's treatment. And many have been absolutely cured whom I have met.

I hope the authorities of this State, as well as any men or set of men either organized or otherwise, before taking any further action or interfering with Mr. Parry from healing the sick, will thoroughly investigate what great good he is doing for suffering humanity and the State, as well as curing hundreds of mothers who have homes and children to look after, who could find no other relief.

Personally, I desire to thank Mr. Parry and his nurses for what they have done for me. These people are devoting their time not for money alone, but following the Golden Rule, and may God bless Mr. Parry's establishment and his help, and protect these good people from all interference, and further, those that are prosecuting Mr. Parry may use some common sense, and remember hundreds of mothers have been restored to health, home, and happiness, when all others have failed, until they took Mr. Parry's treatment.

Jno. S. Repine,
Justice of the Peace.
My commission expires first Monday in January, 1920.

Youngstown, O., Aug. 31, 1917.

For six or seven years I have suffered with a terribly diseased stomach, and have been ordered by all local physicians consulted to diet on toast and milk and such other light food materials, and for some time I have been treated by Mr. L. L. Parry of Penn Ave., Pittsburgh, Pa., who has cured my illness to such an extent that at the present time I am wholly cured, and have an extensive diet of all meats and any food that I may desire. Am in fine spirits as a result of Mr. Parry's treatment, and I have never felt so well within the last six or seven years.

Sam. Hansburgh.

Sworn and subscribed before me this 31st day of August, 1917.

Fred. J. Warnock,
Notary Public, Youngstown,
Mahoning Co., O.

Avella, Pa., Sept. 13, 1917.

From October, 1915, I have been ill, and my family and consulting physicians failed to properly diagnose my case, and I gradually got worse until January, 1917. For more than eighteen months I was unable to do my own housework, and was advised by my doctors to go to a hospital for an operation, as they claimed that would be the only relief for me. Instead of following the doctors' advice, I took the advice of many persons whom I knew that were taking Mr. Parry's medicine, and I took the same. After taking Mr. Parry's medicine I started to do my housework in March, 1917, and have done so ever since, and to-day am feeling like a new woman, and I trust that more of the suffering people can be able to get Mr. Parry's treatment.

Mary Dollinar.

Sworn and subscribed before me this 13th day of September, 1917.

W. W. Wiegemann,
Notary Public.

My commission expires Feb. 21, 1919.

Avella, Pa., Sept. 11, 1917.

I have been a patient of L. L. Parry since November, 1915. Very recently, before my coming to him, I had my tonsils and appendix removed, both of which operations I feel could have been avoided had I known of Mr. Parry at the time they were removed. When I became his patient I was suffering from a severe case of catarrh of the head and stomach and a bad set of nerves. I have improved wonderfully along these lines and have confidence in a complete cure. My earnest desire is that "Dad" may be successful in securing a license that will enable him to pursue, in peace and safety, his course of healing the masses.

F. R. Westlake.

Sworn and subscribed before me this 12th day of September, 1917.
W. W. Wiegemann,
Notary Public.
My commission expires Feb. 21, 1919.

Avella, Washington Co., Pa., Sept. 13, 1917.

I have been afflicted with catarrh, as diagnosed by the physicians, for more than forty years. After spending much money with them and trying other remedies, which were recommended by others, I received no benefit therefrom, and was told by my last physician that I would have to quit working, and be very careful of excitement of any kind, as I had valvular heart trouble, and any excitement would be fatal.

I also had a brother who was given up by the physicians to die in ten days from liver trouble. My brother, hearing of Mr. Parry's wonderful cures, went to him and started treatment and in sixteen treatments he passed four inward cancers from the liver, stomach, and bowels. Seeing the wonderful results my brother was receiving, I also started taking treatment from Mr. Parry.

Now, after sixteen months' treatment I am an entirely new man. I feel better than I did at the age of 25 years, and to-day can do as much work as I ever did. And further, I recommend Mr. L. L. Parry's treatment to all suffering humanity.

J. C. McCreary.

Sworn and subscribed before me this 13th day of September, 1917.
W. W. Weigemann,
Notary Public.
My commission expires Feb. 21, 1919.

Avella, Washington Co., Pa., Aug. 16, 1917.

Mr. L. L. Parry's medicine has helped me wonderfully, as I have been sick for nineteen years. I was not able to do my work for nine years. I have been operated upon twice and received no benefits. I could not sleep and was unable to eat. I have doctored with some of the best doctors in Ohio and West Virginia, also Pennsylvania, and got no relief.

The last doctor I had, two years ago, told me it was no use to take my money, as he could do me no good.

I heard of Mr. Parry and I went to him and took his medicine, and he has done me a lot of good. Now I can get along without any help and can eat and sleep well, and I have gained fourteen pounds in five months.

Mrs. John W. Maderia,
R.F.D. No. 2, No. 47,
Avella, Pa.

KATHERINE E. HARTZ

McKees Rocks, Pa., July 4, 1917.

I have been under different physicians' care for a number of years, receiving no benefits. For fifteen years I had a growth in my side. Some years ago I underwent an operation, receiving no relief. My system became poisoned from the ether.

I started treatment with Mr. Parry last March. After taking four treatments the growth broke and came away. I also had a lump in the left breast, which has disappeared. I feel better, and feel sure I will be permanently cured.

This is the truth, which my husband is also willing to testify to. With earnest prayers for Mr. Parry's success, and thanking him for the benefit I have received, I am

Katherine E. Hartz,

W. H. Baumann,
Notary Public.
My commission expires Jan. 22, 1921.

Sharpsville, Pa., Aug. 22, 1917.

I have taken Mr. Parry's medicine for about one year, and am much improved by taking his medicine. I had been afflicted from childhood by a stoppage of my speech. I could not read aloud before taking Mr. Parry's medicine, but now I can read right along. I was 22 years of age when I went to Mr. Parry. My general health improved as soon as I commenced taking his treatment. In fact, my condition is improved so that I was passed as physically fit by the Draft Board of this district yesterday.

Charles B. Kidd.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Hoboken, Pa., Sept. 17, 1917.

I had cancer of the stomach and bowels and womb, and dropsy. I was swollen enormously, my leg burst, and I could not walk without a cane. I have tried specialists in several States, but was unable to find any relief whatever. Since taking Mr. Parry's medicine I have passed cancers, the swelling is all gone and now I can walk well. Stand on my feet and wash all day. Prior to taking Mr. Parry's treatment, I could not eat, but am now able to eat well. Before taking Mr. Parry's medicine I had not eaten a pickle or potato for thirty-five years. Can eat them now, and anything else I want.

Tillie Walker.

Sworn and subscribed before me this 17th day of September, 1917.

Notary Public.

My commission expires Jan. 22, 1921.

Pittsburgh, Pa., Sept. 17, 1917.

I have taken treatment from Mr. L. L. Parry for three years, and am improving more and more every day. I suffered with my stomach, also headaches, and my lower limb was numb and at times would ache. I suffered thus ten years. I used to get severe headaches every other day. Now I have had the headache about six times in the last three years, during the time I took treatment from Mr. Parry.

No doctor could do me as much good as Mr. Parry has done through his treatment. Prior to taking the Parry treatment, I took treatment from Dr. Swope, a specialist, for three months, and he did not do me a bit of good. Many thanks to Mr. Parry.

My sister also takes Mr. Parry's treatment, and has done so for the past three years. Her trouble is liver trouble; she used to be real yellow, and suffered much with dizziness, and no circulation through the body, and at times she thought she would get paralyzed, as she would become numb. The numbness has all disappeared now, and the dizziness is entirely gone. She doctored with many different doctors for the past sixteen years, but found no relief, and was continually getting worse until she met Mr. Parry and took his treatment. Then she began to get relief. After the first treatment from Mr. Parry she was able to do her housework and is doing so to-day, and feeling fine.

Her little daughter, nine years old, had infantile paralysis when three and a half years old. Doctors were unable to help her any. So we took her to Mr. Parry, and he has helped her wonderfully. She was hardly able to stand and dragged her limbs, and she had no color in her face. Now she can walk as well as any other child and can even jump the rope. She has taken Mr. Parry's treatment for three years and is getting along fine.

My commission expires Jan. 22, 1921.

Pittsburgh, Pa., Aug. 24, 1917.

Eighteen months prior to May 10, 1913, I suffered with a nervous breakdown. I treated with one of the best physicians I could get, all of no avail. My blood became badly diseased; my physician said I could not be cured. I did not like to leave my boy. I heard of Mr. Parry, and called upon him on the above date, and took his medicine. While my case was serious, and I could hear people say that I could not live, as my condition was terrible, I thank God and Mr. Parry for my wonderful recovery; while it was slow, I am happy to say I can now do my housework with pleasure, and other work besides, being very proud of it. I certainly cannot say too much for Mr. Parry's treatment. I have seen and talked with hundreds of people, with numerous kinds of ailments, that have been cured by Mr. Parry's treatment. I trust Mr. Parry will be able to continue helping suffering humanity in healing the sick. Long live Mr. Parry is my wish and prayer.

M. J. Tylavsky,
Notary Public.
My commission expires March 9, 1919.

Crafton, Pa., July 30, 1917.

I hereby make a statement, and also will testify in court if necessary.

Having a daughter ailing for a period of two years or more under a physician's care and obtaining no results, I decided to take her to Mr. Parry. In the first interview he claimed that she could be cured, saying that the trouble was her stomach and gall stones. She continued making visits for eight months, at which time she passed about twenty-five gall stones, varying in size, and continued improving after a few trips after this passage.

I have known other patients to obtain same results. I would be very sorry to learn that Mr. Parry would be compelled to discontinue helping these poor unfortunate people, whom the physician cannot give relief, let alone cure.

Charles Ketterer,
Crafton, Pa.

My commission expires Jan. 22, 1921.

S. S. Pittsburgh, Pa., Sept. 24, 1917.

I became afflicted about seven years ago so badly that I scarcely was able to move. I called on two doctors, was advised to go to a hospital. I first went to one and then another. I got no relief from any one of the doctors, and absolutely no relief from either hospital. After coming from the hospitals, I was compelled to wear an iron and leather brace, and managed to get around a little by the use of crutches.

I was getting ready to go to the Home of Incurables; it was at this time I heard of Mr. Parry. I went to him and took his medicine; after the twelfth treatment, I discarded the braces and crutches, and after the sixteenth treatment I went to work, now three years ago, and have worked every day since, not losing a single day. My general health has improved eighty per cent since taking Mr. Parry's treatment.

I certainly owe my present good condition to Mr. Parry, and I thank God that I learned of him and his medicine, and I trust that no intervention may arise that will be detrimental to him and the many sufferers that seek relief of him.

My commission expires Jan. 22, 1921.

New Castle, Pa., Sept. 24, 1917.

I have been ill for some time and have consulted several doctors, who never were able to correctly tell me what my ailment was.

On June 18, 1917, I started to take the Parry treatment, and after the first treatment was greatly relieved. Last week I passed some gall stones and pus, and since then I am feeling much better.

I was also a sufferer from hay fever for some time, and since taking the Parry medicine I am not nearly so bad as other summers. I have improved so much and feeling much better than I have for a long time.

Mrs. Perry Thomas.

Sworn and subscribed before me this 24th day of September, 1917.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Pittsburgh, Pa., Sept. 19, 1917.

I went under an operation for liver trouble and gall stones, and was pronounced incurable by Dr. McCallan at the Homeopathic Hospital. I also doctored with Dr. Welsh at Leechburg, but he gave me no relief, only seemed to make me worse. These doctors told my husband they never saw anybody in such a bad shape as I was. Dr. McCallan wanted to perform another operation, but he said it would be useless, as I could not live more than two or three months. I then began taking Mr. Parry's treatment and cannot thank him enough for what he has done for me. I feel like a new woman. Any one wanting further proof of what Mr. Parry has done for me, I will appear before them in person.

Mrs. Robert Collins.

Sworn and subscribed before me this 19th day of September, 1917.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

California, Washington Co., Pa., Sept. 22, 1917.

I had a bad case of catarrh for the last twenty-seven years and had tried many different doctors and could never find any relief. The last doctor treating me was Dr. Vieclet of Charleroi, Pa.

I heard of Mr. Parry in Pittsburgh and I started doctoring with him in September, 1914. I used an atomizer four times a week before going to Mr. Parry, but now I have not used one for nearly three years.

I was also bothered with female troubles and am now cured. I was also troubled with one of my legs and am cured of that as well. I can never thank Mr. Parry enough for what he has done for me. Hoping that he may do the same for a lot more of the sufferers, whom the Lord sends to him. My daughter was also bothered with catarrh of the head. I took her to him and she is also cured now.

Mrs. Jennie Kerkinshaw,
California, Pa.

Sworn and subscribed before me this 22d day of September, 1917.

Chas. McCain,
Justice of the Peace.

My commission expires first Monday in January, 1922.

Eidenau, Pa., Sept. 22, 1917.

As a patient of Mr. Parry's, I wish to add my few humble words to the efficiency of this man's treatment for ailments which the writer has undergone for the last six years, namely, hay fever and hay asthma.

This is the first year in six years that I have been enabled to go along with my work without going to Kane, Pa. Whatever the influences are against Mr. Parry, I think they should be thoroughly investigated and all bias set to one side.

I have no particular interest in Mr. Parry, except that I know of hundreds of cases which have come under my personal supervision, more especially with my own employees, and I can only testify in their behalf, the same as I can in this particular case.

I trust the Board of Pardons will look on this matter favorably, and set aside all technicality, and judge this man for the good he has done and is still doing.

H. Etheridge,
Superintendent,
Pittsburgh Harmony,
Butler & New Castle Ry. Co.

Sworn and subscribed before me this 22d day of September, 1917.

Zenas McMichael,
Notary Public.

My commission expires March 2, 1919.

Rankin, Pa., Sept. 21, 1917.

I had been sick for a long time and was going to doctors, and I could not work until after taking Mr. Parry's medicine, which has made me well, and now I can do my own work.

Mrs. Anna Pivovarnik.

Sworn and subscribed before me this 21st day of September, 1917.

Ignatz Horr,
Rankin, A. Co., Pa.

My commission expires first Monday in January, 1922.

Pittsburgh, Pa., Sept. 22, 1917.

I suffered from a severe paralytic stroke, and was told by doctors they could do nothing for me. I heard of Mr. Parry, and began taking his medicine; since then I have noticed great improvement in my condition.

W. G. Weiterhausen,
Notary Public.

My commission expires Feb. 21, 1919.

Pittsburgh, Pa., Sept. 14, 1917.

I have been helped by Mr. L. L. Parry's medicine. For a year I doctored for stomach trouble and had a terrible pain in my side. I got so bad I could not eat a thing but dried bread and skimmed milk. When I heard of Mr. Parry's wonderful cures a Mrs. Garver brought me to him and after the very first dose of medicine I ate ham and eggs, and it never hurt me at all. After the third dose I got rid of what the doctors said were the abscesses on my stomach and from that time on have never had a pain. I also had catarrh, which is practically cured. I have gained in flesh since I started taking Mr. Parry's medicine, and I can say quite a lot more for his medicine than I can write, but it would take too long.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Pittsburgh, Pa., Sept. 22, 1917.

I reside at 1030 Haslage Ave., N. S. Pittsburgh, Pa. I am acquainted with Mr. Leonard L. Parry. I have been treated by him since September, 1915, and before commencing my treatment I was not able to walk very well, by reason of a fall. His treatment practically cured me and I am now able to be up and about and feel that what he has done for me has been of great assistance in preventing me from becoming a cripple. Furthermore, I certify that Leonard L. Parry has never made a charge for services conferred. My wife is at present being treated by Leonard L. Parry for nervousness.

Peter Pflueger.

W. G. Weiterhausen,
Notary Public.

My commission expires Feb. 21, 1919.

Pittsburgh, Pa., Sept. 28, 1917.

I have been afflicted with deafness for twenty-five years, so much so that I could not hear distinctly any one talking to me, nor could I hear a door or a telephone bell, on account of which I was compelled to give up several very lucrative positions. I consulted and took treatment from specialists, but got no relief. I started with Mr. Parry about two years ago; after about four treatments I began to be benefited, and at the present time I can hear my friends talking to me and also can hear the door and telephone bells, and I am able to work and hold my position. All due to Mr. Parry and his medicine, for which I am very grateful to him.

Mrs. Edna Snyder,
1135 Pennsylvania Ave.,
N. S. Pittsburgh, Pa.

Sworn and subscribed before me this 28th day of September, 1917.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Pittsburgh, Pa., Oct. 2, 1917.

I have been very ill for a long time, suffering with hemorrhages and nervous pains, so much so that I would fall on the floor and lie there from three to four hours at a time, suffering the most excruciating pains; had no appetite, and totally unfit to do any work; was in bed ten weeks and given up by the best doctors in town.

I was advised to try the Parry treatment, and started to take the medicine on July 23, 1917. Since then I can eat and go around by myself. The hemorrhages are not nearly so bad, and the nervous pains are all gone, and I can do my work in the house without falling on the floor with a hemorrhage and lying there for two or three hours with pains and aches.

On September 19, 1917, something resembling a big spider came up, at a time when I was feeling very badly, and since then I am most wonderfully relieved, and must say that I am very thankful that I was directed to go to Mr. Parry, and can cheerfully say that he has done wonders, and cured me, when doctors gave me but four months to live.

I certainly am indebted to Mr. Parry that I was enabled to get his medicine, and I have nothing but the best wishes and the best luck for him and his family.

Mrs. W. C. Hendershot,
202 Anderson St.,
Pittsburgh, Pa.

Sworn and subscribed before me this 2d day of October, 1917.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Verona, Pa., Sept. 24, 1917.

At the time I started to take the Parry treatment I was quite ill and in a very depressed condition. I could work only one-half of the time. I had stomach trouble, and my head bothered me and was very painful. After taking the third dose of the Parry medicine I began to get well and continued to get better right along. I had no appetite and could not sleep at first, but now I have a good appetite and sleep well, and work all day long.

I still have a little pain in my head, but I feel so much better that I know that in a little while I will have fully recovered. I desire to continue taking the Parry treatment, and I trust nothing may happen that will interfere with my getting the medicine.

L. J. Remaley.

9 South Walnut St.,
Morgantown, W. Va.

Sworn and subscribed before me this 26th day of September, 1917.
W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Pittsburgh, Pa., Sept. 26, 1917.

I have been doctoring for eight years for my nerves, and could not sleep. I doctored with Dr. Graham, and I did not improve any. I heard about Mr. Parry's treatment. I went there and after the first three treatments I felt better, and could sleep sound. I have now been taking the Parry treatment for two years and eight months, and am still taking it, and I feel fine.

My little daughter is taking Mr. Parry's medicine for headache and throat trouble and she is also much better than she was.

Mrs. John Wittmann,
50 Steuben St.,
W. E. Pittsburgh, Pa.

Sworn and subscribed before me this first day of October, 1917.
W. H. Baumann,
Notary Public.
My commission expires Jan. 22, 1921.

East Liverpool, O., Oct. 6, 1917.

I had neuritis for four years and could not use my hands for that length of time. During that time I was under the care of eight different doctors, and all said I could not be cured.

Since taking Mr. Parry's medicine I have been entirely cured. And from the benefits I have derived from his medicine, I gladly recommend him to the suffering, and any one that is needing his assistance.

I hope he will be able to continue his good work, healing the sick, which is a God-given power.

Wishing him many more years of usefulness in the good work, for I am only one of the many thousands that have been benefited by taking this wonderful medicine.

A. Bostock,
747 Avondale St.,
E. Liverpool, O.

Sworn and subscribed before me this 6th day of October, 1917.
C. W. Powell,
Notary Public,
Columbiana Co., Ohio.

Avella, Washington Co., Pa., Aug. 10, 1917.

This is to certify that Mr. Leonard L. Parry of 1125 Penn Avenue, Pittsburgh, Pa., has cured me of stomach trouble.

Battista Constantim.

C. P. Buchanan,
Justice of the Peace.
My commission expires first Monday in January, 1922.

New Kensington, Pa., Sept. 27, 1917.

I have been under the treatment of Mr. Parry of 1125 Penn Ave., Pittsburgh, Pa., for the last ten months, and he has cured me where other doctors failed.

A. W. Yobp.

Sworn and subscribed before me this 27th day of September, 1917.
John B. Hagemann,
Notary Public.
My commission expires March 9, 1919.

New Kensington, Pa., Sept. 28, 1917.

I have been under the care and received treatment from Mr. L. L. Parry for the last three years, and his medicine has done a great deal of good for me; in fact, it has almost cured me, where other doctors failed to give me any relief.

Mrs. Lyda Yobp.

Sworn and subscribed before me this 28th day of September, 1917.

John B. Hagemann,
Notary Public.

My commission expires March 9, 1919.

Burgettstown, Pa., Oct. 8, 1917.

I have suffered with a lame knee and had to use bandages all the time. The doctors told me that I would have to have the bone taken out. But I heard of Mr. Parry and took his medicine, and now my knee is well. I can walk and go upstairs all right, and Mr. Parry and his medicine did it. I cannot say enough for him.

Mrs. H. J. Martin,
R.F.D. No. 4,
Burgettstown, Pa.

Sworn and subscribed before me this 8th day of October, 1917.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Pittsburgh, Pa., Oct. 10, 1917.

I have doctored for nine years with various physicians and got no relief. I had liver trouble, severe headaches and was bilious. It is now about three years since I started to take the Parry medicine, and after the first dose I began to get well. Now I have no liver trouble, no more headaches, and no more bilious attacks. At the present time I feel fine, never felt better in my life.

Mrs. Mary Trousky,
2832 Mary St.,
Pittsburgh, Pa.

Sworn and subscribed before me this 10th day of October, 1917.

W. H. Baumann,
Notary Public.

My commission expires Jan. 22, 1921.

Pittsburgh, Pa., July 27, 1917.

I have been taking Mr. Parry's medicine for some time, and have been greatly benefited by it. When I started to Mr. Parry I was a nervous wreck. I doctored with Dr. Caldwalder of Wexford before going to Mr.

Parry. Now not only myself, but others, need his medicine as well as I. These statements I swear to.

Miss Clarissa Marshall,
25 Campbell Alley,
N. S. Pittsburgh, Pa.

Sworn and subscribed before me this 23d day of August, 1917.
C. B. Milligan,
Notary Public.
